INTRODUCTION

Existing regulations within Article 47 of Chapter 3 of Title 10 of the Beverly Hills Municipal Code (“BHMC”) commencing with §10-3-4700 (Cannabis Prohibitions and Regulations) (Attachment 1) expressly prohibit the establishment of commercial cannabis uses in the City of Beverly Hills.

In September 2017, the City Council made findings that prohibitions on commercial cannabis activity were necessary for the preservation and protection of the public health, safety, and welfare of the City when Ordinance 17-O-2734 (Attachment 2) was adopted. The Ordinance does specifically allow for the delivery of medical cannabis from a state licensed business legally operating from another jurisdiction.

In 2022, State Senator Scott Wiener introduced Senate Bill 1186 (“SB 1186”), the Medicinal Cannabis Patients’ Right of Access Act (Attachment 3). This bill prohibits local governments, beginning January 1, 2024, from adopting or enforcing any regulation that prohibits or effectively prohibits, the delivery of medicinal cannabis to patients or primary caregivers within their jurisdictions. This bill passed through both state legislative houses and was signed by Governor Newsom on September 18, 2022.
This item seeks direction from the Planning Commission Council Liaisons (Vice Mayor Friedman and Councilmember Bosse) on modifying the City's municipal code in response to SB 1186 which, as described more fully below, prohibits the City from adopting or enforcing any regulation that prohibits, or that otherwise has the effect of prohibiting, the retail sale by delivery of medicinal cannabis to medicinal cannabis patients or their primary caregivers, and requires the City allow for the establishment of physical premises from which retail sale by delivery of medicinal cannabis may be conducted by a state licensed non-storefront retailer.

**DISCUSSION**

**History of Medicinal Cannabis in California**

California was the first state in the nation to allow for the medical use of marijuana with the passage of Proposition 215 in 1996. Proposition 215 protected qualified patients and primary caregivers from prosecution related to the possession and cultivation of cannabis for medicinal purposes. Since then, according to the National Conference of State Legislatures, 36 more states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands have enacted similar laws. After passage of Proposition 215, the City Council prohibited medical cannabis from being sold in the City.

In 2015, the Legislature passed the Medical Cannabis Regulation and Safety Act (MCRSA). For the first time, MCRSA established a comprehensive, statewide licensing and regulatory framework for the cultivation, manufacture, transportation, testing, distribution, and sale of medicinal cannabis.

In November 2016, California voters passed Proposition 64, the "Control, Regulate and Tax Adult Use of Marijuana Act" (Proposition 64), by 57 percent, with 64 percent of voters in Beverly Hills approving this proposition. Proposition 64 legalized marijuana under state law, for use and personal cultivation by adults 21 or older, which would begin January 1, 2018. It also imposed state taxes on cannabis sales and commercial cultivation; provided for industry licensing and established standards for cannabis products; and allowed local regulation and taxation of cannabis businesses. Proposition 64 specifically provided that local jurisdictions may still adopt and enforce ordinances to regulate cannabis activities/businesses through local zoning, land use, and police powers.

In June 2017, the California State Legislature passed a budget trailer bill, SB 94 (Committee on Budget and Fiscal Review, Chapter 27, Statutes of 2017), that integrated MCRSA with Proposition 64 to create the Medicinal and Adult Use Cannabis Regulation and Safety Act ("MAUCRSA"), the current regulatory structure for both medicinal and adult-use cannabis.

In 2019, the County of Santa Cruz and 24 other California cities (County of Santa Cruz, et. al. v. BCC) filed a lawsuit against the Bureau of Cannabis Control ("BCC") as the BCC promulgated California Code of Regulations ("CCR") § 15416(d) which permits statewide cannabis delivery even if a local jurisdiction had prohibited the delivery of cannabis. The plaintiff and local jurisdictions claimed the regulation directly conflicts with BPC §26200 (Attachment 4), which gives authority to local jurisdictions to regulate cannabis in their county or city. In 2021, the courts decided the delivery of cannabis is permitted statewide. However, it also affirmed that cities and counties can ban operations and choose to enforce their own ordinances.
Background for the Introduction of SB 1186

As the cannabis industry has evolved over the past two decades, Senator Wiener reports that access to medicinal cannabis has been adversely impacted given that Proposition 64 gives cities the authority to ban cannabis activity, including medical cannabis. Approximately 53 percent of counties in California have permitted cannabis business operations. This leaves, geographically, almost half of the state without access to legal cannabis in a local county or city. Because the regulatory framework for adult-use and medicinal were consolidated, local jurisdictions are permitted to make the same regulatory decision for all use of cannabis.

**Figure 1: Where Cannabis Business are Allowed in California**

According to the sponsor (California Cannabis Industry Association) of SB 1186, there are about 18 local jurisdictions that have limited their licensing to only certain medicinal activities. In addition, there are 17 jurisdictions that have prohibited all commercial cannabis activities from being established within their jurisdictions, but have explicit ordinances allowing medicinal cannabis delivery into their jurisdiction as long as it originates outside of their jurisdiction (this would include Beverly Hills). As of August 2022, there are 979 brick and mortar storefronts and 391 delivery operators statewide.

According to Senator Wiener:

> **SB 1186** prioritizes patient health by requiring local jurisdictions to provide patients access to purchase medicinal cannabis products within their jurisdiction through either licensed retail stores or licensed deliveries, and by prohibiting jurisdictions from enacting unreasonable restrictions on these businesses. Eliminating barriers to medicinal cannabis access is essential to promoting and preserving the health of Californians for whom physicians have recommended the use of cannabis or cannabis products. Requiring jurisdictions to create
pathways for medicinal cannabis access would restore patient access to legal, tested cannabis.

