**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Drones</b>	
<b>DJI Mavic 2 Enterprise Dual (BH-3)</b>	
<b>Description</b>	Unmanned Aerial Vehicle (UAV)
<b>Quantity</b>	1
<b>Capability</b>	The DJI Mavic 2 Enterprise Advanced is a commercial-grade UAV. It is a battery powered, remote operated device. Its controller allows the operator(s) to control and view live feed from the UAV-mounted cameras. The UAV is able to record video and has approximately 20-25 minutes of flight time. This UAV has an attachable spotlight, loud speaker, and strobe.
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	The Mavic 2 Enterprise is built on the Mavic 2 flight platform. It is an all-in-one drone solution for industrial applications. It features an extended port to mount DJI modular accessories, and comes with a self-heating battery, 24 GB onboard storage, DJI AirSense, and is compatible with the DJI Pilot mobile app.
<b>Purpose</b>	Aerial over watch to assist officers or incident commanders with situations with include but are not limited to: <ol style="list-style-type: none"> <li>1. Response to emergency calls</li> <li>2. Major collision investigations</li> <li>3. Search for missing persons</li> <li>4. Crime scene investigations</li> <li>5. Natural disaster management</li> <li>6. SWAT, tactical or other public safety and life preservation operations</li> </ol>
<b>Authorized Use</b>	Authorized operators who have completed the required training and have received a FAA Part 107 Certificate are be permitted to operate the UAV.
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$3,850 Re-Occurring Costs: N/A Maintenance Costs: Approximately \$500 Year Obtained:2019 How acquired: Department funds
<b>Training</b>	Operators must have a FAA Part 107 Certificate
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. The use of UAV allows police personnel to assess potentially dangerous situations from a safe vantage point and can be used to direct police resources on the ground and mitigate the risk of harm to officers

**BEVERLY HILLS POLICE DEPARTMENT**

		and the public. There is no known alternative which could provide the same capabilities.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	The use of these UAV's positively impact public welfare as they expedite the arrival of police resources at emergency calls for service and improve they promote de-escalation and appropriate tactics.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$3,850 is a reasonable cost for a commercial-grade UAV with a 5 year life span.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Each UAV use is recorded on a "Drones as a First Responder" (DFR) and electronically submitted. Use of the UAV has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Drones</b>	
<b>DJI Mavic Mini (BH-4)</b>	
<b>Description</b>	Unmanned Aerial Vehicle (UAV)
<b>Quantity</b>	1
<b>Capability</b>	DJI Mavic Mini can hover and fly indoors as well as outdoors and Return to Home automatically. It is able to record video and take photographs. Its maximum flight speed is 29 mph and has an approximate 30 minute flight time.
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	Featuring a Downward Vision System and Infrared Sensing System, DJI Mavic Mini can hover and fly indoors as well as outdoors and Return to Home automatically. With a fully stabilized 3-axis gimbal and 1/2.3" sensor camera, Mavic Mini shoots 2.7K video and 12 MP photos. Mavic Mini has a maximum flight speed of 29 mph and a maximum flight time of 30 minutes.
<b>Purpose</b>	When a legal justification exists to enter a location, the UAV can assist officers or incident commanders with indoor tactical views.
<b>Authorized Use</b>	Authorized operators who have completed the required training and paired with a 107 certified pilot.
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$500 Re-Occurring Costs: 0 Maintenance Costs: \$250 Year Obtained:2020 How acquired: Department funds
<b>Training</b>	Pilots must have a good understanding of controls and capabilities in order to be effective.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The UAV provides visibility to high-risk locations. It is able to enter small, enclosed structures as well as provide overhead observations. There is no known alternatives which could provide the same visibility to safely access these locations.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) The initial \$500 cost is negligible.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Each UAV use is recorded on a "Drones as a First Responder" (DFR) and electronically submitted. Use of the UAV has been in compliance with Military Equipment Use

