Water Service Restored in West Hollywood

(BEVERLY HILLS) – Water was restored at 4 p.m. Thursday to a neighborhood in West Hollywood served by the Beverly Hills Water Co. The water had been shut off since Wednesday night, due to a water main break in the 8800 block of Harratt Street. City crews worked non-stop to locate the problem, shut off the water and make the repairs. The street is closed while clean-up continues.

Approximately 12-15 single and multi-family buildings were affected by the outage. Several homes in the neighborhood have sustained some water damage, and one resident was displaced for the evening.

The Beverly Hills Water Co. provided bottled water to residents in the affected area.