What Limits does SB 1186 Impose on Local Authority?

Beginning January 1, 2024, SB 1186 prohibits a city from adopting or enforcing any regulation that directly or indirectly prohibit the retail delivery of medicinal cannabis to patients or caregivers in a local jurisdiction.

Specifically a city cannot adopt or enforce regulations, which prohibit the “retail sale by delivery” of medicinal cannabis. This includes any regulation which has the effect of prohibiting patients within the city or their caregivers from purchasing, by delivery, sufficient medicinal cannabis to meet their demands in a timely and readily accessible manner. Examples of prohibited regulations include those that:

1. Limit the number of businesses authorized to deliver medicinal cannabis in the city.
2. Limit the operating hours of medicinal cannabis businesses.
3. Limit the number or frequency of medicinal cannabis sales by delivery.
4. Limit the types or quantities of medicinal cannabis.
5. Require the establishment of physical premises within the city.
6. Prohibit the establishment of physical premises from which retail sale by delivery of medicinal cannabis within the city is conducted by a licensed nonstorefront retailer.

SB 1186 does allow for reasonable regulation on the retail sale by delivery only of medicinal cannabis via local government police powers, meaning local governments can still engage in implementing regulations for zoning, local licensing, public health and safety restrictions, and taxes. Therefore, the City can adopt or enforce reasonable regulations on the non-storefront retail delivery of medicinal cannabis related to:

1. Zoning requirements;
2. Security or public health and safety requirements;
3. Licensing requirements;
4. Imposing or collecting applicable state or local taxes on retail sales of medicinal cannabis occurring within the city; and
5. Regulations consistent with requirements or restrictions imposed on cannabis businesses by state law or regulations issued by the BCC.

Enforcement in SB 1186

SB 1186 empowers the following persons/entities to take civil action (e.g. file a writ of mandate) should they believe the City’s regulations are not reasonable:

1. Qualified patients and their primary caregivers (as defined under the Compassionate Use Act) that seek to purchase medical cannabis in the local jurisdiction;
2. The State Attorney General; and
3. Medical cannabis businesses “that seek to offer medical cannabis for sale in the local jurisdiction.” Specifically, this would be Type 9 or 10 M-licensees (i.e., brick and mortar retailer that can deliver or non-storefront retailer that only delivers) that are issued by the BCC.

Through the adoption of Ordinance 17-O-2734 the City added Article 47 to Chapter 3 of Title 10 of BHMC, commencing with § 10-3-4700. BHMC § 10-3-4702 generally prohibits all forms of commercial cannabis activity and uses in Beverly Hills with the exception of allowing for the
delivery of medical cannabis from a state licensed business located in another jurisdiction and § 10-3-4703 (C) states “any commercial cannabis activity that the City is required by state law to permit within its jurisdiction pursuant to the MAUCRSA.”

As discussed above, SB 1186 prevents the City from adopting or enforcing regulations that prohibit the “retail sale by delivery” of medicinal cannabis, including prohibiting the establishment of physical premises from which retail sale by delivery of medicinal cannabis within the city is conducted by a licensed non-storefront retailer.

While BHMC § 10-3-4703 © allows for the sale of commercial cannabis that is required by state law, the City may wish to consider amending the BHMC regarding the reasonable regulation of time, manner and place for non-storefront retail sale of medical cannabis only.

In order to pursue updating Article 47 of Chapter 3 of Title 10 of BHMC, staff examined what may already exist in the BHMC which could be updated to allow for the non-storefront retail sale of medical cannabis only (Attachments 5 and 6). The following is what staff found:

1) 10-3-1606: STORAGE WAREHOUSES; RESTRICTIONS:
   No furniture storage warehouse or wholesale storage warehouse shall be erected, constructed, established, maintained, used, or occupied in zones R-1, R-1.5, and R-4, and any and all such uses, occupancies, establishments, and buildings, and any combinations thereof, are hereby expressly excluded from zones R-1, R-1.5, and R-4. No furniture storage warehouse, wholesale warehouse, or combination warehouse shall be permitted in zone C-3 unless the front portion of the ground floor of any building along and adjoining the public street to be used for either of such purposes is constructed, designed, and used as an office or for such other retail business as is provided for in zone C-3 in section 10-3-1601 of this article. (1962 Code § 10-405).

   This section of the City’s municipal code is generally applicable throughout Beverly Hills. This section of the BHMC could be updated to include the non-storefront retail sale of medical cannabis only as restricted from being licensed in the R-1, R-1.5, and R-4 zones as well in zone C-3 unless the business is not located on the ground floor and is not street facing.

2) 10-3-1652: DEFINITIONS RETAIL USE:
   A use which carries on as its principal business the selling of tangible commodities, goods, merchandise or wares, including the selling of food and beverages, directly to the ultimate consumers. For the purposes of this article, notwithstanding and without limiting the foregoing definition, “retail use” shall include restaurants, bars, nightclubs, theaters, beauty shops, nail salons, and spas with a retail component, and retail businesses as defined in section 10-3-100 of this chapter, but shall exclude car dealers. (Ord. 81-O-1784, eff. 3-18-1981; amd. Ord. 02-O-2391, eff. 3-8-2002; Ord. 11-O-2602, eff. 2-11-2011)

   The City could consider including the non-storefront retail sale of medical cannabis only as an exclusion to the definition of retail use, similar to what is shown above for car dealers.
The map below shows the defined pedestrian oriented areas of the City and should be referenced when making considerations for both BHMC §10-3-1652 (mentioned above) and 10-3-1654 (discussed below).

