Mr. Zephaniah Varley  
Deputy Executive Officer  
Purple Line Extension Section 2  
LACMTA

**Subject:** Segment 2 - Purple Line Extension Project ICM Weekly Report  
**December 25, 2022 – December 31, 2022**

Dear Ms. Chung and Mr. Varley:

Environmental Intelligence, LLC (EI) has been retained by the City of Beverly Hills (COBH) and the Los Angeles County Metropolitan Transportation Authority (Metro) to serve as the independent compliance monitor (ICM) during construction of the Purple Line Extension Project. Monitoring is required to ensure that construction is in compliance with the "Memorandum of Agreement for Contract C1120 of the Purple Line Extension Project - Between the City of Beverly Hills and the Los Angeles County Metropolitan Transportation Authority" (Final Version 62). The following information summarizes the ICM monitoring activities that occurred at the Segment 2 site (Rodeo Station site) during the week of December 25, 2022 – December 31, 2022.

Construction activities have been temporarily halted between Thanksgiving Day and New Year's Day in accordance with the Holiday Moratorium specified in Article XIII – Allowable Work Hours and Workdays, of the MOA. Project related activities at the site consisted of geotechnical maintenance work and cross passages dewatering system maintenance. EI ICMs conducted sound monitoring and MOA compliance reviews of staging yards and dewatering pump locations. EI ICMs were present during all site activities and conducted routine noise measurements at selected noise monitoring locations as well as compliance checks in accordance with the MOAs and associated attachments, exhibits, traffic closure notifications, and traffic management plans. At the conclusion of each work shift, daily monitoring reports were prepared by each ICM. Attachment A (*Daily Monitoring Reports*) provides detailed daily monitoring reports and photographs of site activities.

## **VIOLATION SUMMARY**

During the week, EI ICMs identified no violations during construction activities. Daily monitoring reports and photographs of construction activities are provided as Attachment A (*Daily Monitoring Reports*).

## **CONCLUSION**

To date, 611 violations have been issued, sixty-two (62) of which have been rescinded since the beginning of construction of the Purple Line Extension Project – Segment 2. Please note, no Violation 261 was ever issued, therefore it is skipped in the numbering sequence and is omitted from this count. Project construction

 Daily Monitoring Reports  
 12/25/2022 - 12/31/2022

**Summaries (4)**

**Date** Tuesday, December 27, 2022  
**Monitor** Ben Rosenkoetter  
**Location** Rodeo  
**Time** 21:00:00 to 23:00:00  
**Compliant** Yes  
**Summary** Contractors/Subcontractors: TPOG; Psomas.  
 Representatives On-Site: Paul Palacios (Metro); Anthony Guzman (Psomas); Miguel (TPOG).  
 Work Location(s): Canon Yard; moving single lane closures utilized on Wilshire Blvd. between La Cienega and Beverly Dr.; S Lasky Dr.  
 The ICM was in possession of applicable COBH-approved closure notifications and TCP for the day's work from 21:00 hours to 23:00 hours on December 27th, 2022. EI ICM Ben Rosenkoetter coordinated with Paul Palacios (Metro) to discuss the day's activities. At the beginning of the shift, the ICM calibrated the noise meter to 94.00 dB.  
 Work for the day included: setting up road closures; collecting geotechnical instrument data; geotechnical instrumentation maintenance; removing road closures; and cleaning up traffic equipment.  
 Note: Rain occurred throughout the shift.

**Date** Wednesday, December 28, 2022  
**Monitor** Liene Sudduth  
**Location** Rodeo  
**Time** 09:45:00 to 11:00:00  
**Compliant** Yes  
**Summary** Contractors/Subcontractors: Metro; TPOG;  
 Representatives On-Site: Jose Castio (TPOG)  
 Work Location(s): Cannon Yard; Reeves Yard; Within the station below Wilshire Blvd.; Short duration rolling closure on S. Spalding Dr., Charleville Blvd., and S. Lasky Dr.  
 The ICM was in possession of applicable COBH-approved closure notifications and TCP for the day's work from 09:45 hours to 11:00 hours on December 28, 2022. EI ICM Liene Sudduth met with Jose Castio (TPOG) to discuss the day's activities. At the beginning of the shift, the ICM calibrated the noise meter to 94.00 dB.  
 Work for the day included: underground tunnel support work; welding below the deck; work within the yards; setting up and removing short duration rolling road closures; conducting dewatering well maintenance on Spalding Dr., S. Lasky Dr., Charleville Blvd.
