PURPOSE
To direct and manage the City of Beverly Hills' response and recovery from an emergency in a uniformed, collective, collaborative and coordinated effort.

OVERVIEW
Management is responsible for overall emergency policy and coordination through the joint efforts of City departments, other governmental agencies and private organizations. The elements may include:

- Managing overall emergency response and recovery effort.
- Overseeing and managing the Management, Operations, Planning, Logistics and Finance Sections within the EOC.
- Utilizing the Incident Command System principles.

OBJECTIVES
The overall objective of emergency management is to ensure the effective management of response forces and resources in preparing for and responding to situations associated with natural disasters, technological incidents and national security emergencies. To carry out its responsibilities, the Management Section will accomplish the following objectives during a disaster/emergency:

- overall management and coordination of emergency response and recovery operations, including on-scene incident management as required
- coordinate and liaison with appropriate federal, state and other local government agencies, as well as applicable segments of private sector entities and volunteer agencies
- establish priorities and resolve any conflicting demands for support
- prepare and disseminate emergency public information to inform, alert and warn the public
- disseminate damage information and other essential data

CONCEPT OF OPERATIONS
The Management Section will operate under the following policies during a disaster/emergency as the situation dictates:

- The Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) will be followed.
- All existing City and departmental fiscal operating procedures will be adhered to unless modified by City Council or Director of Emergency Services (EOC Director) in accordance with the Municipal Code and applicable laws.
- All on-duty personnel are expected to remain on duty until properly relieved of duty.
- Off-duty personnel will be expected to return to work in accordance with their regular schedule or as otherwise directed by the Director of Emergency Services (EOC Director) or appropriate supervisor.
While in a disaster mode, operational periods will be 12 hours for the duration of the event. Operational Periods will normally change at 6:00 a.m. and 6:30 p.m. Operational Periods should be event-driven.

City emergency response and recovery operations will be managed in one of three modes, depending on the magnitude of the emergency.

SECTION ACTIVATION PROCEDURES

The Director of Emergency Services (EOC Director) or their designee is authorized to activate the Management Section.

When to Activate

The Management Section may be activated when the City's Emergency Operations Center (EOC) is activated or upon the order of the Director of Emergency Services (EOC Director). Parts of the Management Section may be activated for smaller events.

Where to Report

EOC responders shall report to the Primary EOC location unless otherwise directed.

When to Report

As directed.
The Management role is filled by the Director of Emergency Services (EOC Director) and is established any time the EOC is activated. The City Manager will normally fill this position during an emergency/disaster. The Management team is responsible for advising the Director of Emergency Services (EOC Director) on policy matters. They also assist the Director of Emergency Services (EOC Director) in the development of overall strategy and tactics to mitigate the incident, along with generating rules, regulations, proclamations and orders. The Management Section also includes the following functions:

- City Council
- Policy Group
- Director of Emergency Services (EOC Director)
- Deputy Director of Emergency Services
- Liaison Officer
- Legal Officer
- Public Information Officer
- Safety Officer

**City Council**
The City Council is the senior policymaking body in the City of Beverly Hills. In the event of an emergency/disaster, the Council is responsible for proclaiming and/or ratifying local emergencies, approving emergency resolutions and orders, hosting VIPs and government officials on tours of affected areas, and providing information to the public as necessary in coordination with the Public Information Officer.

**Policy Group**
The Policy Group is comprised of department directors from the City staff. In the event of an emergency/disaster, the Policy Group is responsible for ensuring that the Director of Emergency Services (EOC Director) has clear policy direction from the City Council; assisting the Director of Emergency Services (EOC Director) with decision-making; assisting in the development of rules, regulations, proclamations, and orders; and ensuring the continuity of government and continuity of operations.

**Director of Emergency Services (EOC Director)**
The Director of Emergency Services (EOC Director) leads the City’s overall emergency response and recovery effort. The Director of Emergency Services (EOC Director) is empowered to proclaim a local emergency when the City council is not in session and is responsible for overseeing and managing all EOC operations; implementing the policies of the City Council; keeping the City Council fully advised on the status of the emergency/disaster; and leading the Policy Group in the development of rules, regulations, proclamations, and orders.
Deputy Director of Emergency Services
The Deputy Director of Emergency Services is responsible for assisting the Director of Emergency Services (EOC Director) in the City’s overall response and recovery effort; managing EOC operations and supervising the EOC Section Chiefs; and coordinating with other agencies involved in response/recovery.

Liaison Officer
The Liaison Officer is responsible for serving as the point of contact for any people or organizations from outside the City government structure, including businesses, residents, and representatives from outside agencies; working with the other EOC sections and branches/groups/units to obtain information; ensuring that all relevant information is disseminated to the appropriate outside entities in a timely manner; and overseeing all field liaison positions.

Legal Officer
The Legal Officer, normally an Assistant City Attorney, provides legal counsel to the Director of Emergency Services (EOC Director) in all legal matters pertaining to emergency response and recovery; assists in the preparation of proclamations, ordinances, and other legal documents; and maintains the City’s legal records and reports.

Public Information Officer
The Public Information Officer is responsible for providing news and information on the emergency/disaster to the media, the public, and all departments and required agencies; and for ensuring that all information released is accurate, timely, and in accordance with legal and policy guidelines. In larger disasters, as conditions dictate, the Public Information Officer function may expand and a representative may be sent to the Joint Information Center (JIC).