3) 10-3-1654: USES PERMITTED AND PROHIBITED:
   A. No use other than a retail use or a hotel shall occupy a space with more than twenty five feet (25’) of street frontage on the ground floor of any building or structure located in a pedestrian oriented area.
   B. Notwithstanding subsection A of this section, for any building or structure situated at the corner of two (2) streets located in a pedestrian oriented area and with frontage on both streets, a use other than a retail use or a hotel may occupy a space with up to twenty five feet (25’) of ground floor street frontage on each street for a total ground floor street frontage of up to fifty feet (50’).
   C. Medical uses shall be prohibited in a pedestrian oriented area except as allowed pursuant to section 10-3-1620.1 of this chapter.
   D. Those portions of licensed pharmacies devoted to dispensing prescription medicine shall be prohibited on the ground floor of buildings within the first thirty feet (30’) behind the storefront facing a street. (Ord. 11-O-2602, eff. 2-11-2011)

Pedestrian oriented areas that are referenced above are defined in § BHMC 1 0-3-1653, which is a part of Attachment 6. If a definition is added to § BHMC 10-3-1652, then the City could add either to BHMC § 10-6-1654 © the non-storefront retail sale of medical cannabis only or add another prohibited use for this type of business to this section of the BHMC.
Considerations for the Planning Commission Liaison Committee

The League of California Cities (Cal Cities) has generated an informative guide titled “Seed to Sale: A Guide to Regulating Cannabis in California Cities”, which was published in September 2021, almost a full year prior to the passage of SB 1186. On page 41 of the Seed to Sale guide (Attachment 7) is the following description of “non-storefront retail”:

A non-storefront retailer licensee is authorized to conduct retail sales exclusively by delivery. A non-storefront retailer is required to comply with all regulations relating to retail storefronts, except for those provisions relating to public access to the licensed premises and the retail area, as the non-storefront retail facility is closed to the public. (See Attachment 8, California Code of Regulations Title 4 Section 15141 for further definitions)

Additionally, the Seed to Sale guide further reviews cannabis deliveries which are included as a type of cannabis activity under the Business and Professions Code § 26070.5 (Attachment 9) and within the BCC, California Code of Regulations, Title 16, Division 42, 5400-5427 (Attachment 10). Some general requirements relating to the delivery vehicle include, but are not limited to:

- The vehicle cannot have any markings or other indications on the exterior that can indicate it is used for cannabis delivery
- Cannabis items need to be in a fully enclosed box or container that is separate in the vehicle and secured in the vehicle
- The delivery driver cannot carry cannabis goods with a value in excess of $5,000 at any time
- The delivery driver must be at least 21 years old and must deliver the items to a physical address in California
- The delivery cannot be to an address on publicly owned land or in a building leased or owned by a public agency

As noted previously, the City may reasonable regulate the non-storefront retail sale of medical cannabis for zoning, local licensing, public health and safety restrictions, and taxes, provided the regulations don’t conflict with the express requirements of SB 1186 or have the effect of prohibiting the retail sale by delivery of medicinal cannabis to medicinal cannabis patients or their primary caregivers in a timely and readily accessible manner and in types and quantities that are sufficient to meet demand from medicinal cannabis patients within the city. The City can be subject to a writ of mandate should one of three types of persons/entities decide to take civil action. As such, the following are considerations are presented for the Planning Commission Liaison Committee (“Committee”) to provide direction to City Staff:

1) What type of business(es) does the Committee want to include in the update to the City's Municipal Code regarding SB 1186:

   a. Allow only the non-storefront retail sale by delivery of medical cannabis only (minimally required by SB 1186)

   b. In addition to implementing the state mandate, which requires the City to allow for the non-storefront retail sale by delivery of medical cannabis only, does the Committee want to consider allowing other forms of commercial cannabis activity to occur in Beverly Hills such as:

      i. Sale of medical cannabis from a storefront (both in person sales and delivery ); OR
ii. Sale of cannabis for recreation and medical use (both in person and delivery)

iii. Any other recommendation of the Committee

2) Does the Committee want staff to look at modifying BHMC § 10-3-1606: Storage Warehouses; Restrictions to include prohibiting the non-storefront retail sale of medical cannabis only in zones R-1, R-1.5, and R-4 as well as prohibiting it in zone C-3 unless the business is not located on the ground floor and is not street facing?

3) Does the Committee want staff to look at modifying BHMC § 10-3-1652: Definition Retail Use. This could include adding the non-storefront retail sale of medical cannabis only as an exclusion to the definition of retail use, similar to what is already in existence for car dealers?

4) Does the Committee want staff to look at modifying BHMC §10-3-1654: Uses Permitted and Prohibited such that non-storefront retail sale of medical cannabis only is prohibited in a pedestrian oriented area to be consistent with BHMC § 10-6-1654 (C) of that section of the code?

5) Does the Committee want to include non-storefront retail of medical cannabis in the City’s business tax structure? For reference, staff believes this would be included in the Class B portion of the City’s schedule of fees and charges; however, the Committee could consider exempting medical cannabis from the schedule of fees and charges.

6) Does the Committee want to require business application fee for non-storefront retail of medical cannabis in the City?

7) What process does the Committee want to include in the application for opening a non-storefront retail sale of medical cannabis only in the City? (Attachment 11)

8) Does the Committee want to place an explicit prohibition on the delivery of “cannabis accessories”, branded merchandise (Attachment 12) of the licensee, or promotional materials?

9) Does the Committee want to consider public health and safety concerns related to security of the business that would require more security than currently listed in CCR § 5405 (b) (Attachment 13)?