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Tactical Drones</b>	
<b>Brinc LEMUR Tactical Interior Drone</b>	
<b>Description</b>	Unmanned Aerial Vehicle
<b>Quantity</b>	2
<b>Capability</b>	The Brinc LEMUR Advanced is a commercial-grade UAV specifically designed for interior use. This UAV is a battery powered, remote operated device. The controller facilitates two-way conversation between first responders and people they need to help through a set of two ultra-sensitive microphones and a small lightweight loudspeaker. The Controller allows operators to control the UAV and view live feed from UAV-mounted cameras. Flight time of approximately 30 minutes per battery, depending on weather and flight conditions.
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	The Brinc LEMUR is an American-made purpose-built tactical UAV designed to aid special response teams in barricade, hostage, active shooter, and other high-risk situations. Novel battery technology based on proven Lithium-Ion chemistry allows for best in class flight time. Included micro SD card, carbon fiber reinforced propeller ducts enable the drone to bounce off walls and push open doors. Crashes do not end missions with the LEMUR ends up on its back, it can flip itself over and relaunch to finish the mission.
<b>Purpose</b>	When a legal justification exists to enter a location, the LEMUR provides an aerial interior over watch in support of tactical /critical situations to enhance the safety and efficiency of law enforcement.
<b>Authorized Use</b>	Authorized operators who have completed the required training shall be permitted to operate the UAV.
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize UAV only for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$26,000 (Total cost for 2) Re-Occurring Costs: N/A Maintenance Costs: Approximately \$500 Year Obtained:2022 How acquired: UASI Grant
<b>Training</b>	FAA Part 107 Certificate. Monthly in-house training
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The UAV provides visibility to high-risk locations. It is able to enter small, enclosed structures as well as provide overhead observations. There is no known alternatives which could provide the same visibility to safely access these locations.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$26,000 is a reasonable cost for 2 commercial-grade UAVs with a 5 year life span. Furthermore, these drones were acquired from federal grant funds at no cost to the City.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Each UAV use is recorded on a “Drones as a First Responder” (DFR) and electronically submitted. Use of the UAV has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Drones</b>	
<b>DJI Matrice 30T Combo</b>	
<b>Description</b>	Unmanned Aerial Vehicle (UAV)
<b>Quantity</b>	1
<b>Capability</b>	<p>The <b>DJI Matrice 30T Combo w/ Care Enterprise</b> is the <a href="#">DJI Enterprise</a> flagship, weatherproof drone that fits in a backpack. It integrates multiple high-performance sensors into one single camera payload, is controlled with the <a href="#">DJI RC Plus Remote</a> and runs on upgraded <a href="#">DJI Pilot 2 software</a>, which significantly improves the flight experience. The powerful M30T offers the endurance and capability necessary for rugged professional use-cases. Additionally, its size makes it ideal for easy transportation and fast setup. The UAV also includes a 40mm 640x512 30fps thermal imaging camera with measurement accuracy of <math>\pm 2^{\circ}\text{C}</math> or <math>\pm 2\%</math>.</p> <p>The DJI M30T allows professionals to fly and perform beyond their immediate surroundings. It integrates smoothly with the new <a href="#">DJI FlightHub 2</a> fleet management cloud-based software and the <a href="#">DJI Dock</a> for collaboration with remote and unattended operations, bringing efficiency innovation to various industries.</p> <p>The M30T model integrates a 48-megapixel 1/2" CMOS sensor-zoom camera with 5x~16x optical and 200x digital zoom, a 12-megapixel wide-angle camera, 8K photo, 4K/30 fps video resolution, and a laser rangefinder which can give the precise coordinates of objects up to 1,200 meters away.</p>
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	<p>The total weight of the M30, which includes two batteries, is 3770 <math>\pm</math> 10 g. That's only a little over eight lbs., compared to the Matrice 300 RTK, whose take-off weight is nearly 20 lbs.</p> <p>The Matrice 30 condenses from unfolded dimensions of 470x585x215 mm (LxWxH) to folded dimensions of 365x215x195 mm – that's approximately 18.5x23x8.5 inches to 14.5x8.5x7.5 inches, respectively.</p> <p>Pinned up against the Mavic 3 (approx. 1.7x11x4.2 inches unfolded; 8.7x3.8x3.6 inches folded), its much larger, but still incredibly compact.</p> <p>Due its relatively small size, this drone can easily be carried in a pack, transportable to even the most remote locations.</p>
<b>Purpose</b>	<p>Aerial over watch in all weathers to assist officers or incident commanders with situations with include but are not limited to:</p> <ol style="list-style-type: none"> <li>7. Response to emergency calls</li> <li>8. Major collision investigations</li> <li>9. Search for missing persons</li> </ol>

