## **STAR After-School Enrichment Classes Offers Kids Chance to Enhance Creative and Academic Skills**

### *Courses Offered in Singing, Photography and Engineering*

Beverly Hills, Calif. – New STAR After-School Enrichment Classes for the spring session begin March 7 and registration is now open to BHUSD students from kindergarten to eighth grade.

The City of Beverly Hills and the STAR Education Program bring quality, after-school enrichment through a variety of interests. PopStars offers classes in singing. Photography is being offered for the first time. For those interested in fashion, a class in clothing and accessory design allows kids to learn how to think creatively and apply their unique vision. And for those who might have the potential to be the next Elon Musk, building your own Skateboard is a start.

To enroll, visit [www.beverlyhills.org/bhregonline](http://www.beverlyhills.org/bhregonline). For questions, call Joanne Nadel at 310-863-4639.