It is also recommended the City include a statement that the ordinance shall not be interpreted as prohibiting patients within Beverly Hills or their caregivers from purchasing by delivery sufficient medical cannabis to meet their demands in a timely and readily accessible manner.

**RECOMMENDATION**

Staff recommends the Committee provide direction to staff regarding implementing Senate Bill 1186 (Wiener) - Medicinal Cannabis Patients’ Right of Access Act as specifically outlined in this report. The Committee may provide any direction it wishes on this subject.

Attachment 2
ORDINANCE NO. 17-O-2734

AN ORDINANCE OF THE CITY OF BEVERLY HILLS PROHIBITING ALL COMMERCIAL CANNABIS ACTIVITY (BOTH MEDICAL AND NON-MEDICAL) EXCEPT FOR DELIVERIES OF MEDICAL CANNABIS, MAKING RELATED MUNICIPAL CODE AMENDMENTS, AND FINDING THE ORDINANCE EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BEVERLY HILLS DOES ORDAIN AS FOLLOWS:

SECTION 1. Findings and Purpose.

A. The City of Beverly Hills, California (the "City") is a municipal corporation, duly organized under the constitution and laws of the State of California.

B. On November 8, 2016, California voters approved the Control, Regulate and Tax Adult Use of Marijuana Act ("AUMA"). The AUMA added Division 10 to the California Business and Professions Code, sections 26000, et seq., which grants State agencies the authority to create, issue, renew, discipline, suspend, or revoke licenses for cannabis businesses. The AUMA provides that the State shall begin issuing licenses to cannabis businesses under Division 10 of the California Business and Professions Code by January 1, 2018. California Business and Professions Code section 26055(e) provides that a State licensing authority shall not approve an application for a State license for commercial non-medical cannabis activity if approval of the State license will violate the provisions of any local ordinance.

C. On October 9, 2015, Governor Brown signed Assembly Bill No. 243, Assembly Bill No. 266, and Senate Bill 643 into law, which were collectively known as the Medical Cannabis Regulation and Safety Act (hereinafter "MCRSA"). The MCRSA established a State licensing scheme for commercial medical cannabis uses, while protecting local control by requiring that all such businesses have a local license or permit to operate in addition to a State license. The MCRSA allowed the City to completely prohibit commercial medical cannabis activities.

D. On June 22, 2017, the Planning Commission of the City of Beverly Hills held a public hearing on this proposed Ordinance, at which time all persons interested in the proposed Ordinance had the opportunity and did address the Planning Commission on these matters. Following the receipt of public testimony the Planning Commission closed the public hearing.

E. At the conclusion of the Planning Commission hearing and after due consideration of the testimony, the Planning Commission adopted Resolution No. 1813 recommending that the City Council adopt the proposed Ordinance, to prohibit all commercial cannabis activity except for the delivery of medical cannabis.

F. On June 27, 2017, the Governor signed into law Senate Bill 94 which repealed the MCRSA, included certain provisions of the MCRSA in the licensing provisions of the AUMA,
and created a single regulatory scheme for both medical and non-medical cannabis known as the Medicinal and Adult-Use Cannabis Regulation and Safety Act (“MAUCRSA”). The MAUCRSA retains the provisions in the MCRSA and the AUMA that granted local jurisdictions control over whether commercial cannabis activity could occur in a particular jurisdiction. Specifically, California Business and Professions Code section 26200 provides that the MAUCRSA shall not be interpreted to supersede or limit the authority of a local jurisdiction to adopt and enforce local ordinances that completely prohibit the establishment or operation of one or more businesses licensed under the State, within that local jurisdiction. Furthermore, the MAUCRSA provides that a State licensing authority shall not approve an application for a State license for a business to engage in commercial cannabis activity if approval of the State license will violate the provisions of any local ordinance or regulation. The MAUCRSA requires that a State licensing authority begin issuing licenses to marijuana businesses beginning January 1, 2018.

G. On July 18, 2017, the City Council of the City of Beverly Hills held a public hearing on the proposed Ordinance, at which time all persons interested in the proposed Ordinance had the opportunity and did address the City Council on these matters. Following the receipt of public testimony the City Council closed the public hearing.

10-3-4700 Purpose.

A. The purpose of this article is to expressly prohibit the establishment of commercial cannabis uses in the city.

B. The city council finds that prohibitions on commercial cannabis activity are necessary for the preservation and protection of the public health, safety, and welfare of the city. The prohibition of such uses is within the authority conferred upon the city council by State law and is an exercise of its police powers to enact and enforce regulations for the public health, safety and welfare of the city.

10-3-4701 Definitions.

For purposes of this chapter, the following definitions shall apply.

A. “Cannabis” means all parts of the plant Cannabis sativa linnaeus, Cannabis indica, or Cannabis ruderalis, whether growing or not; the seeds thereof; the resin, whether crude or purified, extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin. “Cannabis” also means the separated resin, whether crude or purified, obtained from cannabis. “Cannabis” includes cannabis that is used for medical, non-medical, or other purposes.

“Cannabis” does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination. “Cannabis” also does not include industrial hemp, as defined in California Health and Safety Code section 11018.5.

No person shall establish, operate, maintain, conduct, allow, or engage in commercial cannabis activity anywhere within the city. To the extent that this prohibition conflicts with any other provision of this Municipal Code, this prohibition will control.

B. A property owner shall not rent, lease or otherwise permit any person or business that engages in commercial cannabis activity to occupy real property in the city. A property owner shall not allow any person or business to establish, operate, maintain, conduct, or engage in commercial cannabis activity on any real property owned or controlled by that property owner that is located in the city.

