C. Identify the site’s zoning designation (City Zoning Map: http://gis.beverlyhills.org/):

________________

D. Describe the existing conditions of the subject site (i.e. existing structures, landscaping, and present use):

______________________________________________________________________________

1 Legal Description Requirements:
The legal description must include the lot, block, and tract name/number of all contiguously owned parcels (even if the parcels are not a part of the proposed project), and should be based on a Title Report, Grant Deed, or survey from a licensed engineer.
E. Were any existing structures on the property designed by a Master Architect or are any identified on any historic resource inventory, including the City of Beverly Hills Historic Resource Inventory? (see list of Local Master Architects here: www.beverlyhills.org/historicpreservation)

Yes ☐ No ☐ If yes, please list the architect(s): ____________________________

Please contact the Historic Preservation Group at (310)-285-1141 for more information.

Have you spoken with the Historic Preservation staff? Yes ☐ No ☐

F. Are any trees on the property located between the house and any public street proposed to be removed? Yes ☐ No ☐ If yes, please list the circumference of any tree(s) proposed to be removed, measured at 4’-6” above the natural grade.

Note: A tree is protected if it is located in an area on the property between the house and any public street, and is on the City’s list of local native trees, and has a circumference of 24 inches or more, or is not on the list of local native trees but has a circumference of 48 inches or more. See www.beverlyhills.org/protectedtrees and BHMC §10-3-2900 for more information.

Are any of the trees on the property (regardless of type) part of an existing Urban Grove (Urban Grove: fifty or more trees where the branches of each tree are within 6 feet of the branches of another tree)?

NOTE: Each protected tree on the property must be clearly labeled on the site survey and site plan for the project. If you are proposing removal or relocation of trees in the public right-of-way, please contact the City Arborist at (310)-285-2540 for a letter of authorization, and attach the letter to this application.
Section 2 – Owner Authorization & Applicant Team Contact Information

A. Property Owner Information:

Name(s):

Address:

City: ___________________________ State & Zip Code: ________________

Phone:

E-Mail ___________________________

Ownership Information Requirements:

In order to verify that the property owner has given consent to file this application, the following documentation must be submitted at the time of filing.

- **Grant Deed** – This is required if the Los Angeles County Assessor’s Records do not match the current ownership as listed on the application. The deed information should match the property owner as listed above.

- **Letter of Authorization** – This is required if the property owner does not sign the application. The property owner may instead provide a signed and dated letter in lieu of their original signature on this form, which must authorize the signatory of this application. Please see Letter of Authorization Example attached to this application.

- **Ownership Entity Documentation** – This is required if the property is owned by an entity rather than an individual. Please provide the applicable required documentation for the type of ownership entity, as shown in the table below.

Project Description: Explain the overall scope of the project, including other project elements that are not part of the Second Unit Use request.
Section 4 – Public Notice Requirements

The public notice requirements for all planning applications are located in the Beverly Hills Municipal Code §10-3-2.5. The Public Notice Guidelines (www.beverlyhills.org/publicnotice) document contains more detailed information about fulfilling the noticing requirements for applications. It is recommended that Applicants reference these Guidelines. The following notice information shall be provided by the Applicant at the time of filing the application for a Central R-1 Permit:

RADIUS MAPS

- **Standard Mailed Notice:** Two (2) copies of a map showing a 1000-foot radius (Commission-level) or 100-foot radius (Staff-level) plus block-faces around the subject site and number each parcel touched by that radius consecutively. Include all the adjacent lots that the radius line touches. Second Unit requests can be considered at either the Staff Level or Commission Level, for which the respective radii are listed below (Noticed properties are shaded):

<table>
<thead>
<tr>
<th>Staff/Director Level Review</th>
<th>Planning Commission Review</th>
</tr>
</thead>
<tbody>
<tr>
<td>Required Mailing: 100' Radius + Block-Face</td>
<td>Required Mailing: 1000' Radius + Block-Face</td>
</tr>
</tbody>
</table>

MAILING LABELS

- **Two (2) sets** of gummed mailing labels and **one (1) photocopy set** with the names and addresses of all property owners and residential occupants of properties identified in the radius maps. (PROPERTY OWNER INFORMATION MUST BE OBTAINED FROM THE MOST CURRENT LOS ANGELES COUNTY TAX ASSESSOR’S ROLL)
- Labels must be dated within 6 months from the date that the mailed notice is sent. The City will require the labels to be updated prior to sending out any public notice if the date of the labels is greater than 6 months. Failure to provide updated labels may result in a delay of public noticing.
- Labels must be numbered to correspond to the assigned numbers on the radius map.
- Labels must be on 8.5” by 11” self-adhesive sheets.
- DO NOT abbreviate city names (U.S. Postal Service Request).
- Provide a CD or USB flash drive containing the mailing label information in Excel format.

