Re: AB 1851 (Wicks) Religious institution affiliated housing development projects: parking requirements
City of Beverly Hills – OPPOSE

Dear Assembly Member Wicks,

On behalf of the City of Beverly Hills, I write to you in respectful OPPOSITION to your AB 1851. As written, AB 1851, would override local control and remove long-held land use authorities from local governments and provide parking concessions to religious institution affiliated housing developments without any requirement the development contain affordable housing units.

The City of Beverly Hills has long supported the preservation of local control, as localities are best suited to aptly address the needs of their local constituents. The City has put forth a great amount of time and effort to ensure the City’s growth is well-planned and takes the City’s future housing needs into account. For the state to address the housing affordability crisis, local governments must be allowed to lead the way and be given the ability to determine how best to address the crisis in their communities.

AB 1851 would allow a housing development project on religious institution-owned land to eliminate parking spaces without replacement and allows religious-use parking spaces to count towards local parking requirements for housing. This allowance does not require that some or all of the development be affordable. This bill would give religious institutions the ability to circumvent local parking requirements to construct developments that contain solely market rate housing, which would do nothing to address the state’s housing affordability crisis.
For these reasons, the City of Beverly Hills must respectfully OPPOSE your AB 1851. Thank you for your consideration.

Sincerely,

Lester J. Friedman
Mayor, City of Beverly Hills
