

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Drones	
DJI Mavic 2 Enterprise Dual (BH-3)	
Description	Unmanned Aerial Vehicle (UAV)
Quantity	1
Capability	The DJI Mavic 2 Enterprise Advanced is a commercial-grade UAV. It is a battery powered, remote operated device. Its controller allows the operator(s) to control and view live feed from the UAV-mounted cameras. The UAV is able to record video and has approximately 20-25 minutes of flight time. This UAV has an attachable spotlight, loud speaker, and strobe.
Life Span	Approximately 5 years
Manufacturer's Description	The Mavic 2 Enterprise is built on the Mavic 2 flight platform. It is an all-in-one drone solution for industrial applications. It features an extended port to mount DJI modular accessories, and comes with a self-heating battery, 24 GB onboard storage, DJI AirSense, and is compatible with the DJI Pilot mobile app.
Purpose	Aerial over watch to assist officers or incident commanders with situations with include but are not limited to: <ol style="list-style-type: none"> 1. Response to emergency calls 2. Major collision investigations 3. Search for missing persons 4. Crime scene investigations 5. Natural disaster management 6. SWAT, tactical or other public safety and life preservation operations
Authorized Use	Authorized operators who have completed the required training and have received a FAA Part 107 Certificate are be permitted to operate the UAV.
Legal and Procedural Rules	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$3,850 Re-Occurring Costs: N/A Maintenance Costs: Approximately \$500 Year Obtained:2019 How acquired: Department funds
Training	Operators must have a FAA Part 107 Certificate
Necessity	Government Code § 7071(d)(1)(A) The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. The use of UAV allows police personnel to assess potentially dangerous situations from a safe vantage point and can be used to direct police resources on the ground and mitigate the risk of harm to officers

