Subject: Segment 2 - Purple Line Extension Project ICM Weekly Report
May 3, 2020 – May 9, 2020

Dear Mr. Welch and Mr. Comorre:

Environmental Intelligence, LLC (EI) has been retained by the City of Beverly Hills (COBH) and the Los Angeles County Metropolitan Transportation Authority (Metro) to serve as the independent compliance monitor (ICM) during construction of the Purple Line Extension Project. Monitoring is required to ensure that construction is in compliance with the "Memorandum of Agreement for Contract C1120 of the Purple Line Extension Project - Between the City of Beverly Hills and the Los Angeles County Metropolitan Transportation Authority" (Final Version 62). The following information summarizes the ICM monitoring activities that occurred at the Segment 2 site (Rodeo Station site) during the week of May 3, 2020 – May 9, 2020. No construction activities were scheduled or monitored on May 3rd.

Construction activities during the week included drilling at pile locations, hauling drill spoils off site, receiving deliveries of steel piles and materials, fabricating piles, framing piles and installing grout and concrete at pile locations, pile cap excavation and concrete installation, drilling for dewatering wells, excavation for decking, installation of decking beams and precast concrete deck panels and fiber optic line relocation throughout the site. In addition, EI ICMs also monitored geotechnical instrumentation work at various locations on S. Linden Dr. and Wilshire Blvd. between Linden Dr. and McCarty Dr. EI ICMs were present during all construction activities and conducted routine noise measurements at selected noise monitoring locations as well as compliance checks in accordance with the MOAs and associated attachments, exhibits, traffic closure notifications, and traffic management plans. At the conclusion of each work shift, daily monitoring reports were prepared by each ICM. Attachment B (*Daily Monitoring Reports*) provides detailed daily monitoring reports and photographs of construction activities.

VIOLATION SUMMARY

During the week, EI ICMs identified ten (10) violations during construction activities. Table I provides a summary of the violations identified during the week of May 3, 2020 to May 9, 2020. Exhibit 1 provides a location map for the submitted violations. Details for the violations are included as Attachment A. Daily monitoring reports and photographs of construction activities are provided as Attachment B (*Daily Monitoring Reports*). Daily noise monitoring data are provided in Attachment C (*Noise Monitoring Data Log*).

CONCLUSION

To date, 362 violations have been issued, five (5) of which have been rescinded since the beginning of construction of the Purple Line Extension Project – Segment 2. Please note, no Violation 261 was ever issued, therefore it is skipped in the numbering sequence and is omitted from this count. Project construction activities are ongoing and EI ICMs continue to monitor all construction activities applicable to the MOA on a daily basis.

If you have any questions or comments regarding this letter, please contact me directly at 310.469.8989 or jeremiahgeorge@enviro-intel.com.

Sincerely,

ENVIRONMENTAL INTELLIGENCE, LLC

Jeremiah George
Project Manager