C. Subsection A above shall prohibit all activities for which a State license is required pursuant to the MAUCRSA, as the same may be amended from time to time. Accordingly, the city shall not issue any permit, license or other entitlement for any activity for which a State license is required under the MAUCRSA, as the same may be amended from time to time. The city shall also not issue any local license to a non-profit entity pursuant to California Business and Professions Code section 26070.5.
D. To the extent not already prohibited by subsection A above, all deliveries of cannabis or cannabis products for non-medical purposes, to or from any location are expressly prohibited. No person shall conduct or perform any delivery of any cannabis or cannabis products for a non-medical purpose, which delivery either originates or terminates within the city. 10-3-4705 Violation, penalty.

In addition to any other enforcement permitted by this Section 10-3-205 of the Beverly Hills Municipal Code, the city attorney or city prosecutor may bring a civil action for injunctive relief and civil penalties against any person or entity that violates this chapter. In any civil action
brought pursuant to this article, a court of competent jurisdiction may award reasonable attorneys’ fees and costs to the prevailing party. Notwithstanding the penalties set forth in Section 10-3-205 of the Beverly Hills Municipal Code, no provision of Section 10-3-205 or this Article 47 authorizes a criminal prosecution, arrest or penalty inconsistent with or prohibited by Health and Safety Code section 11362.71, et seq. or section 11362.1, et seq., as the same may be amended from time to time. In the event of any conflict between the penalties enumerated under Section 10-3-205 of the Beverly Hills Municipal Code and any penalties set forth in State law, the maximum penalties allowable under State law shall govern.”

SECTION 6. The Ordinance has been assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (“CEQA”), the State CEQA Guidelines, and the environmental regulations of the City. Planning Division staff has determined that the adoption and implementation of the Ordinance is eligible for a class 5 categorical exemption for minor changes in land use limitations and will not have a significant environmental impact. The Ordinance is exempt from the environmental review requirements of CEQA pursuant to Section 15305 of Title 14 of the California Code of Regulations. Planning Division Staff has also determined that the Ordinance is exempt from the requirements of CEQA pursuant to CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that the adoption and implementation of the Ordinance to prohibit commercial cannabis activity except for the delivery of medical cannabis will have a significant effect on the environment. The adoption and implementation of the Ordinance will not result in a permanent alteration of property nor the construction of any new or expanded structures. The City Council has reviewed Planning Division Staff’s determination of exemption, and based on its own independent judgment, concurs with Staff’s determination of exemption. The City Council, therefore, directs that a Notice of Exemption be filed with the County Clerk of the County of Los Angeles in accordance with CEQA Guidelines.

SECTION 7. Severability. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance for any reason is held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance, and each section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

SECTION 8. Restatement of Existing Law. Neither the adoption of this Ordinance nor the repeal of any other Ordinance of this City shall in any manner affect the prosecution for violations of ordinances, which violations were committed prior to the effective date hereof, nor be construed as a waiver of any penalty or the penal provisions applicable to any violation thereof.

SECTION 9. Publication. The City Clerk shall cause this Ordinance to be published at least once in a newspaper of general circulation published and circulated in the city within fifteen (15) days after its passage in accordance with Section 36933 of the Government Code, shall certify to the adoption of this Ordinance and shall cause this Ordinance and the City Clerk’s certification, together with proof of publication, to be entered in the Book of Ordinances of the Council of this city.

-6-
SECTION 10. Effective Date. This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the thirty-first (31st) day after its passage.

Senate Bill No. 1186

CHAPTER 395

An act to amend Section 26200 of, and to add Chapter 26 (commencing with Section 26320) to Division 10 of, the Business and Professions Code, relating to cannabis.

[ Approved by Governor September 18, 2022. Filed with Secretary of State September 18, 2022. ]

LEGISLATIVE COUNSEL’S DIGEST

Existing law, the Compassionate Use Act of 1996, an initiative measure enacted by Proposition 215 at the November 6, 1996, statewide general election, declares that its purpose is, among other things, to ensure that seriously ill Californians have the right to obtain and use marijuana for medical purposes, as specified, and exempts from state criminal liability certain patients and their primary caregivers who possess or cultivate marijuana for the personal medical purposes of the patient. Existing law, known as the Medical Marijuana Program, establishes a voluntary registration program for qualified medicinal cannabis patients and their primary caregivers through a statewide identification card system maintained by the State Department of Public Health and sets forth guidelines for the possession of medicinal cannabis.

The Control, Regulate and Tax Adult-Use of Marijuana Act of 2016 (AUMA), an initiative measure approved as Proposition 64 at the November 8, 2016, statewide general election, established a comprehensive system to legalize, control, and regulate the cultivation, processing, manufacture, distribution, testing, and sale of nonmedical marijuana. AUMA reserved to a local jurisdiction specified powers regarding commercial adult-use cannabis activity, including adopting and enforcing local ordinances regulating commercial adult-use cannabis activity. Existing law, the Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA), among other things, consolidates the licensure and regulation of commercial medicinal and adult-use cannabis activities, including the retail sale of medicinal cannabis.

This bill would enact the Medicinal Cannabis Patients’ Right of Access Act, which, on and after January 1, 2024, would prohibit a local jurisdiction from adopting or enforcing any regulation that prohibits the retail sale by delivery within the local jurisdiction of medicinal cannabis to medicinal cannabis patients or their primary caregivers by medicinal cannabis businesses, as defined, or that has the effect of prohibiting the retail sale by delivery within the local jurisdiction of medicinal cannabis to medicinal cannabis patients or their primary caregivers in a timely and readily accessible manner and in types and quantities that are sufficient to meet demand from medicinal cannabis patients within the local jurisdiction, as specified. The bill, on and after January 1, 2024, would provide that the act may be enforced by an action for writ of mandate brought by a medicinal cannabis patient or their primary caregiver, a medicinal cannabis business, the Attorney General, or any other party otherwise authorized by law.
This bill would incorporate additional changes to Section 26200 of the Business and Professions Code proposed by AB 2210 to be operative only if this bill and AB 2210 are enacted and this bill is enacted last.

