Mayor's Last Walk Takes Place March 19

Hundreds of Walkers Will Gather for Final 2018 Walk with the Mayor

Beverly Hills, CA – Mayor Lili Bosse will lead the final Walk with the Mayor on Mon., Mar. 19, 2018, the day before she steps down as mayor. The final walk will start at the usual time/place (8:30 a.m. at the Crescent Drive side of City Hall) and include a route through the business triangle, ending back at City Hall for a celebration. There will be a DJ, dancing and food from many of the businesses visited during the walks; special guests Diana Nyad and State Sen. Ben Allen will join the walk. Both regular and first-time walkers are welcome!

“I am so grateful for the support from the hundreds of people who have joined us each Monday!” said Mayor Bosse. “We are a healthier, stronger and closer community because of

this special time together.”

The Monday walks are Mayor Bosse’s signature #bhhealthycity initiative, which brings together all three elements of the program: Healthy People, Healthy Businesses and Healthy Government. As the walkers get exercise, they have an opportunity to speak one-on-one with the mayor and other City officials; they learn about the City’s history and are introduced to local businesses, both longtime and newly established.

In addition to the Monday walks, two evening walks were scheduled to coincide with the mayor’s summer and holiday BOLD programs. BOLD stands for Beverly Hills Open Later Days. The program encouraged business throughout the Triangle to stay open later in the evenings, bringing new energy to the City streets. Other free community activities spearheaded by Mayor Bosse include a morning bike ride with the Mayor, and two group meditation, led by Dr. Deepak Chopra.

Over the past year, Mayor Bosse has led hundreds of walkers throughout the City covering more than 150 miles, and raising awareness of businesses, non-profit groups and City parks. This was Mayor Bosse’s second term as mayor and her second Walk with the Mayor program.

The 70-plus sites visited over the past year cover the diverse range of businesses in Beverly Hills including cafes, boutiques, art galleries, hotels, parks, schools, banks, exercise studios, talent agencies, medical offices, spas and pet stores.
