CONSENT ITEMS

2. LOUIS VUITTON
   295 North Rodeo Drive
   Request for approval of a revision to a previously approved construction barricade graphic.  
   (PL1306744)

   Planner: Reina Kapadia, Limited Term Planner
   Applicant: Ashok Vanmali – Gruen Associates
   Public Input None.

   Motion: Motion by Chair Rubins, Second by Commissioner Bernstein to approve the resolution (4-0).

   Action: The resolution was approved with the following conditions:

PROJECT SPECIFIC CONDITIONS:

1. The construction barricade shall be revised so that a six (6) square foot sign is located on each barricade return and allocated for the tenants immediately adjacent to the barricade. This signage shall allow such tenants to provide signage that indicates their establishments remain open for business.

STANDARD CONDITIONS:

2. Revised Plan Submittal. For all projects that are approved with project-specific conditions, a revised plan set that has fully incorporated all such conditions shall be submitted to the project planner, both in hard copy format and in electronic format, prior to submitting for the building permit plan check process.

3. Architectural Approval. Project approval is for the design-related aspects of the project only. No approval is implied or granted with regard to applicable city zoning or technical codes, which may require review and approval from other city commissions or officials.

4. Compliance with Municipal Code. Prior to issuance of a building permit, the applicant shall demonstrate compliance with all applicable provisions of the city’s municipal code and applicable conditions imposed by any discretionary review approval.

5. Compliance with Special Conditions. Any special conditions that require approval by the Director of Community Development, or designee, shall be submitted to the staff liaison to the Commission within fourteen (14) days of approval or prior to submittal of the plan check review application, whichever is greater.
6. Project Rendering. Prior to issuance of a building permit, the applicant shall incorporate into the building permit set of plans, an updated color rendering of all building facades. The quality and detail of the rendering shall be subject to approval from the Director of Community Development, or designee, and shall include sufficient design information to evaluate project compliance during construction.

7. Approval Resolution. A copy of the signed resolution of approval shall be scanned onto the cover sheet(s) of the building permit set of plans.

8. Substantial Compliance with Approved Plans. The Director of Community Development, or designee, shall determine if changes to the approved project are in substantial compliance with the Commission’s action. This determination shall be subject to applicable fees and charges. A substantial modification to the approved project requires approval from the Architectural Commission.

9. Validity of Permits. The rights granted by this approval shall remain valid for three (3) years from the date of approval, unless extended pursuant to Beverly Hills Municipal Code Section 10-3-207.

10. 8660 WILSHIRE BOULEVARD
Request for approval of a façade remodel and business identification sign. (PL1306595)

Planner: Cindy Gordon, Associate Planner
Applicant: David M. Parker, Architect
Public Input: None.

Motion: Motion by Chair Rubins, Second by Commissioner Bernstein to return the project for restudy.

Action: The project was returned for restudy. The Commission had the following comments:

- The façade should be redesigned to emphasize elegance in the aesthetic.
- Clarify how the brick wall will integrate into the overall design. It needs to be balanced on the project site and the adjacent property.
- Look at the configuration of the fountain. There is concern as to how the exterior fountain will operate.
- Utilize a color scheme that complements the existing stonework.
- Revise the exterior illumination so that the wall is evenly lit.
- Please provide a correct drainage system for the entire building.
- Please provide fully clarified details on all proposed signage.
- Revise the electrical so that all conduits and piping are hidden from view.