To the extent this bill would impose additional duties on local jurisdictions, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 26200 of the Business and Professions Code is amended to read:

(d) This section shall become operative on January 1, 2024.

26323. (a) This chapter may be enforced by an action brought pursuant to Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure by any of the following parties, who shall be beneficially interested within the meaning of Section 1086 of the Code of Civil Procedure:

(2) A medicinal cannabis business that seeks to offer medicinal cannabis for sale within the local jurisdiction.

(3) The Attorney General.

(4) Any other party otherwise authorized by law.

(b) This section shall not be construed to limit the availability of any other remedy otherwise available to enforce this chapter. The existence of any other remedy shall not restrict the availability of relief to enforce this chapter under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure.
(c) This section shall become operative on January 1, 2024.

26324. Nothing in this chapter shall be construed to limit or otherwise affect the ability or right of a local jurisdiction to regulate adult-use cannabis pursuant to Section 26200.

26325. This chapter addresses a matter of statewide concern and not a municipal affair, as that term is used in Section 5 of Article XI of the California Constitution.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 26200 of the Business and Professions Code proposed by both this bill and Assembly Bill 2210. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2023, (2) each bill amends Section 26200 of the Business and Professions Code, and (3) this bill is enacted after Assembly Bill 2210, in which case Section 1 of this bill shall not become operative.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
Attachment 4
(a) (1) Except as set forth in the Medicinal Cannabis Patients' Right of Access Act (Chapter 26 (commencing with Section 26320)), this division shall not be interpreted to supersede or limit the authority of a local jurisdiction to adopt and enforce local ordinances to regulate businesses licensed under this division, including, but not limited to, local zoning and land use requirements, business license requirements, and requirements related to reducing exposure to secondhand smoke, or to completely prohibit the establishment or operation of one or more types of businesses licensed under this division within the local jurisdiction.

(2) Except as set forth in the Medicinal Cannabis Patients' Right of Access Act (Chapter 26 (commencing with Section 26320)), this division shall not be interpreted to supersede or limit existing local authority for law enforcement activity, enforcement of local zoning requirements or local ordinances, or enforcement of local license, permit, or other authorization requirements.

(b) This division shall not be interpreted to require the department to undertake local law enforcement responsibilities, enforce local zoning requirements, or enforce local licensing, permitting, or other authorization requirements.

c) A local jurisdiction shall notify the department upon revocation of any local license, permit, or authorization for a licensee to engage in commercial cannabis activity within the local jurisdiction. Within 60 days of being so informed, the department shall begin the process to determine whether a license issued to the licensee should be suspended or revoked pursuant to Chapter 3 (commencing with Section 26030).

d) For facilities issued a state license that are located within the incorporated area of a city, the city shall have full power and authority to enforce this division and the regulations promulgated by the department, if delegated by the state. Notwithstanding Sections 101375, 101400, and 101405 of the Health and Safety Code or any contract entered into pursuant thereto, or any other law, the city shall assume complete responsibility for any regulatory function pursuant to this division within the city limits that would otherwise be performed by the county or any county officer or employee, including a county health officer, without liability, cost, or expense to the county.

e) (1) This division does not prohibit the issuance of a state temporary event license to a licensee authorizing onsite cannabis sales to, and consumption by, persons 21 years of age or older at a county fair event, district agricultural association event, or at another venue expressly approved by a local jurisdiction for the purpose of holding temporary events of this nature, provided that the activities, at a minimum, comply with all the following:

   (A) The requirements of paragraphs (1) to (3), inclusive, of subdivision (g).

   (B) All participants who are engaged in the onsite retail sale of cannabis or cannabis products at the event are licensed under this division to engage in that activity.

   (C) The activities are otherwise consistent with regulations promulgated and adopted by the department governing state temporary event licenses, except as otherwise provided in paragraphs (6), (7), and (8).

   (D) A state temporary event license shall only be issued in local jurisdictions that authorize such events.

   (E) A licensee who submits an application for a state temporary event license shall, 60 days before the event, provide to the department a list of all licensees that will be providing onsite sales of cannabis or cannabis products at the event. If any changes occur in that list, the licensee shall provide the department with a final updated list to reflect those changes. A person shall not engage in the onsite retail sale of cannabis or
cannabis products, or in any way participate in the event, who is not included in the list, including any updates, provided to the department.

(2) The department may impose a civil penalty on any person who violates this subdivision, or any regulations adopted by the department governing state temporary event licenses, in an amount up to three times the amount of the license fee for each violation, consistent with Sections 26018 and 26038.

(3) The department may require the event and all participants to cease operations without delay if in the opinion of the department or local law enforcement it is necessary to protect the immediate public health and safety of the people of the state. The department may also require the event organizer to immediately expel from the event any participant selling cannabis or cannabis products without a license from the department that authorizes the participant to sell cannabis or cannabis products. If the unlicensed participant does not leave the event, the department may require the event and all participants to cease operations immediately.

(4) The order by the department for the event to cease operations pursuant to paragraph (3) does not entitle the event organizer or any participant in the event to a hearing or an appeal of the decision. Chapter 3 (commencing with Section 490) of Division 1.5 and Chapter 4 (commencing with Section 26040) of this division shall not apply to the order by the department for the event to cease operations pursuant to paragraph (3).

