The City of Beverly Hills Moves Forward on Dog Park

Design Work begins on Dog Park on Foothill Road and Alden Drive

Beverly Hills, Calif. – Beverly Hills City Council unanimously voted to move forward on the development of a dog park on the southeast corner of Foothill Road and Alden Drive after having adopted the Mitigated Negative Declaration and the Agreement with RTK Architects.

The adoption of the Mitigated Negative Declaration will ensure that mitigation measures are met through project construction. The adoption of the Agreement between the City of Beverly Hills and RTK Architects, Inc. will allow for RTK Architects to move forward on consultant design services in connection with the dog park.

The operational plan and detailed design are being developed and will be addressed at a later date.
