Lili Bosse, Mayor

Dear Guest:

On behalf of the Beverly Hills City Council, I welcome you to the 8th annual Greystone Mansion Concours d’Elegance, one of Southern California’s top-flight events and premier automotive show. We are proud to display an extraordinary collection of fine classic automobiles and motorcycles at the City’s enchanted 18-acre estate and gardens.

This year’s Concours honors the 100th anniversary of Lincoln Motorcars and the 70th anniversary of Ferrari, featuring special displays in each category. We know you will enjoy the 135 pre-1974 classic automobiles in 15 classes exhibited by notable car collectors, and 20 rare and unique motorcycles. In addition, we bring you new, state-of-the-art vehicles courtesy of our automotive sponsors.

The success of the Concours is attributed to the tireless efforts of the many people who work on the event year round, including the Steering Committee members who generously donate their time and expertise. Their efforts ensure that the Greystone Concours is an extraordinary community event, as well as an important show among automobile enthusiasts and aficionados. We are very proud that the Greystone Mansion Concours d’Elegance is endorsed by the “Federation Internationale des Vehicules Anciens (FIVA), the Historic Vehicle Association (HVA).

We also thank our sponsors, for without them, this event would not be possible. Our national and community-based sponsors have put the Greystone Concours on the map as a weekend destination event!

The Friends of Greystone (FOG) is a key partner with the City in the presentation of the Greystone Mansion and gardens. Monies raised today from the Concours d’Elegance will support FOG’s tireless restoration and preservation efforts. Thanks to the generous support and careful stewardship of dedicated FOG members, Doheny Greystone Estate has long been a Beverly Hills treasure.

Thank you for attending the 2017 Greystone Mansion Concours d’Elegance. I know you will enjoy your visit and I look forward to seeing you at next year’s Concours, which will be held on Sunday, May 6, 2018.

Lili Bosse
Mayor, City of Beverly Hills

This is the car they dream of.
May 7, 2017

Dear Friends of the Concours d’Elegance,

Whether you are reading this letter during the 8th Annual Concours d’Elegance, or possibly reading it during some quiet time after this event, close your eyes and try to imagine the Doheny Greystone Estate not even existing, yet rather having become another victim of that infamous wrecking ball. Fortunately, some caring and visionary people from our past recognized the historic value and magnificence of this property, stepped up and fought to save this architectural treasure, now forever protected from that infamous wrecking ball as well as listed on the National Register of Historic Places. The Greystone Foundation was formed by these visionaries and the Friends of Greystone continue in their place today.

Founded in 2001 and comprised solely of volunteers, the Friends of Greystone is a non-profit organization whose mission is to raise funds to restore, preserve and protect Doheny Greystone Estate, owned by the City of Beverly Hills and considered to be among California’s most luxurious residences south of Hearst Castle. Included in our goals is to provide educational programs to students, residents of Beverly Hills and the general public. All funds raised go exclusively to the benefit of Doheny Greystone Estate.

Restoring and preserving our past, especially something as magnificent as this Estate, continues here at the Doheny Greystone Estate because of the support of many caring and visionary people of today. Tremendous support has come from City of Beverly Hills elected officials, City of Beverly Hills staff, Friends of Greystone members, sponsors, private donors and grants. Many amazing restoration projects have been completed due to this support but many, many more still need to be done.

Please visit our website at www.greystonemansion.org and read about our accomplishments, about many of the restoration projects waiting to be done, and about the many different membership opportunities that are offered by the Friends of Greystone. On behalf of the Friends of Greystone Board of Directors thank you for being a part of the 8th Annual Greystone Mansion Concours d’Elegance.

Sincerely,

Susan Rosen, President
Friends of Greystone Board of Directors

Vicky Swartz, 1st Vice President & Treasurer
Friends of Greystone Board of Directors
VENI. VIDI. VICI.

We came. We saw. We conquered. Specifically, the world’s greatest racing circuits worldwide, with over 100 first place finishes since 1911. This legacy continues with the competitive spirit of the all-new Alfa Romeo Giulia lineup, including the Giulia, Giulia Ti and Giulia Quadrifoglio.
Raise your limits.

