City of Beverly Hills Parks to Close Saturday Evening through Monday Morning

Beverly Hills, CA – As the City of Beverly Hills continues its proactive approach to protecting the community from the spread of COVID-19, the City today announced the temporary closure of all City Parks beginning Saturday, April 11 at 6 p.m. through Monday, April 13 at 6 a.m.

“In anticipation of a busy weekend in our parks, this is an essential step in our ongoing fight against COVID-19,” said Mayor Lester Friedman. “Our parks are the treasures of our City, but the overall health of our community must come first.”

This order applies to all parks including Coldwater Canyon, Beverly Cañon Gardens, La Cienega, Roxbury, Will Rogers and the Community Dog Park. The fields, sports courts and other recreational facilities will be closed, however restrooms in parks will remain open during normal hours.

The California Department of Public Health and the Los Angeles County Department of Public Health have both issued Stay at Home orders requiring residents to remain at home and only take essential trips outside when necessary. In addition, all non-essential gatherings and events among people not in the same household are prohibited in the State, including religious services.
