Overdrive for Desktop
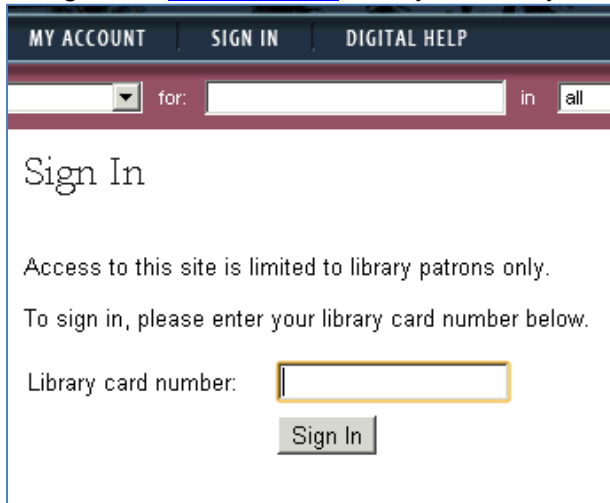

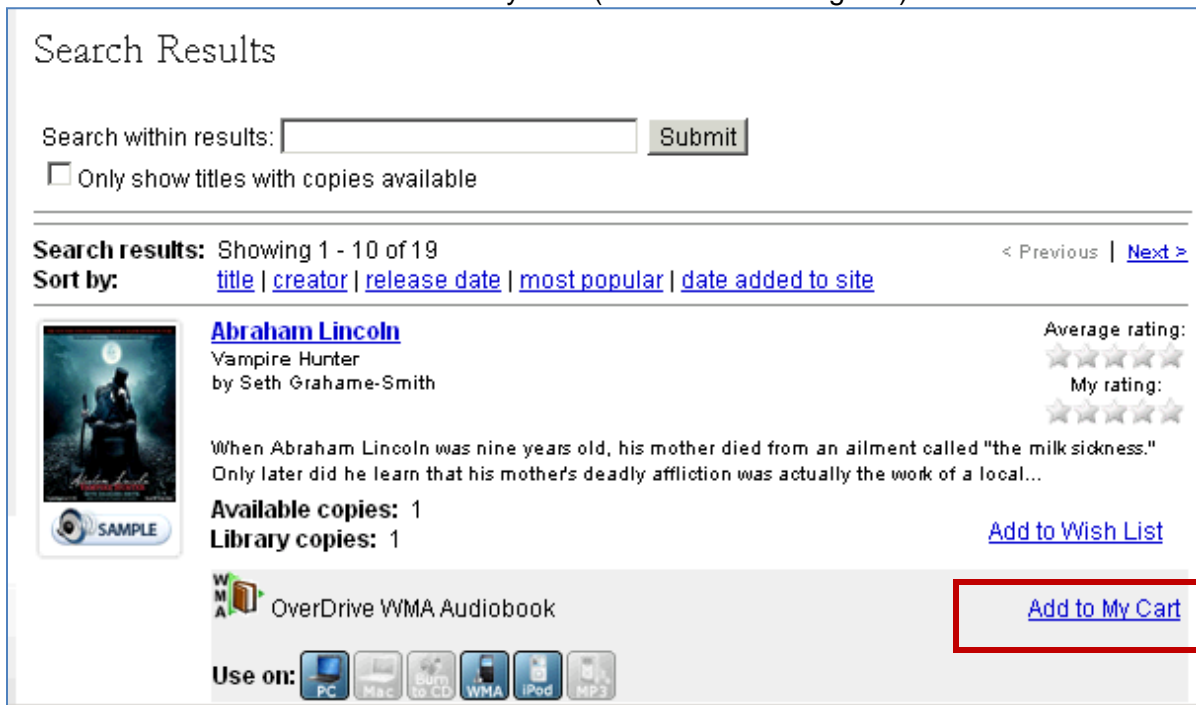

Before you download a book:

- Download Overdrive Media Console for your PC
- You must be connected to the internet
- WMA files can only be downloaded on a PC with Windows
- After downloading audio files on a PC, the files can be transferred to a portable device. MP3 files can be dragged directly into iTunes. For WMA files, converting may take anywhere from an hour to more than six hours depending on the speed of your computer and internet connection. You will need the proper transfer cables for your devices. For Apple devices, you will need iTunes on your computer.