HOSTED BY FRIENDS OF GREystone
AN OLD SOUL WITH A NEW HEART

Cars have become commodities. Design has taken a back seat, and most cars look the same.

Not here. The Revero looks like something that will be exhibited at Greystone fifty years FROM NOW. Proportions from the gods. Long, low, and wide. Massive wheels. A hand-painted badge. Natural leather, without a lot of chemical treatment. Reclaimed wood, with a rough finish. A spiritual ancestor to the cars you see here today.

Except for what lies within. Powered by electricity, fuel and light. A solar roof that will power the car. A battery that lets you drive for 50 miles, switching to an engine that will power the battery for another 250 miles.

Designed, engineered, and assembled in Southern California. Influenced by the ocean, the mountains, the desert, the light.

Karma Automotive. For those who are comfortable being different, without needing to be.
DRIVING THE AGENDA FOR NATIONAL AUTOMOTIVE HERITAGE

The Historic Vehicle Association (HVA) and the U.S. Department of the Interior have collaborated to document America’s automotive treasures. The resulting documentation will be part of the HVA’s National Historic Vehicle Register and the Historic American Engineering Record (HAER) that is permanently archived in the Library of Congress. The 1954 Mercedes-Benz Type 300 SL (198 040 4500003) is the seventh vehicle recorded under the Secretary of the Interior’s Standards for Heritage Documentation.

Over the coming year, the HVA will focus its efforts on documenting additional vehicles and will continue to work with the U.S. Department of the Interior to refine guidelines and processes to support future public submissions. Check out our website www.historicvehicle.org for additional information and in the meantime "drivehistory."
Henry M. Leland, co-founder of Cadillac, left General Motors in August of 1917 to found the Lincoln Motor Company. His express purpose was to build the Packard-designed Liberty aircraft engine under license for the war effort. It was CM President William C. Durant's refusal to manufacture war material -- Durant was a pacifist -- that led to Leland's involvement in founding his second great American luxury automobile company: Lincoln.

An engineer, Leland anticipated building automobiles after the war and quickly prototyped what would become Lincoln's revolutionary Model L V8 based on advanced aircraft engine design.

The first Lincoln automobile was finally available to the public in 1920. Although it was a technical and engineering success, the post-WWI recession took its toll and the company soon required financial assistance. In 1922 Henry Ford, upon the advice of his son Edsel, purchased Lincoln Motor Company, thus establishing a luxury brand under the helm of Ford Motor Car Company.

Continuing the high level of engineering sophistication that Lincoln was known for, Edsel elevated the brand by sheathing the cars in stylish attire with semi-custom and custom bodies by coachbuilders such as Locke, Willoughby, Judkins and LeBaron.

The cars sold well in the Roaring '20s, and the new luxury brand found its niche. Lincolns continued to sell and the company's engineering continued to flourish in spite of the Depression of the 1930s. It was during this period that Lincoln's famous 12-cylinder engine was developed, the zenith expressed in the 1932 and 1933 Lincoln KB automobiles.

Lincoln downsized its V12 engines to better suit the market, and Edsel Ford developed an innovative, appealing design. The revolutionary Lincoln Zephyr was introduced in 1935 to aesthetic and commercial acclaim.

Edsel's next master stroke evolved as the Lincoln Continental for the model year 1940. This iconic automobile would continue postwar production until 1948 after the automobile manufacturing hiatus of WWII. After 1948 the company experienced a long transitional period, as Lincoln champion Edsel Ford had passed away.

In 1956 Lincoln returned with a powerful styling statement, the Continental Mark II. An expensive prestige model, its run was short-lived due to production costs. The company then turned to the manufacture of the more competitive Lincoln Continental of 1958-67, an iconic model closely associated with the Kennedy presidential administration. The next major redesign followed in 1968 with the Continental Mark III, with Marks IV and V following in subsequent years.

In the modern era Lincoln remains on the stylistic forefront. With production including the long-running town car line and the luxury sports utility vehicle, the Navigator, Lincoln’s legacy of luxury continues.
Greystone Mansion Concours d’Elegance honors the early innovators and all those who have brought Lincoln Motor Company to the present day with design innovations and engineering mastery.

