    - The Planning Division will host an Accessory Dwelling Unit (ADU) community meeting on August 10<sup>th</sup> at 6:00pm in the Library Auditorium.
  - **Public Works Commission – John Millan**
    - At the last Commission meeting, waste water rates were discussed and are due for review. They are looking to restructure the fixed and volumetric rates for residents similar to what the commercial customers have.
    - In the “Best Practices” portion of their meeting, they listened to a speaker talk about “Tiny Forests”. This concept was created in Japan and could be applied to the City of Beverly Hills which encourages the planting of a variety of vegetation that retains moisture to the trees and does not require any pruning for ten years.

- Staff introduced a draft ordinance which would curb the use/sale of single-use plastic and Styrofoam products. Public outreach will be conducted before the draft returns to the Commission and eventually will go before the City Council.
- A reminder to please conserve water and curtail lawn watering use to two days a week. Sign up for water trackers.
- Chair Millan highlighted that the Metropolitan Water District will be doing major repairs to one of their main feeders so there will be no water originating from Colorado for the middle of September. This will affect the region significantly and is a strong reminder that we are facing a real water crisis.
