Commissioner Hiller seconded the Motion.

**AYES:** Commissioner Smooke, Chair Pressman

**NOES:** none

**ABSENT:** Commissioner Kaye

**CARRIED:** 4/0

7. **DECOMPOSED GRANITE AROUND ART PIECES**

If the Commission recalls, the decomposed granite border was installed to provide a water free area to mitigate damage by undesirable contact with water. At the recommendation of Park staff the Commission decided to install decomposed granite around several pieces as a start. The quality of the material has proven to be problematic and has remained very powdery; it has ended up being a secondary sandbox for children at play getting the potentially damaging grit all over the sculptures. Staff hired a company to apply a bonding agent twice and while somewhat better, it’s still too powdery. The Commission discussed extending cement pad in hardscape, pavers, poured in place, etc. The decomposed granite in Beverly Gardens Park does not present this same problem. Staff will bring the issue back next month for more clarification.

8. **DEACCESSIONING OF MAH JONG**

When the new Ordinance went into effect, it gave the Commission a protocol to follow, allowing a piece from the Collection to be de-accessioned. Mah Jong was previously installed in Roxbury Park; it sustained substantial damage due to over exposure to water. Currently the piece is being stored in the yard at Roxbury park. According to our maintenance team, Rosa Lowinger’s team, the cost to restore would be out of proportion to the value of the piece. Vice Chair Potter feels the need to document the value of the piece before we can determine that it will cost more to fix it that it is worth.

**Comments by Commissioners**

Staff introduced Explore Beverly Hills, which is a new app. All FAC photos currently available are updated on the site. Photos on app are in alpha order. This is the new age approach; beacons will be attached to the artwork. Beacons are those digital scan points, that will enable an art collection tour to point at the artwork and info will pop up. Thanks to Chair Pressman for representing the Fine Art Commission at Mayor Bosse’s Live and Learn Lunch, presenting a power point on public art. Chair Pressman thanked staff. Next month sub-committee assignments will be chosen.