BEVERLY HILLS POLICE DEPARTMENT

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Drones	
DJI Mavic Mini (BH-4)	
Description	Unmanned Aerial Vehicle (UAV)
Quantity	1
Capability	DJI Mavic Mini can hover and fly indoors as well as outdoors and Return to Home automatically. It is able to record video and take photographs. Its maximum flight speed is 29 mph and has an approximate 30 minute flight time.
Life Span	Approximately 5 years
Manufacturer's Description	Featuring a Downward Vision System and Infrared Sensing System, DJI Mavic Mini can hover and fly indoors as well as outdoors and Return to Home automatically. With a fully stabilized 3-axis gimbal and 1/2.3" sensor camera, Mavic Mini shoots 2.7K video and 12 MP photos. Mavic Mini has a maximum flight speed of 29 mph and a maximum flight time of 30 minutes.
Purpose	When a legal justification exists to enter a location, the UAV can assist officers or incident commanders with indoor tactical views.
Authorized Use	Authorized operators who have completed the required training and paired with a 107 certified pilot.
Legal and Procedural Rules	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$500 Re-Occurring Costs: 0 Maintenance Costs: \$250 Year Obtained:2020 How acquired: Department funds
Training	Pilots must have a good understanding of controls and capabilities in order to be effective.
Necessity	Government Code § 7071(d)(1)(A) The UAV provides visibility to high-risk locations. It is able to enter small, enclosed structures as well as provide overhead observations. There is no known alternatives which could provide the same visibility to safely access these locations.
Public Welfare	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public.
Cost Effective	Government Code § 7071(d)(1)(C) The initial \$500 cost is negligible.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Tactical Drones	
Brinc LEMUR Tactical Interior Drone	
Description	Unmanned Aerial Vehicle
Quantity	2
Capability	The Brinc LEMUR Advanced is a commercial-grade UAV specifically designed for interior use. This UAV is a battery powered, remote operated device. The controller facilitates two-way conversation between first responders and people they need to help through a set of two ultra-sensitive microphones and a small lightweight loudspeaker. The Controller allows operators to control the UAV and view live feed from UAV-mounted cameras. Flight time of approximately 30 minutes per battery, depending on weather and flight conditions.
Life Span	Approximately 5 years
Manufacturer's Description	The Brinc LEMUR is an American-made purpose-built tactical UAV designed to aid special response teams in barricade, hostage, active shooter, and other high-risk situations. Novel battery technology based on proven Lithium-Ion chemistry allows for best in class flight time. Included micro SD card, carbon fiber reinforced propeller ducts enable the drone to bounce off walls and push open doors. Crashes do not end missions with the LEMUR ends up on its back, it can flip itself over and relaunch to finish the mission.
Purpose	When a legal justification exists to enter a location, the LEMUR provides an aerial interior over watch in support of tactical /critical situations to enhance the safety and efficiency of law enforcement.
Authorized Use	Authorized operators who have completed the required training shall be permitted to operate the UAV.
Legal and Procedural Rules	It is the policy of the BHPD to utilize UAV only for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$26,000 (Total cost for 2) Re-Occurring Costs: N/A Maintenance Costs: Approximately \$500 Year Obtained:2022 How acquired: UASI Grant
Training	FAA Part 107 Certificate. Monthly in-house training
Necessity	Government Code § 7071(d)(1)(A) The UAV provides visibility to high-risk locations. It is able to enter small, enclosed structures as well as provide overhead observations. There is no known alternatives which could provide the same visibility to safely access these locations.
Public Welfare	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Cost Effective	Government Code § 7071(d)(1)(C)	\$26,000 is a reasonable cost for 2 commercial-grade UAVs with a 5 year life span. Furthermore, these drones were acquired from federal grant funds at no cost to the City.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department policies were evaluated and reviewed with corrective action taken pursuant to Policy 1010 and Policy 320 when appropriate. After the adoption of this Policy, the designated Military Equipment Coordinator will ensure future compliance with this Policy.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Tactical Drones	
EMAX Tinyhawk III	
Description	Unmanned aerial vehicle
Quantity	8
Capability	Training drone is designed with similar operating characteristics as the LEMUR tactical drone
Life Span	Approximately 5 years
Manufacturer's Description	Featuring a quad copter, Avan TH Turtle mode-3, Nano 4 camera, 7 minute fly time, max distance about 400 meters, small size allows for maneuverability in confine spaces, durable design allows for easy repairs for continued performance. The Tinyhawk is capable of flying outdoors and indoors due to the protected props.
Purpose	Training
Authorized Use	Officers and supervisors who have training and paired with a 107 certified pilot.
Legal Authority	It is the policy of the BHPD to utilize UAV only for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Legal and Procedural Rules	It is the policy of the BHPD to utilize UAV only for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$2,132 (Total cost for 8) Re-Occurring Costs: \$140 Maintenance Costs: \$280 Year Obtained:2020 How acquired: UASI Grant
Training	No official training required. However, pilots must have a good understanding of controls and capabilities in order to be effective.
Necessity	Government Code § 7071(d)(1)(A) Training drones are a necessity in order to provide police personnel opportunities to train with drone equipment without the risk of damaging more expensive equipment and to ensure proper procedures are followed.
Public Welfare	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public. The use of training drones positively impact public welfare by ensuring police personnel are poperly trained in these drones.
Cost Effective	Government Code § 7071(d)(1)(C) The initial \$2,132 (for 8 drones) cost is negligible. Furthermore, these drones were acquired from federal grant funds at no cost to the City.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Third Party Vendor Drones	
DJI M300 DFR	
Description	Unmanned Aerial Vehicle (UAV)
Quantity	1
Capability	The DJI Matrice 300 RTK is a commercial-grade UAV. It is a battery powered, remote operated device. Its controller allows the operator(s) to control and view live feed from the UAV-mounted cameras. The UAV is able to record video and has approximately 20-55 minutes of flight time. This UAV has an attachable camera.
Life Span	Approximately 5 years
Manufacturer's Description	The Matrice 300 RTK is DJI's latest commercial drone platform that takes inspiration from modern aviation systems. It offers up to 55 minutes of fight time, advanced AI capabilities, 6 Directional Sensing and positioning.
Purpose	Aerial over watch to assist officers or incident commanders with situations with include but are not limited to: <ol style="list-style-type: none"> 1. Response to emergency calls 2. Major collision investigations 3. Search for missing persons 4. Crime scene investigations 5. Natural disaster management 6. SWAT, tactical or other public safety and life preservation operations
Authorized Use	Authorized operators who have completed the required training and have received a FAA Part 107 Certificate shall be permitted to operate the UAV.
Legal and Procedural Rules	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$0 (actual cost = \$10,000). Re-Occurring Costs: Drones are owned by a vender and leased by Beverly Hills PD. Maintenance Costs: \$800 weekly Year Obtained:2021 How acquired: Department funds
Training	Tele- operators must have a FAA Part 107 Certificate
Necessity	Government Code § 7071(d)(1)(A) The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. The use of UAV allows police personnel to assess potentially dangerous situations from a safe vantage point and can be used to direct police resources on the ground and mitigate the risk of harm to officers and the public. There is no known alternative which could provide the same capabilities.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Public Welfare	Government Code § 7071(d)(1)(B)	The use of these UAV's positively impact public welfare as they expedite the arrival of police resources at emergency calls for service and improve they promote de-escalation and appropriate tactics.
Cost Effective	Government Code § 7071(d)(1)(C)	These drones are leased from a third party vendor which is more cost effective than purchasing multiple drones to have continuous, uninterrupted service.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department policies were evaluated and reviewed with corrective action taken pursuant to Policy 1010 and Policy 320 when appropriate. After the adoption of this Policy, the designated Military Equipment Coordinator will ensure future compliance with this Policy.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Long Range Acoustic Device (LRAD)		
Description	LRAD 100X Mag-HS LRAD is a high intensity directional acoustic array for long range, crystal clear hailing, Notification, and an unmistakable warning tone.	
Quantity	3	
Capability	The LRAD is primary used as a communication device. The LRAD 100X ensures voice messages are clearly heard and understood. It is self-contained, portable and has an extended voice broadcast that ranges out to 600 meters. LRAD's optimized driver, waveguide, and power efficiency technologies enable the LRAD 100X to provide several hours of clear, continuous communication from a single battery charge.	
Life Span	25 years	
Manufacturer's Description	LRAD 100X portable Long Range Acoustic Device hailing tactical communications.	
Purpose	To address the public in the event of emergencies, natural disasters, evacuations, and police incidents (e.g., missing persons, perimeters for wanted suspects/ K-9 deployments, etc.) or to be used to issue dispersal orders during crowd and riot control situations. The LRAD may also be used as a warning tone.	
Authorized Use	The LRAD shall only be used by officers and supervisors trained in its deployment and used in a manner consistent with department policy and procedure.	
Legal and Procedural Rules	The LRAD shall only be used for official law enforcement purposes and pursuant to State and Federal law.	
Fiscal Impact	Initial Cost: \$24,801 Wired Kit: \$2,845 Control Box: \$2,933 Re-Occurring Costs: average annual cost of approximately \$1,000 Year Obtained: 2018 How acquired: Equipment Replacement Fund (Fund 400)	
Training	All operators receive training prior to operating the LRAD in the field.	
Necessity	Government Code § 7071(d)(1)(A)	The LRAD is only used when standard sound amplification equipment is not sufficient to provide adequate range or capability needed. There is no reasonable alternative that would suffice in the situations where the LRAD is necessary.
Public Welfare	Government Code § 7071(d)(1)(B)	The LRAD is used in situations necessary to address the public. It can also be used as a safe deterrent against hostile crowds or individuals.
Cost Effective	Government Code § 7071(d)(1)(C)	\$24, 801 is a reasonable cost for a piece equipment with a 25 year life span.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department policies were evaluated and reviewed with corrective action taken pursuant to Policy 1010 and Policy 320 when appropriate. Item Category: Robotics	
Recon Robot	
Description	Tactical "Throwbot" Recon Robotics
Quantity	2
Capability	Throwbot 2 robot is an unmanned machine operating on the ground to enhance the safety of officers and the community. It can be thrown into hazardous situations and is designed to be able to crawl over a variety of terrain, clearing obstacles up to 2" tall.
Life Span	10+ years
Manufacturer's Description	The Throwbot 2 (TB2) robot is a throwable micro-robot platform that enables operators to obtain instantaneous video and audio reconnaissance within indoor or outdoor environments.
Purpose	When a legal justification exists to enter a location, the Recon Robot can be used to remotely gain visual/audio data and clear the interior/exterior locations for possible threats or hazards.
Authorized Use	Trained operators may use the device at the discretion of the Incident Commander.
Legal and Procedural Rules	It is the policy of BHPD to utilize a robot only for official law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$15,500 Re-Occurring Costs: N/A Maintenance Costs: Covered by Warranty Year Obtained:2009-2021 How acquired: Equipment Replacement Fund (Fund 400)
Training	All operators shall attend a formalized in-house instructional program.
Necessity	Government Code § 7071(d)(1)(A) Unmanned ground robots are used for reconnaissance during critical incidents to assist in providing visibilitiy in areas where it would be unsafe to send officers. They can also be used to defuse or move potentially hazarouds items. There is no known alterantive to this system.
Public Welfare	Government Code § 7071(d)(1)(B) Without robots, officers would have to deploy into high-risk situations which would increase the risk for both the officers and the members of the public.
Cost Effective	Government Code § 7071(d)(1)(C) \$15,500 is the standard cost for this type of equipment with a life span of more than 10 years.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental

