

September 2018,

Greetings,

On September 6th we had another Refresher class. It was well-attended by 18 former CERT students.

The topic was Active Shooter/Terrorism and was taught by Lt. Robert Maycott and OFC. Abe Ashabi with the BHPD.

An outstanding class, which provoked many questions from the students!

I have attached a pocket card created by the U.S. Department of Homeland Security with helpful information on how to respond to an active shooter situation.

Thank you all for your continued interest in the CERT program and as always please help spread the word of our upcoming classes:

Business CERT October 18th

Community CERT November 1st -17th (6 meeting dates)

Please refer to www.beverlyhills.org/certsignup for the course flyers and registration.

Our next Refresher is scheduled for December 19th and we are taking you back to the beginning with the "Intro" class.

I will send out a reminder email.

Hope to see you in December.

Now, try your luck with the attached Disaster themed crossword puzzle (answer key also attached)

Chris Heyer

Deputy Fire Marshal
