Ice Cream Server Comes To The Rescue With An Order Of CPR
RANCHO CUCAMONGA (CBS) - A Fontana man has a guardian angel, who not only saved his life, but also serves up a mean dish of ice cream. To the tune of more than 40 years, Farrell's Ice Cream Parlor and Restaurant has been Ron Herman's haunt. It's where he wooed his wife as a teen. "We started dating at Farrell's," he said. But on his most recent visit, Herman was served something that he did not order - a second chance at life.

It was the usual dinner rush at the Farrell's in Rancho Cucamonga. Herman, his wife and grandchildren were celebrating his 60th birthday. But a happy event soon turned into chaos. "Took a bite of my sandwich and that was it," he said.

Herman started having a seizure and stopped breathing. Waiter Michael Boles did not wait around for help, he immediately began CPR. "His life was in my hands at that time," Boles said. "At that time it wasn't about me, it wasn't about anyone else but him."
