Subject: Segment 1 - Purple Line Extension Project ICM Weekly Report
January 9, 2022 – January 15, 2022

Dear Mr. Welch and Mr. DeMello,

Environmental Intelligence, LLC (EI) has been retained by the City of Beverly Hills (COBH) and the Los Angeles County Metropolitan Transportation Authority (Metro) to serve as the independent compliance monitor (ICM) during construction of the Purple Line Extension Project. Monitoring is required to ensure construction is in compliance with the MOA for Contract C1045 of the Purple Line Extension Project – Segment 1 – Between the City of Beverly Hills and the Los Angeles County Metropolitan Transportation Authority (City Agreement No. 66-16). The following information summarizes the ICM monitoring activities that occurred at the Segment 1 site (La Cienega Station site) during the week of January 9, 2022 – January 15, 2022. No construction activities were scheduled or monitored on January 9 or January 15, 2022.

Construction activities during the week included installing the La Cienega appendage closure on N. Gale Dr.; Hauling spoils from the La Cienega yard; Pouring concrete within the K-rail and Gale Dr. appendage closures; Installation of HDPE, plumbing, rebar and conduit; Hoisting machinery, debris, materials and equipment in/out of the tunnel in the Gale yard; Excavating appendage; Receiving struts and materials deliveries; Transporting equipment and materials from the tunnel out of the Gale yard and k-rail closure; and general housekeeping operations throughout the site. EI ICMs were present on site during all construction activities. ICMs conducted routine noise measurements at selected noise monitoring locations as well as compliance checks in accordance with the MOA and associated attachments, exhibits, traffic closure notifications, and traffic management plans. At the conclusion of each work shift, daily monitoring reports were prepared by the respective ICM. Any violations for that date were also prepared by the ICM then reviewed and submitted to the COBH and Metro by EI's Project Manager.

VIOLATION SUMMARY

During the week, EI ICMs identified a total of two (2) violations during construction activities. Table I provides a summary of the violations identified during the week of January 9, 2022 – January 15, 2022 and Exhibit 1 provides a location map for the submitted violations. Details for the violations are included as Attachment A. Daily monitoring reports and photographs of construction activities are provided as Attachment B. Daily noise monitoring data are provided in Attachment C.

Environmental
Intelligence, LLC

CONCLUSION

To date, 306 violations have been issued, 19 of which have been rescinded since the beginning of construction on the C1045 Contract for the Purple Line Extension Project – Segment 1. Project construction activities are ongoing and EI ICMs continue to monitor all construction activities applicable to the MOAs on a daily basis.