ADJACENT NEIGHBOR MAILED NOTICE LABELS

- **Adjacent Neighbor Mailed Notice (Commission-level projects only):** This radius map and labels are required for the initial filing of the application. Two (2) copies of a map showing a 100-foot radius around the subject site and number each parcel touched by that radius consecutively. Include all
the adjacent lots that the radius line touches. In addition, the applicant must provide pre-paid labels from a private courier service that provides tracking services (such as FedEx or UPS) for all of the owners and residential occupants of properties within the 100-foot radius. An Excel spreadsheet with each address and the associated tracking number provided for the label is also required.

MAILED NOTICE AFFIDAVIT
- Completed and signed statement that the labels and maps are complete and current (see Mailing Affidavit at end of application).

POSTED NOTICE AFFIDAVIT
- Please refer to the Public Notice Guidelines for information on how to post an on-site posted notice for this application (see Posted Notice Affidavit at the end of the application).

Section 5 – Submittal Requirements & Checklist

Architectural Plans Required:
- A total of three (3) sets of architectural plans are required for initial submittal: two (2) sets at 11”x 17” size, and one (1) set at either 12”x 18” or 18”x 24” size*. *Please note that full-size plan sets (24”x 36”) may be requested by the Planner for initial submittal.
  - All plan sets must be stapled, drawn to scale, and legible.
  - All plan sheets must include an architect title block, a graphic scale, the owner’s or authorized agent’s name, address, and telephone number, the project address, and a North Arrow.
  - The following plans in the checklist must be included in the architectural plan set. Inconsistency between drawings, renderings, materials, etc., will be considered an incomplete submittal. Only complete applications will be accepted for filing.

NOTE: You will be required to submit additional plans (total of 10 sets) once the application is ready for review by the decision-making body. If the proposed project requires multiple applications for separate requests, the submittal requirements of the applications may be combined at staff’s discretion.

† Items marked below with this symbol may not be required for every project, at staff’s discretion. Please consult with City staff whether or not such requirement may be waived for application submittal. In order to request a waiver from any of the requirements listed below, please submit a written request specifying the requirement and the reason it is not applicable to the proposed project.

<table>
<thead>
<tr>
<th>Staff Verification</th>
</tr>
</thead>
<tbody>
<tr>
<td>□</td>
</tr>
</tbody>
</table>

Electronic Documents:
- Electronic files (pdf) of this completed application and all of the required submittal items outlined in this application shall be provided on a CD or a USB flash drive at the time the application is filed.
### Title Page:
- Date (note: this should be updated for each resubmittal)
- Project Address
- Legal Description
- Scope of Work
- List of Requested Entitlements
- Owner Information
- Applicant Information
- Architect Contact Information
- Agent Contact Information (if applicable)
- Zoning Conformance Table with Required/Allowed/Existing vs. Proposed Development Standards

### Survey:
- An ALTA Survey is recommended.
- Must be stamped and signed by a licensed surveyor or licensed civil engineer.
  - Show all existing easements or other encumbrances, whether private or public, based on a review of a recent Title Report.
  - Note: If any improvements are proposed over an easement or other encumbrance, it is the responsibility of the Applicant to obtain the necessary approvals and/or modifications to said easement or encumbrance in order to allow improvements in such areas.
- Show survey/boundary markers.
- Show property lines, adjacent public right-of-way, and curb cuts.
- Show utility infrastructure, including the adjacent public right-of-way.
- Include Legal Description.
- Show all existing fences/walls/gates. Include height dimension.
- Show all existing structures.
- Show existing paved area.
- Show existing trees, with protected trees clearly marked. Include tree circumference (see §10-3-2900 and [www.beverlyhills.org/treeremoval](http://www.beverlyhills.org/treeremoval)).
### SITE PLAN:
- Show entire parcel (indicate square footage of property) and label all property lines.
- Label & dimension all existing and proposed structures, including perimeter walls/fences/hedges.
- Show all code-required and proposed setbacks. For additions, include the existing setbacks.
- Indicate location, size, and species of existing trees and vegetation (indicate which are to be removed).
- Indicate location of streets and sidewalks.
- Show location of any public or private easements, curb cuts, and any obstructions in the public right-of-way.
- Show paving square footage (when applicable).
- Show the location of all parking spaces (required parking spaces must be located outside the required front yard setback).
- Show anticipated dedications and/or improvements to the public right-of-way.
- Show the location of any ground-mounted mechanical equipment and required screening.

### FLOOR PLANS:
- Show fully dimensioned existing and proposed floor plans and label each room. Clearly label the proposed bedrooms or rooms that can reasonably be used as a bedroom (note: a room can be considered a bedroom even if it does not have a bathroom and/or closet).
- Show the location of all parking spaces.
- Include a floor area blocking study to demonstrate floor area calculations. The blocking study should be comprised of measurable blocks and clearly delineate between exempt and non-exempt areas. Please refer to BHMC §10-3-100 for areas that are exempt from floor area calculations (provided in the definition of floor area).
- Provide measurements for the depth of recessed windows and doors.
- Provide a window and door key which corresponds with the window and door schedule.

