## **Two Community Meetings on La Cienega Subway Station Set**

Beverly Hills - The City of Beverly Hills is hosting two community meetings to hear public input on potential impacts from construction of the La Cienega Metro Station, which is part of the Purple Line subway extension.

The meetings will take place Monday, March 16, 2015, 6:30 p.m. to 8:00 p.m., and Thursday, March 26, 2015, noon to 1:30 at La Cienega Park Community Center, 8400 Gregory Way, Beverly Hills

City staff will provide an overview of how the La Cienega Station will be constructed. The same information will be presented at each meeting.

The community is encouraged to attend to learn about what to expect during construction and to provide input on permit conditions related to construction work hours/days, traffic, parking, and utility service. In the near future, the Beverly Hills City Council will review a potential agreement between the City and Metro to coordinate construction activities for the Wilshire/La Cienega station. As part of this review, the City Council would like to hear feedback and comments from the community. City of Beverly Hills staff will be available at the meetings to answer questions and record resident comments.

Free, two-hour parking is available at the La Cienega Tennis Center, located across the street from the Community Center at 325 S. La Cienega Boulevard. Limited street parking is available around La Cienega Park.

Comments can be sent directly to the City of Beverly Hills, using an online form or by email, telephone or regular mail.
