

City of Beverly Hills Statement of Investment Policy

Fiscal Year 2016/17

1.0 Policy:

This Investment Policy applies to the City of Beverly Hills (the City). It is the policy of the City of Beverly Hills to protect, preserve and maintain its assets. The City of Beverly Hills shall invest public funds in a manner that will provide the highest investment return commensurate with maximum security, while meeting the respective cash flow demands of each agency and conforming to all State and Local statutes governing the investment of public funds.

2.0 Scope:

The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by outside fiscal agents under the provisions of bond indentures, funds in the City's employee deferred compensation plan, or other funds as designated by the City Council or Chief Financial Officer. Funds contained in the City's pool are designated as "General Portfolio". This investment policy applies to the investment of surplus funds contained in the "General Portfolio". These funds are accounted for in the Comprehensive Annual Financial Report and include:

- The General Fund
- All Special Revenue Funds
- All Debt Service Funds
- All Capital Projects Funds
- All Enterprise Funds
- All Internal Service Funds
- All Trust and Agency Funds

3.0 Prudence:

The City of Beverly Hills is held to the prudent investor standard set forth in Section 53600.3 of the Government Code which states: "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

4.0 Objectives:

The primary objectives, of the investment activities of the City of Beverly Hills in priority order shall be:

4.1. Safety: Safety of principal is the foremost objective of the investment program. "Safety" means the overall value of invested public funds shall not

be diminished in the process of securing and investing those funds or over the duration of the investments. To attain this objective, portfolio diversification is required.

4.2. Liquidity: The investment portfolio of the City of Beverly Hills will remain sufficiently liquid to enable such agency to meet all operating requirements of such agency which might be reasonably anticipated. Additionally, since all possible cash demands cannot be anticipated, a large portion of the securities held should be those for which active secondary markets exist. The liquidity of each type of authorized investment is included in its description in Section 8 "Authorized and Suitable Investments" hereof.

4.3. Return on Investment (Yield): The investment portfolio shall be designed with the objective of attaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow characteristics of such portfolio.

In general, the California Government Code limits authorized investments to those classes of securities which have lower risk (and therefore lower yields) than other higher risk investment choices. In each investment transaction the anticipated return on investment is subordinate to the preceding requirements of reduction of credit and interest rate risk.

5.0 Delegation of Authority:

Authority to manage the investment program of the City of Beverly Hills is derived from Government Code Sections 53601 and 53607 (which respectively authorize a legislative body to invest public funds, and the legislative body's delegation of such authority to the treasurer of the corresponding agency), Municipal Code Sec. 2-3.1101 (which establishes the elected office of City Treasurer), and Municipal Code Sec. 2-3.1102 (which defines the Treasurer's duties and functions as those prescribed by the State Government Code commencing with Section 41000). Pursuant to Government Code Section 53607, the City Council delegates the authority to invest or reinvest surplus funds, and to sell or exchange securities so purchased for and on behalf of the City, to the City Treasurer for the one-year period commencing from the date of adoption of this Investment Policy. No person may engage in an investment transaction except as provided under the terms of this policy. The City Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

The City Treasurer has appointed as Deputy City Treasurers the City's Chief Financial Officer and Assistant Director of Administrative Services – Finance with responsibility for treasury operations and the reporting thereof under the Treasurer's general direction. The City Treasurer has also established an Investment Committee consisting of the Treasurer, the Chief Financial Officer and the Assistant Director of Administrative Services – Finance (Deputy City Treasurers) with responsibility for determining the City's investment program and establishing written procedures for the operation of the investment program consistent with the Investment Policy. The City Treasurer may appoint other ex officio Deputy Treasurers to provide advice on investments.

6.0 Ethics and Conflicts of Interest:

Officers and employees involved in the investment process are required by the City of Beverly Hills' Conflict of Interest Policy and State Government Code Section 81000 to disclose annually to the City Council any material financial interests in financial institutions that conduct business within the City and further to disclose any large personal financial/investment positions that could be related to the performance of the City, particularly with regard to the time of purchase and sales, as part of the City's conflict of interest reporting requirements.

Said employees shall also comply with the City's Administrative Regulation (AR 3B.3) Acceptance of Gifts as a result of being employees of the City of Beverly Hills.

7.0 Authorized Financial Dealers, Institutions and Portfolio Managers:

The City Treasurer will maintain a list of financial institutions authorized to provide investment services, including portfolio management. The Treasurer will provide suitable safeguards to prevent abuse in the exercise of discretion by a portfolio manager and will remain responsible for any investment decisions made by the portfolio manager. In addition, a list will also be maintained of security broker/dealers approved to provide direct services to the City of Beverly Hills. These broker/dealers shall be selected by credit worthiness and be authorized to provide broker-dealer services in the State of California. In addition, broker dealers selected for the list shall meet the requirements of Government Code Section 53601.5 (which currently requires that they be one of the following: (i) an institution licensed by the state as a broker-dealer, as defined in Section 25004 of the Corporations Code, (ii) a member of a federally regulated securities exchange, (iii) a national or state-chartered bank, (iv) a savings association or federal association (as defined by Section 5102 of the Financial Code), or (v) a brokerage firm designated as a primary government dealer by the Federal Reserve Bank). These may include "primary" dealers or regional dealers that qualify under Securities & Exchange Commission Rule 15C3-1 (uniform net capital rule). No public deposit shall be made except in a qualified public depository as established by state law. Financial institutions authorized to provide investment services to the City of Beverly Hills including portfolio management, shall utilize security broker/dealers who are duly licensed and authorized to provide investment services in the State of California but shall not be limited to the list of approved broker/dealers maintained by the City of Beverly Hills.

Anyone providing financial services to the City of Beverly Hills, including portfolio management must adhere to the investment policies of the City of Beverly Hills as adopted annually by the City Council.

8.2 U.S. Government Agencies - There are numerous government agencies listed which issue debt instruments but many lack the liquidity necessary to fit the portfolio requirements of the City of Beverly Hills. All investments of the City of Beverly Hills shall be collateralized to the extent required by the State Government Codes. (e.g., repurchase agreements and collateralized time deposits.)

The collateral for time deposits in local savings associations is held at the Federal Home Loan Bank. The collateral for time deposits in local banks is held in the City's name in the trust department of one of the banks with which the City has a current safekeeping agreement (so long as the issuer of the time deposit is not the same bank as the bank holding the collateral) or with the Federal Reserve Bank.

Acceptable collateral instruments are U.S. Treasury or Federal Agency issues equal in market value to at least 110% of the deposit of the City of Beverly Hills. Alternatively, prime seasoned first trust deeds meeting the requirements of Government Code Section 53651.2 and equal in value to at least 150% of the deposit of the City of Beverly Hills may also be placed by savings associations with the Federal Home Loan Bank, San Francisco to cover collateral requirements for such agency.

Treasurer and Chief Financial Officer or designee a listing which limits transfers of funds to pre-authorized bank accounts only.

The listing will also contain the names of the City staff authorized to request such transfers and will be updated in writing for changes of authorized staff and bank accounts as necessary.
