

Did you know?

In order to achieve greater sustainability, government, business owners and residents must all make changes to how they conduct business and manage their lives.

Goal

Nurture an engaged, educated and actively participating community

What can you do?

- Vote and stay informed on issues
- Use ecologically sensitive products and buy food from local sources
- Participate in community events
- Talk to your family and friends about sustainability

What the City is doing:

- Ensuring that all who live and work in the City have access to City Hall
- Empowering all community members to participate in City-sponsored events
