

February 2019,

Greetings,

Hope everyone is well.

Our last refresher was held on February 6 and the topic was fire extinguisher use.

Fire Inspector Eddie Gamboa, Fire Inspector Sheldon Zell and Fire Cadet Julio Duran instructed the class.

We had 14 attendees.

Our next refresher class is scheduled for March 20 from 6pm-9pm.

We will cover medical operations, so please plan on attending. I will be sending a reminder email the week prior.

The next round of Community CERT classes is scheduled for November and the Business CERT class for October. The new flyers are available on our website at [www.beverlyhills.org/certsigup](http://www.beverlyhills.org/certsigup) so please let your friends and neighbors know!

On another note, I would like to emphasize the importance of installing and maintaining a carbon monoxide alarm in your house.

According to the CDC, more than 400 people die each year from carbon monoxide (CO) poisoning.

Please review the attachments and if you haven't already, purchase carbon monoxide alarm(s) for your residence to ensure the safety of you and your family.

Thank you,

Chris Heyer

Deputy Fire Marshal
