

# Military Equipment Use

## Annual Report (May 2023-April 2024)

---

Pursuant to Government Code Section 7072(a), a law enforcement agency that receives approval for a military equipment use policy pursuant to Section 7071 shall submit an annual report to the governing body. The report shall include:

1. A summary of how the military equipment was used and the purpose of its use.
2. A summary of any complaints or concerns received concerning the military equipment.
3. The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.
4. The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.
5. The quantity possessed for each type of military equipment.
6. If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.
