WHAT IS ADVENTURE CAMP?

Adventure Camp is a state-licensed afterschool enrichment program offered on the campuses of Beverly Vista, El Rodeo, Hawthorne, and Horace Mann schools. The program is an ideal option for parents who cannot pick up their children at dismissal time and who would like them to stay on-site and engage in enrichment activities after school hours. The Adventure Camp curriculum consists of homework assistance, arts and crafts, sports, games, and special events, led by our qualified Childcare Counselors. Additionally, Recreation Specialists are utilized to teach a variety of specialty classes throughout the school year. Participants receive an afternoon snack.

WHO CAN ATTEND ADVENTURE CAMP?

Children entering Kindergarten through the completion of sixth grade are eligible to participate in Adventure Camp. Participants may register at any point during the school year, depending on space availability.

WHAT ARE THE HOURS OF OPERATION?

Adventure Camp operates during the school year, Monday through Friday, from school dismissal time (including early dismissals) until 6:00pm. Supervision is not provided before school or after 6:00pm. Late fees will be assessed for children picked up after 6:00pm. **Adventure Camp is closed during Winter and Spring Break and all legal holidays. Day camp is offered for \$35 at either La Cienega or Roxbury Community Center on most pupil free and staff development days.**

WHO ARE THE STAFF?

Adventure Camp is staffed with well trained, creative, positive, and youth-oriented Childcare Counselors. The majority of staff members have extensive experience working with children, and they work together to introduce fresh and fun activities throughout the school year. The Childcare Counselors are required to have 6 or more college units in Early Childhood Education at an accredited college or university.

WHY AFTERSCHOOL PROGRAMS?

The Council of Accreditation (COA) believes that “children who participate in After School Programs gain the personal and social abilities and attitudes needed to form positive identities, boost self-esteem, build skills, navigate challenging situations, avoid negative behaviors, assume leadership roles, embrace diversity, and establish healthy connections with others in the community.” According to the National Association of Elementary School Principals (NAESP), children who attend afterschool program do better in school both academically and socially and have a greater sense of self-worth. At Adventure Camp, when the school day ends, we shift into high gear to keep children engaged in positive activities.

MISSION STATEMENT