Avatar II	
Description	Avatar 2 Tactical Robot
Quantity	1
Capability	The Avatar is an unmanned machine operating on the ground to enhance the safety of officers and the community. It is used to detect, reduce and clear threats in complex terrain and confined spaces. It has the ability to manipulate objects with an articulating arm and has microphone and loudspeaker for communication.
Life Span	10+ years
Manufacturer's Description	The AVATAR [®] enhances the capabilities of SWAT and tactical response teams by allowing them to quickly and safely inspect dangerous situations, there is no longer a need to send personnel in before you've had a chance to assess the situation.
Purpose	When a legal justification exists to enter a location, the Avatar can be used to remotely gain visual/audio data and clear the interior/exterior locations for possible threats or hazards.
Authorized Usage	Trained operators may use the device at the discretion of the Incident Commander.
Legal and Procedural Rules	It is the policy of BHPD to utilize a robot only for official law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
Fiscal Impact	Initial Cost: \$26,266 Re-Occurring Costs: N/A Maintenance Costs: Varies Year Obtained: 2015 How acquired: Equipment Replacement Fund (Fund 400)
Training	Annual 8 hour training course.
Necessity	Government Code § 7071(d)(1)(A) Unmanned ground robots are used for reconnaissance during critical incidents to assist in providing visibility in areas where it would be unsafe to send officers. They can also be used to defuse or move potentially hazardous items. There is no known alternative to this system.

Item Category: Mobile Tactical Command Vehicle		
Description	Freightliner M2 Business Class Chassis	
Quantity	1	
Capability	This vehicle is used as a Tactical Operations Command Center and for carrying equipment for the tactical teams.	
Life Span	20 Years	
Manufacturer's Description	2012 M2 Business Class 19,501-26,000 GVW, straight Trucks, Emergency Services, Tactical	
Purpose	This vehicle is used in support of tactical operations based on the specific circumstances of a given critical incident, large event, Tactical Operations Center (TOC), natural disaster or community supporting event.	
Authorized Use	Special Weapons and Tactics Team (SWAT)	
Legal and Procedural Rules	It is the policy of BHPD to utilize tactical vehicles only for official law enforcement purposes, and pursuant to State and Federal law.	
Fiscal Impact	Initial Cost: \$254,711 Re-Occurring Costs: average annual cost of \$2,814 Year Obtained: 2011 How acquired: Asset Forfeiture funds	
Training	The driver/operator shall receive training in the safe handling of the vehicle on a closed training course and in and around the city streets. Once the operator has shown competence in the vehicle handling, the driver/ operator will drive the vehicle throughout the city with an experienced driver.	
Necessity	Government Code § 7071(d)(1)(A)	The Tactical Operations Command Center is equipped with specific communication and audio-visual devices to assist in the command and control of a critical incident. It stores SWAT operators equipment, which helps provide for a quicker response to critical incidents. There is no known alternative for the Tactical Operations Command Center which provides the same amount of mobility and support at one location in a quick deployment.
Public Welfare	Government Code § 7071(d)(1)(B)	The Tactical Operations Command Center allows for mobile incident command and use of the Incident Command Systems facilitating for the best possible on scene decision-making by key leaders.
Cost Effective	Government Code § 7071(d)(1)(C)	This highly specialized vehicle has a life span of 20 years and is cost effective.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military

Item Category: Armored Vehicle (Bearcat)		
Description	Ford /Lenco Armored Vehicle	
Quantity	1	
Capability	The Bearcat is an armored vehicle that seats 10-12 personnel and can be utilized as a rescue vehicle. It can stop various projectiles, which provides greater safety to citizens and officers.	
Life Span	20 years	
Manufacturer's Description	2009 Ford F550 10,001-14,000 GVW Armored Emergency Services Vehicle	
Purpose	To be used in response to critical incidents as a rescue vehicle and/ or deliver tactical elements into a high threat area.	
Authorized Use	The use of the armored vehicles shall only be authorized by the watch commander or SWAT commander, based on the specific circumstances of a given critical incident. The armored vehicle shall be used by officers trained and in a manner consistent with policy and training.	
Legal and Procedural Rules	It is the policy of BHPD to utilize armored vehicles only for official law enforcement purposes, and pursuant to State and Federal law.	
Fiscal Impact	Initial Cost: \$246,429 Re-Occurring Costs: average annual cost of \$1,098 Year Obtained: 2009 How acquired: Department funds	
Training	All sworn personnel are trained in the basic vehicle operations and practical driving instruction. Officers and supervisors who attend SWAT school are the primary armored vehicle instructors.	
Necessity	Government Code § 7071(d)(1)(A)	Armored vehicles allow officers closer access to high-risk situations while substantially reducing the physical risk to the officers and citizens. There are no reasonable alternatives to providing the same level of ballistic protection.
Public Welfare	Government Code § 7071(d)(1)(B)	Armored vehicles are used to provide ballistic protection to officers and citizens during rescue, critical incidents, and hazardous situations.
Cost Effective	Government Code § 7071(d)(1)(C)	This highly specialized vehicle has a life span of 20 years and has the potential to save human lives.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental

Capability	Match Grade Precision Round, Limited Penetration	
Life Span	No listed expiration date	
Manufacturer's Description	Designed specifically for the 308 AR-10 platform and its variants, the resilient tip of the ELD Match bullet aids in reliable feed and function, and the propellant is specifically tailored to efficiently operate in the AR-10. The 155 gr. ELD® Match bullet with Heat Shield® tip delivers the excellent terminal performance TAP Precision® is known for, but features a resilient, heat resistant polymer tip that improves the ballistic coefficient, resulting in higher impact velocities, less drop, less wind drift, and more energy on target.	
Purpose	Match Grade Precision Round with limited penetration	
Authorized Use	BHPD SWAT	
Legal and Procedural Rules	It is the policy of BHPD to utilize ammunition only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 404 – Crisis Response Unit	
Fiscal Impact	Initial Cost:\$250 (200 rounds) Re-Occurring Costs: \$5,000 (annual) Maintenance Costs: No maintenance cost Year Obtained:2020 How acquired: Department Funds	
Training	Successful completion of a SWAT long rifle school	
Necessity	Government Code § 7071(d)(1)(A)	This bullet is designed to penetrate hardened or bullet-resistant targets. As such, there are no alternatives to this ammunition.
Public Welfare	Government Code § 7071(d)(1)(B)	This bullet enables officers to address armored threats providing safety to both the officers and the public.
Cost Effective	Government Code § 7071(d)(1)(C)	The cost is negligible at \$1.25 each.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department policies were evaluated and reviewed with corrective action taken pursuant to Policy 1010 and Policy 320 when appropriate. After the adoption of this Policy, the designated Military Equipment Coordinator will ensure future compliance with this Policy.

Hornady TAP SBR 5.56 75 gr	
Description	Hornady TAP Short Barreled Rifle 5.56 Round 75 gr
Quantity	900 Authorized: 1,000
Capability	More Accurate Round, Designed for use in Short Barreled Rifles
Life Span	No listed expiration date
Manufacturer's Description	TAP® SBR™ is designed specifically for 10.5"-11.5" SBR's by using proprietary propellant technology and a bullet designed with technology from industry leading Critical Duty® FlexLock® bullets. TAP® SBR™ provides exceptional ammunition performance in SBR's suppressed or unsuppressed, with virtually no flash or residue, dramatically reduced sound signature, will not foul or overheat suppressors, uniform velocity and accuracy, and provides controllable rate of fire in automatic platforms. Designed to meet the requirements of the FBI protocol, TAP® SBR™ is the optimum choice for 10.5"-11.5" barreled 5.56 rifles.
Purpose	More Accurate Round, Designed for use in Short Barreled Rifles
Authorized Use	BHPD SWAT
Legal and Procedural Rules	It is the policy of BHPD to utilize ammunition only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 404 – Crisis Response Unit
Fiscal Impact	Initial Cost: \$170 (200 rounds) Re-Occurring Costs: \$2,000 (annual) Maintenance Costs: No maintenance cost Year Obtained:2020 How acquired: Department Funds
Training	Successful completion of patrol rifle class
Necessity	Government Code § 7071(d)(1)(A) This bullet is designed to penetrate hardened or bullet-resistant targets. As such, there are no alternatives to this ammunition.
Public Welfare	Government Code § 7071(d)(1)(B) This bullet enables officers to address armored threats providing safety to both the officers and the public.
Cost Effective	Government Code § 7071(d)(1)(C) The cost is negligible at 85 cents each.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Item Category: Specialized Firearms		
Surgeon Rifles-Scalpel 591		
Description	.308 Surgeon Scalpel Bolt Action Rifle	
Quantity	3	
Capability	Long Range Precision Shooting	
Life Span	15 years	
Manufacturer's Description	The Surgeon Scalpel 591 Short Action is world renowned for strength and accuracy. The 591SA is specific to .223 Remington, .243 Win, 6XC, .260 Remington, 6.5 Creedmoor, and .308 Win. This action features a built-in 20 MOA MIL-STD 1913 rail and recoil lug. By integrating the recoil lug into the action, Surgeon creates a longer tenon length and strengthens the entire free-floated system.	
Purpose	The Surgeon is an accurate rifle for precision shooting. These rifles are equipped with magnified optics and can be utilized to take precision shots at intermediate to long ranges. It shoots a .308 caliber bullet that is bigger and heavier than a typical .223 caliber bullet from an AR-15. This caliber bullet has the ability to penetrate intermediate barriers, such as glass, with less deflection.	
Authorized Use	BHPD SWAT – Long Rifle Cadre	
Legal and Procedural Rules	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit	
Fiscal Impact	Initial Cost: \$8,768/ unit Re-Occurring Costs: \$1,000 Maintenance Costs: \$0 Year Obtained: 2016-2018 How acquired: Department Funds	
Training	SWAT Precision Rifle School	
Necessity	Government Code § 7071(d)(1)(A)	Specialized firearms enables officers to address medium to long-distance threats, or those threats who are heavily armed, armored or both. There are no known alternatives to these weapons that will provide the same level of distance or precision.
Public Welfare	Government Code § 7071(d)(1)(B)	Specialized firearms allow officers with more precision shot placement which minimizes the risk to officers and innocent citizens.
Cost Effective	Government Code § 7071(d)(1)(C)	This piece of equipment has a life span of at least 15 years and is cost effective.

M4 COLT Commando Carbine	
Description	COLT M4 Commando Carbine
Quantity	12
Capability	The Colt M4 Commando is a lightweight, magazine-fed, gas-operated rifle. Some of the rifles have select fire triggers. Some of the rifles have longer barrels and are designed for longer, more precise shots.
Life Span	15 years
Manufacturer's Description	Throughout the world today, Colt's reliability, performance, and accuracy provide our Armed Forces the confidence required to accomplish any mission.
Purpose	The COLT M4 can stop threats of great bodily injury or death at close and intermediate ranges. The M4 platform is capable of firing more accurately and quicker than a pistol while holding more rounds in the magazine and having better ballistic qualities.
Authorized Use	SWAT trained personnel, POST certified rifle trained personnel
Legal and Procedural Rules	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
Fiscal Impact	Initial Cost: \$1,109/ unit Re-Occurring Costs: \$1,109 (every 2 years) Maintenance Costs: \$0 Year Obtained: 2015 How acquired: Department Funds
Training	POST Certified Rifle School
Necessity	Government Code § 7071(d)(1)(A) Specialized firearms enables officers to address medium to long-distance threats, or those threats who are heavily armed, armored or both. There are no known alternatives to these weapons that will provide the same level of distance or precision.
Public Welfare	Government Code § 7071(d)(1)(B) Specialized firearms allow officers with more precision shot placement which minimizes the risk to officers and innocent citizens.

Item Category: Specialized Firearms	
Colt LE 901 Rifle	
Description	Colt LE 901 7.62X51
Quantity	1
Capability	The 901 can stop threats of great bodily injury or death at close and intermediate ranges. The 901 platform is capable of firing more accurately and quicker than a pistol while holding more rounds in the magazine and having better ballistic qualities.
Life Span	15 years
Manufacturer's Description	Colt LE901 modular semi-automatic carbine is a recent development of the famous American small arms making company Colt. It is built for civilian and law enforcement use, to provide shooters with weapon that has familiar AR-15-style ergonomics and handling but can be easily converted between two most popular rifle calibers – 7,62×51 / .308 Winchester and 5,56×45 / .223 Remington. The 7,62mm caliber option offers longer range and better terminal effectiveness at the cost of greater weight, more pronounced felt recoil and limited magazine capacity (usually 10 or 20 rounds).
Purpose	The 901 platform is equipped with magnified optics and can be utilized to take precision shots at intermediate to long ranges. It shoots a .308 caliber bullet that is bigger and heavier than a typical .223 caliber bullet from an AR-15. This caliber bullet has the ability to penetrate intermediate barriers, such as glass, with less deflection.
Authorized Usage	BHPD SWAT
Legal and Procedural Rules	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
Fiscal Impact	Initial Cost: \$4,900 per firearm Re-Occurring Costs: \$500/ firearm (every 2 years) Maintenance Costs: \$0 Year Obtained: Varies (2010-2019) How acquired: Department Funds
Training	Patrol Rifle School / POST SWAT School
Necessity	Government Code § 7071(d)(1)(A) Specialized firearms enables officers to address medium to long-distance threats, or those threats who are heavily armed, armored or both. There are no known alternatives to these weapons that will provide the same level of distance or precision.

.50 cal Barrett Model 82A1	
Description	Barrett Model 82A1 .50 cal
Quantity	1
Capability	Vehicle Disabling, Extreme Long Range Shooting, Penetrating Armor
Life Span	20 years
Manufacturer's Description	The first semi-automatic .50 caliber rifle available. Its chamber is chrome plated and dimensioned for both civilian and military ammunition. The extractor and ejector are proven to work under any condition, and close tolerances on every part allow it to function in all environments.
Purpose	The .50 caliber cartridge contains much more energy than all other rounds carried by BHPD SWAT. The energy and penetrating power of this round would allow it to penetrate and disable an engine or penetrate through an up-armored vehicle.
Authorized Use	BHPD SWAT
Legal and Procedural Rules	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Team

Item Category: Specialized Firearms	
40mm LMT™ Tactical Single Launcher	
Description	40MM SINGLE SHOT LAUNCHER
Quantity	27
Capability	Less Lethal Munitions Delivery Device
Life Span	5-10 years
Manufacturer's Description	Manufactured exclusively for Defense Technology®, the 40LMTS is a tactical single shot launcher that features an expandable ROGERS Super Stock and an adjustable Integrated Front Grip (IFG) with light rail. The ambidextrous Lateral Sling Mount (LSM) and QD mounting systems allow both a single and two point sling attachment. The 40LMTS will fire standard 40mm less lethal ammunition, up to 4.8 inches in cartridge length. The Picatinny Rail Mounting System will accept a wide array of enhanced optics/sighting systems.
Purpose	The 40MM Single Launcher is a tactical single shot launcher that features an expandable stock, and Eotech holographic electronic optic. 40MM Launchers are utilized by department personnel as a less lethal tool to launch impact rounds.
Authorized Use	Trained sworn personnel
Legal and Procedural Rules	It is the policy of the BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force.
Fiscal Impact	Initial Cost: \$1,000 per firearm Re-Occurring Costs: \$0 Maintenance Costs: \$200 (annual) Year Obtained: 2019 How acquired: Department Funds
Training	Range training on use of 400mm launcher
Necessity	Government Code § 7071(d)(1)(A) This launcher is a less lethal platform that allows officers to confront potentially armed or dangerous suspects at a longer distance. There is no alternative to these less lethal weapon systems.
Public Welfare	Government Code § 7071(d)(1)(B) This less lethal platform can potentially prevent a deadly force encounter.

Item Category: Specialized Firearms	
Remington 870 Gas Launcher with LC5 Launcher	
Description	12ga Single Shot Gas Launcher
Quantity	3
Capability	Less Lethal Munitions Delivery Device
Life Span	10 years
Manufacturer's Description	The LC5 Launching Cups are designed for the 5200 series grenades. The cups can be attached to virtually any 12ga shotgun and the munition launched with our model 2600 launching cartridge. These can be fired from most 12ga smooth bore shotguns.
Purpose	Using a converted Remington 870 12ga shotgun, the LC5 launcher allows for the extended range delivery of less lethal chemical munitions. This allows for the deployment of such agents from a position of cover for enhanced operator safety.
Authorized Use	BHPD SWAT
Legal and Procedural Rules	It is the policy of the BHPD to utilize gas launchers only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
Fiscal Impact	Initial Cost: \$1,000 per firearm/ launcher combo Re-Occurring Costs: \$0 Maintenance Costs: \$50 (annual) Year Obtained: 2020 How acquired: Department Funds
Training	Sworn members utilizing less lethal chemical agents are trained in their use by POST certified less lethal and chemical agent instructors.
Necessity	Government Code § 7071(d)(1)(A) Gas launchers are a less lethal method used to address violent or riotous crowds when there is a risk of physical safety. They are also used to safely extract a suspect from a fixed location or safely detain a suspect who poses a risk of violence to officers. Gas launchers allow officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
Public Welfare	Government Code § 7071(d)(1)(B) These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
Cost Effective	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 10 years and is cost effective.

Remington 870 Breaching Shotgun		
Description	ROYAL REMINGTON 870 EXPRESS BREACHING SHOTGUN	
Quantity	1	
Capability	Ballistic Breaching Device	
Life Span	10 years	
Manufacturer's Description	Royal Arms Breaching Shotgun uses a Remington 870 Express Synthetic 12 Ga Shotgun as its base. It is modified with custom CNC machined parts to be the ultimate Breaching Shotgun. Royal Arms invented the Breachers and Breaching shotguns.	
Purpose	This weapon allows for breachers to safely utilize shotgun breaching rounds in order to destroy deadbolts, locks, and hinges. The stand-off that is attached to the end of the barrel allows for positive placement of the gun into the correct position and vents gases to prevent overpressure. This weapon can also defeat windows and sliding glass doors with a flash bang round.	
Authorized Use	BHPD SWAT	
Legal and Procedural Rules	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit	
Fiscal Impact	Initial Cost: \$900 per firearm Re-Occurring Costs: \$0 Maintenance Costs: \$50 (annual) Year Obtained: 2010 How acquired: Department Funds	
Training	Sworn members utilizing ballistic breaching tools are trained in their use during a POST approved SWAT Breaching course.	
Necessity	Government Code § 7071(d)(1)(A)	Breaching tools are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there is no other reasonable alternatives to rapidly breach a locations. There is no known reasonable alternative to these items when they are necessary as stated.

MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions		
Description	4230 – 40MM CS SMOKE	
Quantity	148	Authorized: 200
Authorized Replacement	25	
Capability	Can be launched via a 40mm launcher.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	A 40MM aluminum cartridge that launches a single projectile round emitting smoke or irritant agents via rapid burning. Used effectively during riots at safe stand-off distances to disperse groups or deny areas.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT trained personnel Chemical Agent certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$24 Re-Occurring Costs: average annual cost of \$946 (40/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
Necessity	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. They are also used to safely extract a suspect from a fixed location or safely detain a suspect who poses a risk of violence to officers. Allows officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
Public Welfare	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
Cost Effective	Government Code § 7071(d)(1)(C)	This is a low cost item.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental

Item Category: Specialty (Less Lethal) Munitions		
Description	SPEDE-HEAT 40 MM LONG-RANGE ROUND	
Quantity	11	Authorized: 10
Capability	Can be launched via a 40mm launcher.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Spede-Heat 40mm Long Range Round incorporates an aluminum shell and utilizes black powder as the propellant. The Spede-Heat 40mm Long Range Round is designed to deliver one dual-ported chemical or smoke canister from a 40mm launcher 150 yards to the intended target zone. The SpedeHeat 40mm Round contains one (1) canister ported on each end. This round may be fired in the air at an angle of approximately 25 - 30 degrees to achieve maximum stand-off distance, or it may be skip fired into the target area from lesser distances.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT trained personnel Chemical Agent certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$21 Re-Occurring Costs: average annual cost of \$840 (40/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training

MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions		
Description	DIRECT IMPACT 40MM OC	
Quantity	4	Authorized: 100
Capability	Can be launched via a 40mm launcher.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The 40mm Direct Impact Round consists of a plastic body and a crushable foam nose that contains a powder payload. The crushable foam nose dissipates energy upon impact while releasing the powder payload. The 40mm is a "point-of-aim, point-of-impact" direct fire round that is most commonly used by tactical teams in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-compliant subject at longer distances. The 40mm Direct Impact Round is intended for direct fire deployment. The 40mm Direct Impact Round will prove most successful for incapacitation when used within their optimal energy range of approximately 5–40 meters.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT personnel, Less Lethal trained personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize the 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$18 Re-Occurring Costs: average annual cost of \$720(40/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How was it acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Less Lethal Instructor School / In-house training	
Necessity	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. They also allow officers to confront potentially armed or dangerous suspects at a longer distance. When necessary, there is no alternative to these less lethal weapon systems.
Public Welfare	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
Cost Effective	Government Code § 7071(d)(1)(C)	This is a low cost item.

Item Category: Specialty (Less Lethal) Munitions		
Description	FERRET 40MM LIQUID BARRICADE PENETRATOR RND, OC	
Quantity	12	Authorized: 50
Capability	Can be launched via a 40mm launcher.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Ferret 40mm Round is non-burning and suitable for indoor use. Used primarily by tactical teams, it is designed to penetrate barriers, such as windows, hollow core doors, wallboard and thin plywood. Upon impacting the barrier, the nose cone ruptures and instantaneously delivers a small chemical payload inside of a structure or vehicle.	
Purpose	To safely resolve critical situations such as high-risk tactical operations. In a tactical deployment situation, the 40mm Ferret is primarily used to dislodge barricaded subjects from confined areas. Its purpose is to minimize the risks to all parties through pain compliance, temporary discomfort and/or incapacitation of potentially violent or dangerous subjects.	
Authorized Use	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize the 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques

Item Category: Specialty (Less Lethal) Munitions	
Description	MUZZLE BLAST 40 MM ROUND, CS
Quantity	9 Authorized: 50
Capability	Can be launched via a 40mm launcher.
Life Span	5-year manufacturer warranty
Manufacturer's Description	The 40mm Muzzle Blast Rounds incorporate an aluminum shell and utilize smokeless powder as the propellant. The 40mm Muzzle Blast Rounds are designed to deliver chemical agents in the immediate area (30 feet) of the grenadier. The 40mm Muzzle Blast Rounds are widely used as a crowd management solution for the immediate and close deployment of chemical agent. However, it has proven successful during tactical operations as a pain compliance round for crowd management. The 40mm Muzzle Blast Rounds are an excellent device for deploying chemical laden powder at close ranges for indoor or outdoor operations. The 40mm Muzzle Blast provides instantaneous emission of chemical agent directly at or on riotous, non-compliant subjects close to the police line or within confined spaces.
Purpose	To safely resolve critical situations such as barricaded subjects and crowd control during riotous situations and high-risk tactical operations.
Authorized Use	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel

DRAFT

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions	
Description	Military-Style Maximum – Smoke HC Grenade
Quantity	6 Authorized: 50
Capability	Can be hand thrown, deployed via robot, launched, or placed into a Munitions Pole
Life Span	5-year manufacturer warranty
Manufacturer's Description	Hexachloroethane (HC) smoke is discharged through four (4) gas ports located on top of the canister. Due to the high metal content, HC smoke is dark in comparison to Saf-Smoke™ that is utilized in all other Defense Technology® smoke devices (except the Large-Style Maximum Smoke Grenade). It is similar to the military-style grenade and incorporates a steel canister. Designed specifically for outdoor use in crowd management situations, the Maximum Smoke Grenade is a high volume, slow burning device that deploys large quantities of grey-white colored smoke for approximately 1.5 to 2 minutes. The device should be deployed utilizing wind advantage.
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations. It can be utilized as a carrying agent (multiplier) for smaller OC, CN or CS munitions, or for concealing the movement of agency personnel. It may also be used as a distraction to focus attention away from other activities.
Authorized Use	Special Weapons and Tactics Team (SWAT) Chemical Agent certified personnel
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques
Fiscal Impact	Initial Cost: \$28 Re-Occurring Costs: average annual cost of \$1,350 (50/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training
Necessity	Government Code § 7071(d)(1)(A) A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. Allows officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
Public Welfare	Government Code § 7071(d)(1)(B) These weapons are less lethal and afford officers an added option to avoid lethal force encounters.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions		
Description	Exact Impact 40mm <i>Standard</i> Range Sponge Round	
Quantity	1041	Authorized: 1500
Capability	This intermediate less lethal specialty munition allows for direct impact from a minimum range of 5ft./1.5m out to a maximum effective range of 131ft / 40m.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Exact Impact 40mm sponge round is a point-of-aim, point-of-impact direct-fire round. This lightweight, high-speed projectile consisting of a plastic body and sponge nose that is spin stabilized via the incorporated rifling collar and the 40mm launcher's rifled barrel. The round utilizes smokeless powder as the propellant, and, therefore, have velocities that are extremely consistent. Used for crowd control, patrol, and tactical applications.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operation	
Authorized Use	SWAT personnel Less Lethal certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$18 Re-Occurring Costs: average annual cost of \$3,600 (200/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Less Lethal Instructor School / In-house training	
Necessity	Government Code § 7071(d)(1)(A)	This less lethal allows officers to confront a potentially armed or dangerous suspect at a longer distance. They also can be used to safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operation. When necessary, there is no alternative to these less lethal weapon systems.
Public Welfare	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions		
Description	4557 – 40MM Sponge, Smokeless, Spin Stabilized	
Quantity	496	Authorized: 500
Capability	This intermediate less lethal specialty munition allows for direct impact from a minimum range of 5ft./1.5m out to a maximum effective range of 147ft / 45m.	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The 4557 – 40MM Sponge round is a point-of-aim, point-of-impact direct-fire round. This lightweight, high-speed projectile consisting of a plastic body and sponge nose that is spin stabilized via the incorporated rifling collar and the 40mm launcher's rifled barrel. The round utilizes smokeless powder as the propellant, and, therefore, have velocities that are extremely consistent. Used for crowd control, patrol, and tactical applications.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT personnel Less Lethal certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$18 Re-Occurring Costs: average annual cost of \$3,600 (200/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Specialty (Less Lethal) Munitions	
Description	7290 – Flash-Bang – Steel body
Quantity	25 Authorized: 48
Capability	This intermediate less lethal specialty munition allows for light sound diversion during tactical operations which allows for tactical advantage during high-risk situations.
Life Span	5-year manufacturer warranty
Manufacturer's Description	The 7290 produces a 175db and 6-8 million candelas of light. The patented design of the 7290, incorporates a porting system that eliminates movement of the body at detonation even if the top or bottom of the device should be in contact with a hard surface. In addition, internal adjustments have greatly reduced smoke output.
Purpose	To safely resolve critical situations during high-risk tactical operations.
Authorized Use	Special Weapons and Tactics Team (SWAT)
Legal and Procedural Rules	It is the policy of BHPD to utilize diversion devices only for official law enforcement purposes, and pursuant to State and Federal law.
Fiscal Impact	Initial Cost: \$35.00(must order quantities of 12 per BPA) Re-Occurring Costs: average annual cost of \$1,680 (48/year) Maintenance Costs: Consumable item. Replaced as used or expiration. Maintenance cost is equivalent to new device based on current BPA or industry pricing. Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds
Training	POST Approved SWAT School / POST Approved Diversionary Device Instructor School
Necessity	Government Code § 7071(d)(1)(A) Flashbangs are used as a distraction device in order to disorient or divert a suspect's attention away from officers. This can allow officers to gain safer access to a high-risk situation, giving extra time to assess and analyze existing threats. There is no known alternative to a flashbang when it is necessary.
Public Welfare	Government Code § 7071(d)(1)(B) These devices can often lead to a safer resolution and allow officers to take a suspect into custody without force. This can prevent injury to officers and citizens.
Cost Effective	Government Code § 7071(d)(1)(C) This is a low cost item.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department

Description	40 MM WARNING/SIGNALING MUNITION, 50 METER
Quantity	97 Authorized: 100
Capability	This intermediate less lethal specialty munition allows for light sound diversion during tactical operations which allows for tactical advantage during high-risk situations.
Life Span	5-year manufacturer warranty
Manufacturer's Description	The 40mm Aerial Warning/Signaling Munition, 50 meters, is intended for use in situations where stand-off distance is desired, giving the operator the ability to engage crowds, vehicles, or vessels. Launched from a 40mm platform, the munitions deflagrate at a set distance of 50 meters to deliver 170 dB of sound and 5 million candelas of light, noticeable in day or night conditions.
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.
Authorized Use	Special Weapons and Tactics Team (SWAT)
Legal and Procedural Rules	It is the policy of BHPD to utilize diversion devices only for official law enforcement purposes, and pursuant to State and Federal law.
Fiscal Impact	Initial Cost: \$35 Re-Occurring Costs: average annual cost of \$1,750 (50/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds
Training	POST Approved SWAT School / POST Approved Diversionary Device Instructor School
Necessity	Government Code § 7071(d)(1)(A) The warning/signaling munitions are used as a distraction device in order to disorient or divert a suspect's attention away from officers. Item Category: Specialty (Less Lethal) Munitions		
Description	6210 – WHITE SMOKE CANISTER GRENADE	
Quantity	48	Authorized: 50
Capability	Can be hand thrown, launched, or placed into a Munitions Pole	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	White outdoor smoke grenades are used for obscuring tactical movement and signaling or marking a landing zone.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	Special Weapons and Tactics Team (SWAT) Chemical Agent certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law.	
Fiscal Impact	Initial Cost: \$36 Re-Occurring Costs: average annual cost of \$1,800 (50/year) Maintenance Costs: Consumable item. Replaced as used or expiration. Maintenance cost is equivalent to new device based on current BPA or industry pricing. Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
Necessity	Government Code § 7071(d)(1)(A)	The white smoke canister is deployed prior to deploying CS munitions to determine wind direction and to assist carrying CS munitions through the air. When necessary, there is no alternative to these canisters.
Public Welfare	Government Code § 7071(d)(1)(B)	The white smoke canister helps to ensure that CS munitions are deployed in the right direction and away from innocent citizens.
Cost Effective	Government Code § 7071(d)(1)(C)	This is a low cost item.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Chemical Agents		
Description	FLAMELESS TRI-CHAMBER CS GRENADE	
Quantity	48	Authorized: 100
Capability	Can be hand thrown, launched	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Tri-Chamber Flameless Grenade is designed for indoor use. This grenade's pyrotechnic contents are burned within an internal can that is one of three in this design. The internal combustion allows the chemical-laden smoke to be released through three (3) ports on the outer canister side while safely containing any of the fire-producing properties within the two internal canisters. The fuze is shrouded to further protect surrounding materials from the possibility of fire. The Tri-Chamber Flameless Grenade can be used in crowd control as well as tactical deployment situations by Law Enforcement and Corrections, but was designed with the barricade situation in mind. Its applications in tactical situations are primarily to detect and/or dislodge barricaded subjects.	
Purpose	The purpose of the Tri-Chamber Flameless Grenade is to minimize the risks to all parties through pain compliance, temporary discomfort, and/or incapacitation of potentially violent or dangerous subjects.	
Authorized Use	SWAT personnel Chemical Agent certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
Fiscal Impact	Initial Cost: \$38 Re-Occurring Costs: average annual cost of \$3,800 (100/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How was acquired: Department funds	
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
Necessity	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. Allows officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
Public Welfare	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
Cost Effective	Government Code § 7071(d)(1)(C)	This is a low cost item.