### ROOF PLAN:
- Identify elevation points along roof pitches and slopes of pitches.
- Show the location of any roof-mounted mechanical equipment and required screening.
- Show existing and proposed gutters and downspouts.

### LANDSCAPE PLAN/ELEVATION (may be subject to compliance with Beverly Hills Water Efficiency standards):
- Indicate type, size, quantity, and location of existing and new plants. (Recommended Species List: [www.beverlyhills.org/recommendedtrees](http://www.beverlyhills.org/recommendedtrees)).
- Indicate if any protected tree species is proposed to be removed or relocated.
- Provide pictures of the plant species proposed.
- Label the location(s) of any proposed hardscape treatment and provide the area calculations of the hardscape (paving) located within the required front yard area.
- Provide a landscape lighting plan. If there is no lighting proposed, please indicate this on the plans and application.
- Provide cut sheets of any proposed landscape lighting fixtures.
- Provide an elevation that includes the proposed landscaping, to scale, at the time of planting.

**ELEVATIONS/RENDERINGS/SECTIONS:**

- Provide existing and proposed elevations from all direction (north, south, east, and west)
- Label existing portions of structures to remain and the proposed additions (when applicable). Show all sides of the residence.
- Indicate the height of all existing and proposed structures. Indicate how height is measured. Include datum points.
- Provide details of architectural features (callouts, cut sheets, photos).
- Provide dimensions of windows and doors in a window/door schedule.
- Show the location of exterior light fixtures to scale.
- Provide color renderings as viewed from adjacent public streets and alleys. Note that the rendering must accurately represent the project and must be consistent with the elevations and environs.
- Provide two north-south building sections and two east-west building sections. Show all property lines, code-required setbacks, and proposed setbacks on each section.

**DEMOLITION PLAN AND CALCULATIONS:**

- This is required if project involves work to an existing structure.
- Provide full demolition calculations that include the existing surface area of the roof and building walls. Existing elevations must be utilized to show the demolition areas. Identify the areas for demolition via a hatching notation on the elevations.
- On existing floor plans, show the walls that are proposed for demolition. These must be consistent with the areas identified for demolition on the existing elevations.
- Provide a table that identifies the existing surface areas of the existing exterior walls and roof, the amount to be demolished on each, and demolition percentages for each, as well as a total calculation. If the calculation results in a 50% or greater demolition of the existing structure, the property must be brought into full compliance with all applicable zoning codes.

**HISTORIC PRESERVATION:**

- Consultation with the City’s Urban Designer is required prior to project submittal in order to determine if the property/structure is considered to be a local/state/federal historic landmark, a property/structure that involved the work of a local master architect, or any property/structure identified on any of the City’s historic resources surveys.
- Historic Assessment Report (required only if the project involves the demolition of or modification to a local/state/federal historic landmark, a property/structure that involved the work of a local master architect, or any property/structure identified on any of the City’s historic resources surveys). †
- If the Urban Designer has determined that the property/structure is not considered a historic resource, documentation must be provided at the time of project submittal indicating that determination. Such determination must be current within six months.

**ARBORIST REPORT: †**
- This is required if any protected trees are proposed to be removed.
- Provide an arborist report prepared by an individual that is certified as an arborist by the International Society of Arboriculture (ISA) or an individual who is currently listed as a consulting arborist by the American Society of Consulting Arborists (ASCA). At minimum, the report shall include:
  - A complete inventory of all trees within the front yard with information on the tree size, tree species, and whether the tree is considered a native or heritage tree (pursuant to BHMC §10-3-2900). Tree size shall be provided in a circumference measurement that is measured at a height of 4'-6" above natural grade.
  - A site plan showing the location of all trees within the front yard area (the trees shall be keyed to the tree inventory).
  - Clear photographs of all trees.
  - The health of all trees within the front yard area.
  - For trees that are proposed to be removed, a reason shall be provided for its removal.
  - For trees that are proposed to be retained, a description of the tree protection methods and the trees tolerance to construction impacts based on its species and health.
- A tree replacement plan, if new trees are proposed to replace those that are removed. Such replacement plan shall include the species, box size, photograph, growth rate, and maximum growth height.
- If trees located on City-owned property are proposed to be removed, a sign-off/letter from the City Arborist will be required.

**CONSTRUCTION TRAFFIC MANAGEMENT PLAN: †**
- Provide a construction traffic management plan that includes the following information:
  - Construction scheduled for the life of the project (e.g., demolition and excavation, concrete construction, rough construction, finish construction, hardscape/landscape, etc.)
  - Earth material excavation and removal-related traffic (equipment delivery, haul trucks, construction personnel, etc.)
  - Total construction-related trips for the life of the project (please provide a breakdown of trip type.
  - Trip generation summary for each phase of construction (daily trips, frequency of trips, truck size, etc.)
