Between the Lines features Michael Westmore

In Hollywood's heyday, almost every major studio had a Westmore heading up the makeup department. Since 1917, there has never been a time when Westmores weren't shaping the visages of stardom. In his lively memoir, *Makeup Man*, Michael Westmore not only regales us with tales of Hollywood's golden age, but also from his own career where he notably transformed Sylvester Stallone into Rocky Balboa and Robert DiNiro into Jake LaMotta, among many other makeup

miracles. This conversation with host Barry Kibrick takes viewers on a fascinating journey of the most iconic characters Hollywood has ever seen. Through Barry's ability to see and read between the lines on any topic and share his insight with others, recipients absorb wisdom in a way no other program can provide. *Tuesday May 8 at 5:30 pm*
