He suggested the following audit priorities: Effective Teleworking, Use of Non-Sworn Personnel, and Community Development Block Grant. He proposed a Rent Stabilization Office Audit for FY 2021/22.

Steve Mayer supports completing the Conference and Visitors Bureau audit, and recommended the following: COVID-19 Residential and Business Surveys, any COVID-19 related audit, and an ongoing survey of all recovery money available to the City.

2) Annual Audit Work Plan for FY 2020/21

Due to COVID-19, four audits were temporarily suspended to aid the City in its response as one of two Principal Performance Auditors was asked to join the Emergency Operations Center until the State of Emergency is lifted.

SPECIAL MEETING HIGHLIGHTS

Tuesday, July 7, 2020
5:00PM

- Conference and Visitors Bureau Audit is in the report writing stage.
- A discussion as to continuing or dropping the City Take-Home Vehicles and the Rodeo Drive Committee audits lead to the Liaisons and the City Manager agreeing that both could be reviewed at a later time.

A six-month audit work plan for FY 2020/21 is being proposed due to the uncertainty of the pandemic and its impact to City operations. At mid-fiscal year, an updated work plan for the remainder of the fiscal year can be reassessed.

The Office of the City Auditor has 4,400 available audit hours to conduct performance audits, monitor outside audit engagements, and oversee the Trust & Innovation Portal. The City Auditor plans to perform all audit work in-house and not rely on any external auditors or consultants.

The Liaisons agreed the best course of action would be to review audits in the following categories:

- **Operational Efficiencies** – reviewing if the City is delivering services in the most cost-efficient manner possible, such as tele-working and zero based budgeting
- **High Dollar Exposure** – reviewing departments, services, programs, projects, etc. with high expenditures and determining if the outcomes are worth the investments; and
- **Enforcement** – reviewing enforcement efforts around City regulations such as code compliance and traffic enforcement.

Other potential audits discussed related to police reform in the context of use of force and conducting a detailed zero based budget review of a department. The Committee was focused on improving City operations and service delivery during and after the COVID-19 pandemic.

3) **ADJOURNMENT**
