STATEMENT OF JOHN A. MIRISCH

CANDIDATE FOR MEMBER OF THE CITY COUNCIL

BEVERLY HILLS CITY GENERAL MUNICIPAL ELECTION

Age: 53

Occupation: Mayor, City of Beverly Hills

MIRISCH – Still Putting Residents First.

They say, "You can't fight City Hall." Well, we shouldn't have to: City Hall exists to serve the residents, not the other way around.

On the Council and as Mayor, I have been dedicated to serving the interests of our residents with a proven record of honoring my pledge.

-FISCAL RESPONSIBILITY:

Opposed unsustainable pensions and unfair water rate increases. Negotiated the best development agreement in the history of Beverly Hills, generating an estimated $820 million in revenue for the City over 30 years.

-TRANSPARENCY:

Created the Sunshine Task Force to promote openness at City Hall and increase public participation; changed the City's e-mail retention policy from 30 days to 2 years.

-TECHNOLOGY:

Strongly advocates using technology to improve the residents' lives, including solving traffic and transportation needs with a pioneering municipal autonomous shuttle system.

-PROTECTING BEVERLY HILLS:

Continues to fight for the City's unique charm and quality of life. Crafted a General Plan which keeps Beverly Hills low-rise, human-scale and livable. Has successfully fought efforts to circumvent our planning process.

I don't put special interests, developers or outside groups first.

I put the residents first. Always have. Always will.

JOHN MIRISCH for Beverly Hills City Council

Now more than ever…