(5) The smoking of cannabis or cannabis products at temporary events authorized pursuant to this subdivision is prohibited in locations where smoking is prohibited. For purposes of this section, “smoking” has the same meaning as defined in subdivision (c) of Section 22950.5.

(6) (A) All licensees who are issued a state temporary event license allowed pursuant to this subdivision may, upon completion or cessation of the temporary event, reconcile unsold inventory of cannabis or cannabis products and return it to the licensee’s retail premises.

(B) All unsold inventory of cannabis or cannabis products from the temporary event shall be noted in track and trace prior to transport.

(C) All unsold inventory of cannabis or cannabis products from the temporary event shall be in its original packaging in which it was placed pursuant to Chapter 12 (commencing with Section 26120).

(7) The inventory of cannabis or cannabis products authorized to be sold by a state temporary event license pursuant to this subdivision shall only be transported to and from the temporary event by a licensed distributor or licensed microbusiness.

(8) The department shall not deny an application for a state temporary event license pursuant to this subdivision solely on the basis that there is a license issued pursuant to the Alcoholic Beverage Control Act (Division 9 (commencing with Section 23000)) for the proposed premises of the event. Furthermore, the Department of Alcoholic Beverage Control shall not take any disciplinary action against a person licensed pursuant to the Alcoholic Beverage Control Act on the basis of a state temporary event license issued by the department to a licensee pursuant to this subdivision that utilizes the same premises as the person licensed pursuant to the Alcoholic Beverage Control Act.

(A) All on- and off-sale privileges of alcoholic beverages at the venue shall be suspended for the day of the event and shall not resume until 6 a.m. on the day after the event has ended.

(B) Alcohol consumption on the venue premises shall be strictly prohibited for the day of the event and shall not resume until 6 a.m. on the day after the event has ended.

(f) This division, or any regulations promulgated thereunder, shall not be deemed to limit the authority or remedies of a city, county, or city and county under any provision of law, including, but not limited to, Section 7 of Article XI of the California Constitution.

(g) Notwithstanding paragraph (1) of subdivision (a) of Section 11362.3 of the Health and Safety Code, a local jurisdiction may allow for the smoking, vaporizing, and ingesting of cannabis or cannabis products on the premises of a retailer or microbusiness licensed under this division if all of the following are met:

(1) Access to the area where cannabis consumption is allowed is restricted to persons 21 years of age or older.

(2) Cannabis consumption is not visible from any public place or nonage-restricted area.

(3) Sale or consumption of alcohol or tobacco is not allowed on the premises.

(h) This division shall not be interpreted to supersede Section 6404.5 of the Labor Code.
(I) This section does not alter or affect the prohibition on the sale of alcoholic beverages by a licensee, as provided
in Section 26054, on or at a venue premises licensed under this division.

Attachment 6
ARTICLE 16.5. RESTRICTED USES IN PEDESTRIAN ORIENTED AREAS

10-3-1651: PURPOSE AND INTENT:
The city's urban design policies call for an urban village design in certain retail areas to promote pedestrian usage. The city council finds that it is necessary to restrict the uses within these areas in order to preserve the urban village atmosphere and promote pedestrian friendly development. The city council further finds that it is necessary and desirable to protect the public health, safety and general welfare to prevent the commercial spaces in these areas from being dominated by nonretail uses in order to preserve the city's retail tax base and ensure the city's continued ability to provide essential services to its residents. (Ord. 81-O-1784, eff. 3-18-1981; amd. Ord. 02-O-2391, eff. 3-8-2002)

RESTRICTED USE: Any nonretail use or car dealer.

RETAIL USE: A use which carries on as its principal business the selling of tangible commodities, goods, merchandise or wares, including the selling of food and beverages, directly to the ultimate consumers. For the purposes of this article, notwithstanding and without limiting the foregoing definition, "retail use" shall include restaurants, bars, nightclubs, theaters, beauty shops, nail salons, and spas with a retail component, and retail businesses as defined in section 10-3-100 of this chapter, but shall exclude car dealers. (Ord. 81-O-1784, eff. 3-18-1981; amd. Ord. 02-O-2391, eff. 3-8-2002; Ord. 11-O-2602, eff. 2-11-2011)

10-3-1654: USES PERMITTED AND PROHIBITED:
A. No use other than a retail use or a hotel shall occupy a space with more than twenty five feet (25') of street frontage on the ground floor of any building or structure located in a pedestrian oriented area.

B. Notwithstanding subsection A of this section, for any building or structure situated at the corner of two (2) streets located in a pedestrian oriented area and with frontage on both streets, a use other than a retail use or a hotel may occupy a space with up to twenty five feet (25') of ground floor street frontage on each street for a total ground floor street frontage of up to fifty feet (50').

10-3-1655: EXCEPTIONS:
A. Notwithstanding any other provision of this article, the director of planning and community development may issue a minor accommodation pursuant to the provisions of article 36 of this chapter to authorize a restricted use to occupy a space in a pedestrian oriented area with a width of up to thirty feet (30') provided that the director makes the following findings:

1. The proposed restricted use is compatible with and will not result in any substantial adverse impacts to surrounding uses;

2. Granting the request for a minor accommodation will leave ample space available for future retail uses and will not result in an overconcentration of nonpedestrian oriented uses in the block in which the proposed restricted use will be located;

3. The architectural style of the facade for the proposed restricted use is compatible with adjacent development and is consistent with the city's urban design policies;

4. A restricted use is appropriate for the proposed space because:
   a. Structural constraints imposed by the design of the building are unduly restrictive on the use of the subject lease space thereby limiting the opportunity for retail or hotel uses in the proposed space; or
   b. The configuration of the building in which the proposed space is located is not suited to pedestrian oriented retail uses and does not contribute to the pedestrian experience.

