Construction activities during the week included: breaking pavement within the closure on Wilshire Blvd. and removing concrete debris for off-site disposal; installing fencing panels along Wilshire Blvd.; receiving concrete deliveries; pouring concrete and grout within the La Cienega yard; hoisting machinery, materials and debris into and out of the tunnel from the Gale yard and the station access closure on Wilshire Blvd.; receiving materials deliveries; transporting machinery and materials throughout the site; working below deck and within the appendages; cleaning and clearing debris from the site.