Oversees and supervises the Disaster Hotline. Responsible for all multimedia communications messages including, but not limited to: website, cable, Twitter, Facebook, Nixle, AM Radio, telephone notifications, and other tools.

After receiving a briefing from the Director of Emergency Services (EOC Director), the PIO will establish an area for the media away from the EOC. The PIO will provide news releases, answer questions the media may have and arrange for tours or photo opportunities of the incident. The PIO will coordinate all information releases and media contacts with the Director of Emergency Services (EOC Director). If federal agencies establish a Joint Information Center (JIC), the City’s PIO will be responsible for sending a representative over to the JIC to represent City interests.

Safety Officer
The Safety Officer is responsible for identifying and mitigating safety hazards and situations of potential City liability during EOC operations; ensuring that all facilities used in support of EOC operations have safe operating conditions; monitoring all EOC and related-facility activities to ensure that they are being conducted as safely as possible; planning for and ensuring that all employees are taken care of if injured; and stopping or modifying all unsafe operations.

OPERATIONAL DUTIES:

EOC Operations
- Establish PIO structure. Identify and coordinate all department representatives.
- Open Disaster Hotline. Notify all that hotline is open. Provide sufficient staffing and telephones to efficiently handle incoming media and public calls and to gather status information.
- Keep the Director of Emergency Services (EOC Director) advised of all unusual requests for information and of all major critical or unfavorable media comments. Provide an estimate of the impact and severity and make recommendations as appropriate.
- Interact with other EOC sections/branches/units to exchange information relative to PIO.
- Prepare a briefing sheet to be distributed to all employees and the Disaster Hotline at the beginning of each shift so they can answer questions from the public, such as shelter locations, water distribution sites, DACs, LACs, etc. (See Part Two, Management Support Documentation)
- Prepare briefings as required for elected officials, City Council, and the community.
- Coordinate with the Situation Status Unit (Planning/Intelligence Section) and define areas of special interest for public information action. Identify means of securing the information as it is developed.
• If federal emergency teams respond, coordinate activities through the Los Angeles County Operational Area to ensure consistency in local, state and federal information dissemination. If a Joint Information Center (JIC) is established, designate a City representative to the JIC.

• Ensure copies of all information released are maintained in Web EOC and on file.
• Prepare news releases and advise media representatives of points-of-contact for follow-up stories.
• Supervises and ensures operations of the Emergency Disaster Hotline.

Preparation of Public Information
• Coordinate as necessary to ensure that people in the affected areas receive complete, accurate, timely, and consistent information about emergency status, lifesaving procedures, health preservation instructions, and relief services.

• Prepare, update and distribute to the public a Disaster Assistance Information Directory containing locations to obtain food, shelter, supplies, health services, etc. (See Part Two, Management Support Documentation)

• Prepare announcements and informational materials for special-needs populations, such as non-English speakers, non-readers, the elderly, hearing/sight/mobility/cognitive impaired, etc.

• Prepare materials that describe the health risks associated with each hazard, the appropriate self-help or first aid actions, and other appropriate survival measures.

• Prepare instructions for people who must evacuate from a high-risk area. Include the following information for each threat: evacuation routes, locations of shelters, and suggestions on types/quantities of clothing, food, medical items, etc. that the evacuees should bring.

• During periods of increased national security concerns, prepare materials that address national security survival tips.

• Broadcast emergency information/updates on local Cable Channels 3/10/35, either through the message board or through live taping of the Mayor, Director of Emergency Services (EOC Director), or other appropriate personnel.

• Supervise and provide updated information to the Disaster Hotline when established.

• Issue timely and consistent advisories and instructions for life safety, health and assistance:
  o what to do and why
  o what not to do and why
  o hazardous areas and structures to stay away from
  o evacuation routes, instructions and arrangements for persons without transportation or special needs (non-ambulatory, sight-impaired, etc.)

SAFETY OFFICER

SUPERVISOR: Director of Emergency Services (EOC Director)

POSITION OVERVIEW:
The Safety Officer is responsible for identifying and mitigating safety hazards and situations of potential City liability during EOC operations; ensuring that all facilities used in support of EOC operations have safe operating conditions; monitoring all EOC and related-facility activities to ensure that they are being conducted as safely as possible; planning for and ensuring that all employees are taken care of if injured; and stopping or modifying all unsafe operations.

OPERATIONAL DUTIES:
- Inspect all facilities used in support of EOC operations to ensure safe conditions. Advise the Director of Emergency Services (EOC Director) of any unsafe conditions and actions.
- Identify through the Police Branch who is responsible for EOC security, and coordinate any outstanding safety issues with him/her.
- Ensure Building & Safety is involved in all safety inspections where building damage has occurred.
- Study all facilities the City is using for disaster response and note the location of all fire extinguishers, fire hoses and emergency pull stations.
- Ensure that the EOC site is free from environmental threats, such as radiation exposure, air pollution, water impurity, etc.
- Coordinate with the Personnel Unit to ensure that all personnel are being properly signed in, to include the completion of state-mandated paperwork and the verbal provision of the Disaster Oath.
- Coordinate with the Personnel Unit to ensure that training for personnel includes safety and hazard awareness and is in compliance with OSHA requirements.
- In the event of an earthquake, provide guidance regarding actions to be taken in preparation for aftershocks. Work with Building and Safety.
- Ensure all employees are safe. If needed, establish an employee infirmary. (See Part Two, Management Supporting Documentation, Employee Emergency Infirmary Plan)