This year’s Lincoln Centennial Class features iconic and significant automobiles illustrating milestones of the marque since its inception 100 years ago. Most are original and unrestored, a testimony to the high standard of the Lincoln marque which continues to this day.
Drawing inspiration from world-class European day spas, Burke Williams combines the finest traditions with nourishing innovations to transport you from the stress of everyday life. THE DOHENY GREYSTONE MANSION’S 100 DOOR KNOB PROJECT SUPPORTED BY BALDWIN HARDWARE COMPLETED NOVEMBER 2016

Historic Doheny Greystone Mansion Door Knobs

New Baldwin Hardware Door Knobs

If you have a 46,000 square foot mansion with 55 livable rooms, how many doors do you have? That was the question for the Friends of Greystone when Baldwin Hardware, headquartered in Orange County, offered to donate replacements for missing door knobs and door hardware throughout the Mansion in honor of their 70th Anniversary. Most of the original knobs had disappeared over the years Doheny Greystone Mansion stood unoccupied. Some doors had no hardware, while others had mismatched replacements added piecemeal.

The answer is that there are 164 doors at Greystone. Of these, Baldwin donated hardware and installation for 102 doors. The Friends of Greystone paid for additional repairs on 62 of the doors. The hardware chosen was close to the styles and finishes originally at Doheny Greystone Mansion as identified from historic photos and the few remaining originals in the house. All installation and repairs were completed by contractor Gerald Rose in record time. The results – all of Doheny Greystone Mansion’s 164 doors are now looking beautiful and are in working order.

November 11th, Thursday BALDWIN HOSTS THEIR 70 YEARS BOLD GALA

Baldwin, as the culmination of a year’s worth of anniversary activities across the country, gathered hundreds of influential architects and designers, customers and employees with a gala to celebrate their 70th Anniversary at the Doheny Greystone Mansion called, “Baldwin Door Couture”. Each couture look incorporated design cues from Baldwin knobs from the past seven decades uniting legacy and history with beauty and innovation.

The Friends of Greystone and the City of Beverly Hills are extremely grateful and appreciative of Baldwin Hardware’s donation which restored and recreated the Mansion’s historic door knobs, locks, and miscellaneous hardware. Baldwin is an invaluable partner in the restoration of the historic Doheny Greystone Estate’s “The 100 Door Project,” valued at $75,000.00.

Written by Gay Lyn Parrish, Friends of Greystone board member, who worked tirelessly on this project that resulted in this priceless outcome.
Beverly Coachcraft salutes the Exhibitors and Attendees of this year’s Concours d’Elegance at historic Greystone Estate in Beverly Hills
With Great Appreciation

The City of Beverly Hills and the Friends of Greystone would like to offer a special thanks to all of the staff, volunteers, and Friends of Greystone Board of Directors who make this event possible.

It is hard to believe that this is our 8th Concours d’Elegance and we couldn’t be more proud; and, that is reflected in increased attendance as well as the support of our exhibitors and sponsors.

To pull off an event like this it takes months and months of preparation; and we would like to thank the Steering Committee for their time and efforts, as well as the Automobile and Motorcycle Exhibitors who continue to provide exquisite classic and exotic cars and motorcycles for everyone to see.

We know how special Greystone is for those of us who are its caretakers, and for those of you who have had a chance to visit this historic place.

We do all this to generate financial support for the ongoing restoration of the Doheny Greystone Estate, a truly historic landmark of which the community can be proud.

Renowned for one-of-a-kind, handcrafted timepieces, BRM Chronographe’s bespoke ethos reflects a rare dedication to artisans and true artistry. Founder Bernard Richards combined his passion for racing and engineering expertise to build machines with industry-leading mechanics, and his eponymous label has stayed the course as the only French watchmaking manufacture.

Inspired by the luxury motorsport lifestyle, BRM is committed to track enthusiasts, as well as collectors seeking made-to-measure authenticity. The company’s fully customizable models are now synonymous with individuality, giving BRM a presence in more than 20 countries and garnering partnerships with tracks, series, teams, and drivers around the globe.

Access the online configurator at BRM-Manufacture.com to assemble personalized designs, and learn more about highlights from the 2017 collection including:
