Annual Reporting pursuant to the Mitigation Fee Act
Fiscal Year Ended June 30, 2023

Water Capacity Charge

For the annual reporting requirements of the Mitigation Fee Act under California Government Code Section 66013, the following information is presented:

(d) The local agency shall make available to the public, within 180 days after the last day of each fiscal year, the following information for that fiscal year:

(1) A description of the charges deposited in the fund.

The Water Capacity Charge pays for the City's existing water distribution and treatment systems, along with any associated capital improvements. The City maintains the public water system and all its metered connections, pipelines, and associated appurtenances in perpetuity once a new developer, redeveloper, and/or water applicant connects to the City's current water system.

(2) The beginning and ending balance of the fund and the interest earned from investment of moneys in the fund and
(3) the amount of charges collected in that fiscal year.

FISCAL YEAR	BEGINNING FUND NET POSITION	FEES COLLECTED	INVESTMENT EARNINGS GAIN/(LOSS)	OTHER REVENUE	EXPENSES	ENDING FUND NET POSITION
FY 2022-23	\$ 6,298,019	1,141,061	88,709	3,675	-	\$ 7,531,463

(4) An identification of all of the following:

(A) Each public improvement on which charges were expended and the amount of the expenditure for each improvement, including the percentage of the total cost of the public improvement that was funded with those charges if more than one source of funding was used.

None.

(B) Each public improvement on which charges were expended that was completed during that fiscal year.

None.

(C) Each public improvement that is anticipated to be undertaken in the following fiscal year.

CIP 00916 – La Brea Basin Well Development – Water Capacity Charges FY22 Budget – \$4,450,000 – This project is to design and drill new groundwater wells, construct the required water treatment processes, and design and construct conveyance systems for groundwater in the La Brea Basin. The development of groundwater in the La Brea Basin is one of the projects identified in the City's Water Enterprise Plan to increase the City's local groundwater supply.

CIP 00681 – System-Wide Water Capacity Upgrades – Water Capacity Charges FY22 Budget – \$2,500,000 – On-going water system upgrades to the City's infrastructure including pipelines, pump stations, reservoirs, and other assets to support anticipated increased water demands from new development and redevelopment.

(5) A description of each interfund transfer or loan made from the capital facilities fund. The information provided, in the case of an interfund transfer, shall identify the public improvements on which the transferred moneys are, or will be, expended. The information, in the case of an interfund loan, shall include the date on which the loan will be repaid, and the rate of interest that the fund will receive on the loan.

None.

Water Supply Charge

For the annual reporting requirements of the Mitigation Fee Act under California Government Code Section 66013, the following information is presented:

(d) The local agency shall make available to the public, within 180 days after the last day of each fiscal year, the following information for that fiscal year:

(1) A description of the charges deposited in the fund.

The Water Supply Charge pays for the development of alternative water sources in order to reduce the City's reliance on imported water from the Metropolitan Water District (MWD), specifically a high-capacity groundwater well in the Central Basin. The fee also helps to fund the capture and development of non-potable sources of irrigation.

(2) The beginning and ending balance of the fund and the interest earned from investment of moneys in the fund and
(3) the amount of charges collected in that fiscal year.

FISCAL YEAR	BEGINNING FUND NET POSITION	FEES COLLECTED	INVESTMENT EARNINGS GAIN/(LOSS)	OTHER REVENUE	EXPENSES	ENDING FUND NET POSITION
FY 2022-23	\$ 3,351,591	587,763	54,725	23,472	-	\$ 4,017,551

(4) An identification of all of the following:

(A) Each public improvement on which charges were expended and the amount of the expenditure for each improvement, including the percentage of the total cost of the public improvement that was funded with those charges if more than one source of funding was used.

None.

(B) Each public improvement on which charges were expended that was completed during that fiscal year.

None.

(C) Each public improvement that is anticipated to be undertaken in the following fiscal year.

None.

(5) A description of each interfund transfer or loan made from the capital facilities fund. The information provided, in the case of an interfund transfer, shall identify the public improvements on which the transferred moneys are, or will be, expended. The information, in the case of an interfund loan, shall include the date on which the loan will be repaid, and the rate of interest that the fund will receive on the loan.

None.

Wastewater Capacity Charge

For the annual reporting requirements of the Mitigation Fee Act under California Government Code Section 66013, the following information is presented:

(d) The local agency shall make available to the public, within 180 days after the last day of each fiscal year, the following information for that fiscal year:

(1) A description of the charges deposited in the fund.

The Wastewater Capacity Charge pays for the City's existing and new wastewater facilities, along with any associated capital improvements, needed to service new and/or expanding development.

(2) The beginning and ending balance of the fund and the interest earned from investment of moneys in the fund and
(3) the amount of charges collected in that fiscal year.

FISCAL YEAR	BEGINNING FUND NET POSITION	FEES COLLECTED	INVESTMENT EARNINGS GAIN/(LOSS)	OTHER REVENUE	EXPENSES	ENDING FUND NET POSITION
FY 2022-23	\$ 566,210	189,543	10,444	1,680	-	\$ 767,876

(4) An identification of all of the following:

(A) Each public improvement on which charges were expended and the amount of the expenditure for each improvement, including the percentage of the total cost of the public improvement that was funded with those charges if more than one source of funding was used.

None.

(B) Each public improvement on which charges were expended that was completed during that fiscal year.

None.

(C) Each public improvement that is anticipated to be undertaken in the following fiscal year.

None.

(5) A description of each interfund transfer or loan made from the capital facilities fund. The information provided, in the case of an interfund transfer, shall identify the public improvements on which the transferred moneys are, or will be, expended. The information, in the case of an interfund loan, shall include the date on which the loan will be repaid, and the rate of interest that the fund will receive on the loan.

None.