B. Notwithstanding any other provision of this article, the planning commission may issue a conditional use permit pursuant to the provisions of article 38 of this chapter to allow a restricted use to occupy any space subject to the provisions of this article. In addition to considering the criteria for conditional use permits set forth in article 38 of this chapter, the planning commission shall make the following findings:

1. The proposed restricted use is compatible with and will not result in any substantial adverse impacts to surrounding uses;
2. Granting the request for a conditional use permit will not result in an overconcentration of nonpedestrian oriented uses in the block in which the proposed restricted use will be located;

3. Granting the request for a conditional use permit will not adversely impact the public health, safety or general welfare and will leave ample space available for future retail growth in designated pedestrian oriented areas;

4. The configuration of the building in which the proposed space is located is not suited to pedestrian oriented retail uses and does not contribute to the pedestrian experience. (Ord. 81-O-1784, eff. 3-18-1981; amd. Ord. 02-O-2391, eff. 3-8-2002)
Attachment 7
between licensees may be permitted under new regulations.  284

4. Non-Storefront Retail

A non-storefront retailer licensee is authorized to conduct retail sales exclusively by delivery. 285 A non-storefront retailer is required to comply with all regulations relating to retail storefronts, except for those provisions relating to public access to the licensed premises and the retail area, as the non-storefront retail facility is closed to the public. 286

5. Cannabis Deliveries

Licensed store-front retailers, non-storefront retailers, and microbusinesses can engage in delivery of cannabis and cannabis products. 287 Deliveries are included as a type of commercial cannabis activity under Business and Professions Code section 26070.5.

The Bureau adopted minimum security and transportation safety requirements for the commercial delivery of cannabis and cannabis products. 288 These regulations specify, among other things, requirements for delivery employees, technological platforms for delivery, authorized delivery locations, delivery vehicle requirements, allowed cannabis goods carried during delivery, delivery request receipts, and delivery routes.

Some general requirements relating to the delivery vehicle include, but are not limited to, the following: the vehicle cannot have any markings or other indications on the exterior that can indicate it is used for cannabis delivery; 289 the cannabis goods need to be locked in a fully enclosed box or container that is separate from the vehicle and secured to the vehicle; 290 the delivery vehicle needs to have a dedicated Global Positioning System (GPS) used for the delivery vehicle only; 291 and any vehicle used by a licensed retailer for delivery is subject to inspection by the state. 292

Other regulations provide that the delivery driver cannot carry cannabis goods in the delivery vehicle with a value in excess of $5,000 at any time. 293 Additionally, the delivery driver must be at least 21 years of age, must deliver to a physical address in California, and cannot deliver cannabis goods to an address on publicly owned land or in a building leased or owned by a public agency. 294

Under AUMA, cities can ban or regulate deliveries within their borders. 295 However, cities cannot prevent a delivery service from using public roads to pass through their jurisdiction. 296

On January 25, 2019, the Bureau promulgated Regulation 5416 (d), which provides that a delivery employee may deliver to any jurisdiction within California provided that such delivery is conducted in compliance with all regulations in Division 42.
of Title 16 of the California Code of Regulations. Regulation 5416 (d) can arguably be interpreted to mean that delivery of cannabis goods is authorized in any city within California, regardless of whether the city regulates or bans deliveries within its borders.

However, in April 2019, a number of cities and the County of Santa Cruz filed a complaint against the Bureau challenging Regulation 5416 (d) and seeking judicial declarations that, among other things, the Bureau exceeded its authority in promulgating Regulation 5416 (d) and has no authority to preempt local control over commercial cannabis activities. In an order dated November 17, 2020, the trial court concluded that the issue was not ripe for decision because Regulation 5416(d) does not command local jurisdictions to do anything or preclude them from doing anything. Although the Bureau had taken a contrary position in a separate lawsuit, in this case the Bureau argued that Regulation 5416 (d) did not preempt local ordinances regulating deliveries. Concluding that the Bureau was not judicially estopped from arguing such a contrary position, the trial court agreed with the Bureau that Regulation 5416 (d) does not preempt or conflict with any local ordinances regulating or banning deliveries, nor does it preclude the plaintiffs from enforcing such ordinances. As such, the matter was not ripe for adjudication.

**H. Cannabis Microbusinesses**

A microbusiness is a business that engages in multiple areas of commercial cannabis activity. In order to hold a microbusiness license, a licensee must engage in at least three of the following commercial cannabis activities: cultivation, manufacturing, distribution, and retail sale. A microbusiness (Type 12 License) can be issued for a microbusiness that conducts cultivation of cannabis on an area less than 10,000 square feet and to act as a licensed distributor, Level 1 manufacturer, and retailer under this division, provided such licensee can demonstrate compliance with all requirements imposed by this division on licensed cultivators, distributors, Level 1 manufacturers, and retailers to the extent the licensee engages in such activities.

There were two different licensing authorities for a microbusiness prior to July 2021: the Bureau and the CDFA. With the passage of AB 141, all cannabis licensing authority rests with the DCC. The Bureau and the CDFA had each established a process by which an applicant for a microbusiness license can demonstrate compliance with all the requirements for the activities that will be conducted under the license.

A holder of a microbusiness license shall comply with the following:

- **a.** A holder of a microbusiness license engaged in cultivation shall comply with all the rules and requirements applicable to the cultivation license type suitable for the cultivation activities of the licensee.

- **b.** A holder of a microbusiness license engaged in manufacturing shall comply with all the rules...