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Chemical Agents	
Description	TRIPLE-CHASER SEPARATING CANISTER, CS
Quantity	76 Authorized: 100
Capability	Can be hand thrown, launched
Life Span	5-year manufacturer warranty
Manufacturer's Description	The Triple-Chaser Grenade is a fast burning, medium volume canister. It is a pyrotechnic grenade consisting of three (3) separate canisters pressed together with separating charges between each section. When deployed, this grenade will separate into three (3) distinct sub-munitions spaced approximately 20 feet apart – allowing increased area coverage in a short period of time, from one deployment. Designed specifically for outdoor use in crowd management situations, the Triple-Chaser utilizes the larger style canister, but is segmented into three (3) distinct sub-munitions. This device should be deployed in an underhand method that keeps the grenade body moving sideward towards the deployment site. This will assist in delivering the sub-canisters along a line, from left to right, well ahead of the grenadier. It's separating function and relatively quick burn time minimizes throwback potential. The device should be deployed utilizing wind advantage.
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.
Authorized Use	SWAT personnel Chemical Agent certified personnel
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques
Fiscal Impact	Initial Cost: \$37 Re-Occurring Costs: average annual cost of \$3,700 (100/year) Maintenance Costs: Consumable item. Replaced as used or expiration. Maintenance cost is equivalent to new device based on current BPA or industry pricing. Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds
Training	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training
Necessity	Government Code § 7071(d)(1)(A) A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. This grenade deploys CS chemicals for maximum spread. When these items are reasonable and necessary for use, there is no other alternative.

BEVERLY HILLS POLICE DEPARTMENT

MILITARY EQUIPMENT INVENTORY

Item Category: Chemical Agents		
Description	Pocket tactical Grenade, CS	
Quantity	15	Authorized: 50
Capability	Can be hand thrown, deployed via robot, launched, placed into a Gas Ram, Burn Safe and Munitions Pole	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Pocket Tactical CS Grenade is small, and lightweight. The 25.2g of CS chemical agent will burn approximately 20-40 seconds. At 4.75 in. by 1.4 inches in size, it easily fits in most tactical pouches. This a launchable grenade; however, it is normally used a signaling or covering device. Though this device is slightly over four inches in length, it produces a smoke cloud so fast it appears to be an enveloping screen produced by a full-size tactical grenade.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT personnel Chemical Agent certified personnel	
Legal and Procedural Rules	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques

Item Category: Chemical Agents		
Description	OC Vapor Aerosol Grenade	
Quantity	5	Authorized: 50
Capability	Can be hand thrown and deployed in a Munitions Pole	
Life Span	5-year manufacturer warranty	
Manufacturer's Description	The Defense Technology OC Vapor Aerosol Grenade is for law enforcement and corrections use to deliver a high concentration of Oleoresin Capsicum (OC) in a powerful mist. The grenade is designed for indoor use in confined areas and once deployed, inflames the mucous membranes and exposed skin resulting in an intense burning sensation. The incapacitating effect of the OC Vapor on the subject is dramatic yet requires minimal decontamination. Removing the subject from the affected area to fresh air will resolve respiratory effects within minutes. The OC Vapor Aerosol Grenade is ideal for cell extractions or barricade situations where the use of pyrotechnic, powder or liquid devices is not practical or desired.	
Purpose	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
Authorized Use	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel

BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Explosive Breaching	
Description	Explosive Data Sheet
Quantity	1 20lb roll (20')
Capability	The flexible explosive sheet is used as a breaching charge. It provides pin point breakage with minimum explosive loading
Life Span	20 years
Manufacturer's Description	Explosive Data Sheet is olive drab and comes in 10" by 20' sheets weighing 20lbs. The base explosive contained is PETN
Purpose	To be used in support of tactical operations as a breaching charge and can be cut into any desired shape depending on the breach point or objective required.
Authorized Use	Special Weapons and Tactics Team (SWAT)/ officers that have completed the 80 hour DOJ Explosives Breaching course.
Legal and Procedural Rules	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, pursuant to state and federal law.
Fiscal Impact	Initial Cost: \$760 Re-Occurring Costs: No annual cost Year Obtained: 2008 How acquired: Department Funds
Training	Special Weapons and Tactics (SWAT) officers and supervisors who have attended the 80 hour DOJ Explosives Breaching course and quarterly training.
Necessity	Government Code § 7071(d)(1)(A) Explosive breaching tools are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there are no other reasonable alternatives to rapidly breach a location. There is no known reasonable alternative to these items when they are necessary as stated.
Public Welfare	Government Code § 7071(d)(1)(B) Without these items, officers may not be able to gain access to a location in a safe and timely manner to engage in necessary police operations. They are only used when time is of the essence in order to preserve life.
Cost Effective	Government Code § 7071(d)(1)(C) This is a low cost item with a 20 year life span.
Compliance	Government Code § 7071(d)(1)(D) Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military equipment. Any improper use of Departmental equipment or alleged violations of Department policies were evaluated and reviewed with corrective action taken pursuant to Policy 1010 and Policy 320 when appropriate. BEVERLY HILLS POLICE DEPARTMENT
MILITARY EQUIPMENT INVENTORY

Item Category: Explosive Breaching		
Description	Detonating Cord	
Quantity	1roll (2,000 feet)	
Capability	The detonating cord is a thin, flexible plastic tube usually filled with Pentaerythritol Tetranitrate (PETN). With the PETN exploding at a rate of approximately 6400 m/s, any common length of detonation cord appears to explode instantaneously. It is a high speed fuse which explodes, rather than burns, and is suitable for detonating high explosives	
Life Span	20 years	
Manufacturer's Description	Prima cord detonating cords are flexible linear explosives with a core of PETN explosive encased in a textile outer jacket.	
Purpose	To be used in support of Tactical Operations to be used as a detonating agent, a priming agent or alone as an explosive charge. To be used as an explosive breach on fortified openings such as doors or walls.	
Authorized Use	Special Weapons and Tactics Team (SWAT)/ officers that have completed the 80 hour DOJ Explosives Breaching course.	
Legal and Procedural Rules	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, pursuant to state and federal law.	
Fiscal Impact	Initial Cost: \$750 Re-Occurring Costs: no annual cost Year Obtained: 2008 How acquired: Department Funds	
Training	Special Weapons and Tactics (SWAT) officers/ supervisors who have attended the 80 hour DOJ Explosives Breaching course and quarterly training.	
Necessity	Government Code § 7071(d)(1)(A)	Detonating Cords are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there are no other reasonable alternatives to rapidly breach a location. There is no known reasonable alternative to these items when they are necessary as stated.
Public Welfare	Government Code § 7071(d)(1)(B)	Without these items, officers may not be able to gain access to a location in a safe and timely manner to engage in necessary police operations. They are only used when time is of the essence in order to preserve life.
Cost Effective	Government Code § 7071(d)(1)(C)	This is a low cost item with a 20 year life span.
Compliance	Government Code § 7071(d)(1)(D)	Prior to the adoption of Policy 706, BHPD was not required to have and did not have a specific policy relating to the use of military
