

Did you know?

A sustainable local economy is a business community that can thrive during difficult economic times. A sustainable local economy also encourages businesses to follow practices that reduce their impact on the environment.

Goal

Support a stable, diversified business economy

What can you do?

- Shop and dine locally
- Support local farmers by shopping at farmer's markets
- Encourage businesses to adopt sustainable practices

What the City is doing:

- Encouraging a variety of businesses providing goods and services
- Improving streets and sidewalks to enhance everyone's walking and shopping experiences
- Assuring safety and security for all residents and visitors
