## Complete Streets Plan

Over this past spring and summer, Beverly Hills has been developing a Complete Streets Plan to address mobility for all transportation modes including walking, bicycles, transit systems and driving. Throughout the planning process, the community attended meetings and events to review, discuss, and provide feedback on proposed elements of the Plan. After the initial introduction in March and the April Earth Day Pop-up event, the May workshop focused on what changes are needed and where improvements should

be made. In June, a walking audit was held along a 1/2 mile corridor to observe and document conditions the plan should address. The final workshop, scheduled for August 22nd at 6:30 pm in the City Hall Municipal Gallery, will summarize community input from previous events and seek continued feedback from all stakeholders to shape the Plan draft. *Monday August 27 at 9 pm*

## Featured New Programs on Beverly Hills Television

### Beverly Hills View

*Mondays at 4:30 pm*
