**Subject:** Segment 2 - Purple Line Extension Project ICM Weekly Report  
**May 31, 2020 – June 6, 2020**

Dear Mr. Welch and Mr. Comorre:

Environmental Intelligence, LLC (EI) has been retained by the City of Beverly Hills (COBH) and the Los Angeles County Metropolitan Transportation Authority (Metro) to serve as the independent compliance monitor (ICM) during construction of the Purple Line Extension Project. Monitoring is required to ensure that construction is in compliance with the "Memorandum of Agreement for Contract C1120 of the Purple Line Extension Project - Between the City of Beverly Hills and the Los Angeles County Metropolitan Transportation Authority" (Final Version 62). The following information summarizes the ICM monitoring activities that occurred at the Segment 2 site (Rodeo Station site) during the week of May 31, 2020 – June 6, 2020. No construction activities were scheduled or monitored on May 31<sup>st</sup>.

Construction activities during the week included excavation for deck installation on Wilshire Blvd. west of S. Beverly Dr.; loading spoils into haul trucks to be removed from site; receiving construction material deliveries; pouring slurry for sidewalk restoration along eastbound Wilshire Blvd. inside K-rail closure east of S. canon Dr. and sweeping and cleaning the site. In addition, EI ICMs also monitored geotechnical instrumentation work at various locations on Charleville Blvd between Spaulding Dr. and Lasky Dr. and in the alley between Spaulding Dr. and Lasky Dr. EI ICMs were present during all construction activities and conducted routine noise measurements at selected noise monitoring locations as well as compliance checks in accordance with the MOAs and associated attachments, exhibits, traffic closure notifications, and traffic management plans. At the conclusion of each work shift, daily monitoring reports were prepared by each ICM. Attachment B (*Daily Monitoring Reports*) provides detailed daily monitoring reports and photographs of construction activities.

## **VIOLATION SUMMARY**

During the week, EI ICMs identified six (6) violations during construction activities. Table I provides a summary of the violations identified during the week of May 31, 2020 to June 6, 2020. Exhibit 1 provides a location map for the submitted violations. Details for the violations are included as Attachment A. Daily monitoring reports and photographs of construction activities are provided as Attachment B (*Daily Monitoring Reports*). Daily noise monitoring data are provided in Attachment C (*Noise Monitoring Data Log*).

## CONCLUSION

To date, 423 violations have been issued, five (5) of which have been rescinded since the beginning of construction of the Purple Line Extension Project – Segment 2. Please note, no Violation 261 was ever issued, therefore it is skipped in the numbering sequence and is omitted from this count. Project construction activities are ongoing and EI ICMs continue to monitor all construction activities applicable to the MOA on a daily basis.
