1) Public Comment

- Members of the public will be given the opportunity to directly address the Committee on any item not listed on the agenda.
 - There was no public comment.

2) Potential Partnership with MIT

- Co-authorship of an autonomous-oriented design handbook
 - Vice Mayor Mirisch met with Professor Alan Berger, Leventhal Professor of Advance Urbanism at MIT while at an autonomous vehicle conference at Chapman University. They discussed the opportunity to refocus attention on autonomous-oriented development (AOD) rather than transit oriented development.
 - Councilmember Wunderlich agreed to move forward with research and discussion of AOD creation.

3) On-Demand Point-to-Point Mobility Program Update

- The AV pilot program project is being finalized into an RFP document that describes the City's requirements and be useful for potential partners. Once finalized, it will come back to the AV Committee for review. Assistant City Manager George Chaves suggested the Traffic and Parking Commission also be included.

4) Adjournment