1. Sign in to 90210 To Go with your library card number:

TRANSFERING AUDIO FILE TO A PORTABLE DEVICE:

MP3: Click transfer; depending on the type of device, you may need to connect the device to the computer. For Apple devices, the MP3 file may be dragged into iTunes without connecting the device.
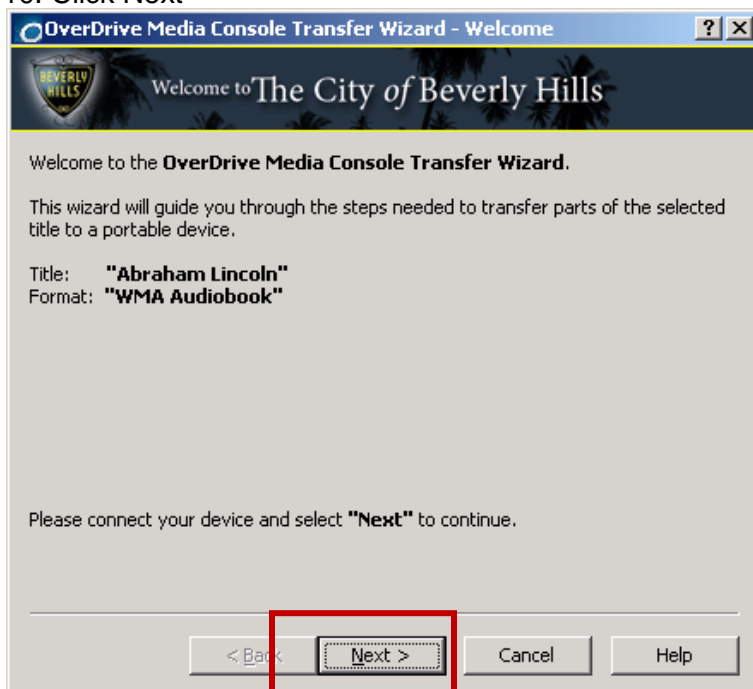

WMA: Again, converting the file may take anywhere from an hour to more than six hours depending on the speed of your computer and internet connection. You will need the proper transfer cables for your devices. For Apple devices, you will need iTunes on your computer.

8. Connect your device to the computer.

9. Highlight the book. Select transfer

10. Click Next

For apple devices, iTunes may automatically open. Toggle back to Overdrive.
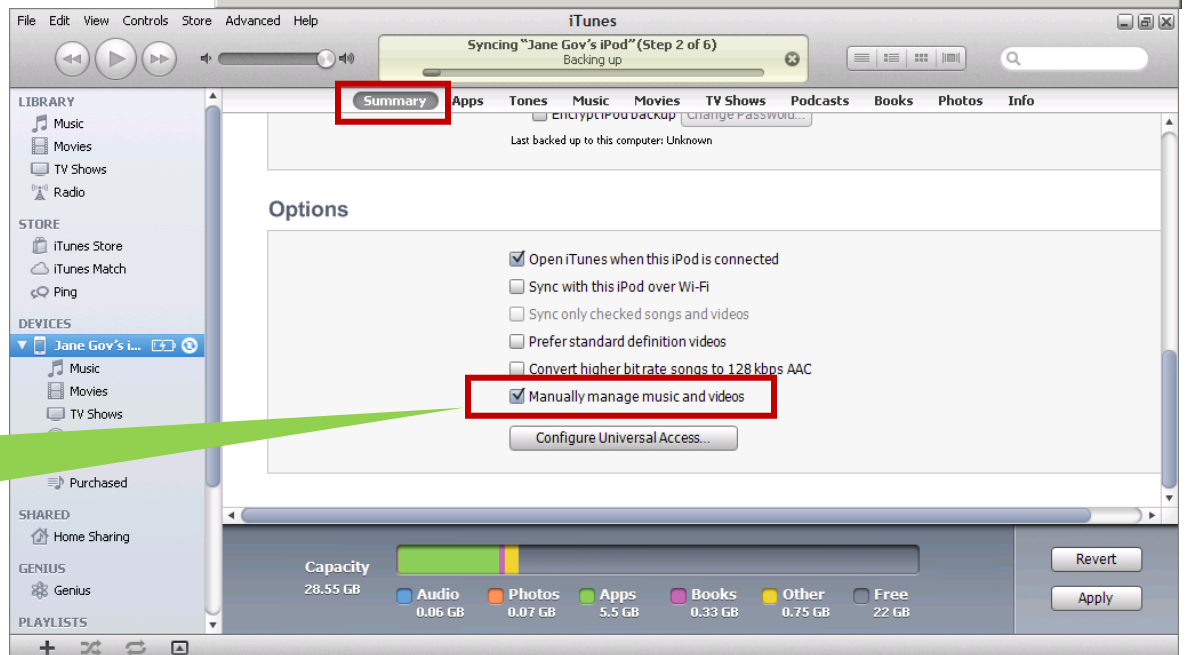

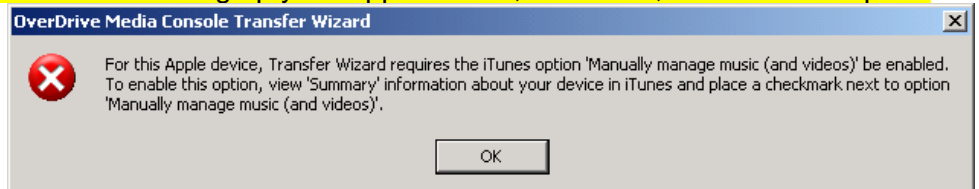

If this pops up, click **cancel.**