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

	10. Crime scene investigations 11. Natural disaster management 12. SWAT, tactical or other public safety and life preservation operations	
<b>Authorized Use</b>	Incident Commander Approval. Authorized operators who have completed the required training and received a FAA Part 107 Certificate are permitted to operate the UAV.	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.	
<b>Fiscal Impact</b>	Initial Cost: \$13,341 Re-Occurring Costs: N/A Maintenance Costs: Approximately \$500 Year Obtained: 2022 How acquired: Equipment Replacement Fund (Fund 400)	
<b>Training</b>	FAA Part 107 Certificate. Pilots must complete BHPD in house initial training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. The use of UAV allows police personnel to assess potentially dangerous situations from a safe vantage point and can be used to direct police resources on the ground and mitigate the risk of harm to officers and the public. There is no known alternative which could provide the same capabilities.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	The use of these UAV's positively impact public welfare as they expedite the arrival of police resources at emergency calls for service and improve they promote de-escalation and appropriate tactics.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$13,341 is a reasonable cost for a UAV with a 5 year life span.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use of the UAV has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Drones</b>	
<b>Autel EVO 2 DUAL 640T (Thermal) Enterprise Bundle</b>	
<b>Description</b>	Unmanned Aerial Vehicle (UAV)
<b>Quantity</b>	4
<b>Capability</b>	Detect, reduce and clear threats in complex terrain such as dense urban areas, and confined spaces in day or night situations.
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	The <b>640T Model</b> features an InfiRay 640x512 radiometric thermal sensor and 8K/48MP visual camera. The Enterprise version features larger carbon fiber arms with bigger, more powerful motors and larger propellers which yield an additional 5-7 minutes of flight time bringing the maximum flight time to <b>42 minutes</b> . The EVO II Enterprise also has an ADS-B receiver for enhanced awareness of the operators' airspace in addition to encrypted internal and external storage. All EVO II Enterprise Bundles are equipped with Autel's 7.9" 2000-nit <b>Smart Controller</b> for maximum viewing when operating.
<b>Purpose</b>	Training Aerial over watch to assist officers or incident commanders with situations with include but are not limited to: <ol style="list-style-type: none"> <li>1. Response to emergency calls</li> <li>2. Major collision investigations</li> <li>3. Search for missing persons</li> <li>4. Crime scene investigations</li> <li>5. Natural disaster management</li> <li>6. SWAT, tactical or other public safety and life preservation operations</li> </ol>
<b>Authorized Use</b>	Incident Commander Approval. Authorized operators who have completed the required training and received a FAA Part 107 Certificate are permitted to operate the UAV.
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$38,640 Re-Occurring Costs: 0 Maintenance Costs: \$400 Year Obtained:2022 How acquired: Equipment Replacement Fund (Fund 400)
<b>Training</b>	FAA Part 107 Certificate. Pilots must complete BHPD in house initial training
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. 		and the public. There is no known alternative which could provide the same capabilities.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	The use of these UAV's positively impact public welfare as they expedite the arrival of police resources at emergency calls for service and improve they promote de-escalation and appropriate tactics.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$30,348 is a reasonable cost for 7 UAV's with a 5 year life span.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use of the UAV has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Tactical Drones</b>	
<b>EMAX Tinyhawk III</b>	
<b>Description</b>	Unmanned aerial vehicle
<b>Quantity</b>	8
<b>Capability</b>	Training drone is designed with similar operating characteristics as the LEMUR tactical drone
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	Featuring a quad copter, Avan TH Turtle mode-3, Nano 4 camera, 7 minute fly time, max distance about 400 meters, small size allows for maneuverability in confine spaces, durable design allows for easy repairs for continued performance. The Tinyhawk is capable of flying outdoors and indoors due to the protected props.
<b>Purpose</b>	Training
<b>Authorized Use Legal Authority</b>	Officers and supervisors who have training and paired with a 107 certified pilot.
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize UAV only for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$2,132 (Total cost for 8) Re-Occurring Costs: \$140 Maintenance Costs: \$280 Year Obtained:2020 How acquired: UASI Grant
<b>Training</b>	No official training required. However, pilots must have a good understanding of controls and capabilities in order to be effective.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Training drones are a necessity in order to provide police personnel opportunities to train with drone equipment without the risk of damaging more expensive equipment and to ensure proper procedures are followed.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Without the use of the UAV, officers would have to deploy to high-risk locations which would increase the risk for both the officers and the members of the public. The use of training drones positively impact public welfare by ensuring police personnel are poperly trained in these drones.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) The initial \$2,132 (for 8 drones) cost is negligible. Furthermore, these drones were acquired from federal grant funds at no cost to the City.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Each UAV use is recorded on a "Drones as a First Responder" (DFR) and electronically submitted. Use of the UAV has been in compliance with Military Equipment Use

<b>Item Category: Third Party Vendor Drones</b>	
<b>DJI M300 DFR</b>	
<b>Description</b>	Unmanned Aerial Vehicle (UAV)
<b>Quantity</b>	1
<b>Capability</b>	The DJI Matrice 300 RTK is a commercial-grade UAV. It is a battery powered, remote operated device. Its controller allows the operator(s) to control and view live feed from the UAV-mounted cameras. The UAV is able to record video and has approximately 20-55 minutes of flight time. This UAV has an attachable camera.
<b>Life Span</b>	Approximately 5 years
<b>Manufacturer's Description</b>	The Matrice 300 RTK is DJI's latest commercial drone platform that takes inspiration from modern aviation systems. It offers up to 55 minutes of fight time, advanced AI capabilities, 6 Directional Sensing and positioning.
<b>Purpose</b>	Aerial over watch to assist officers or incident commanders with situations with include but are not limited to: <ol style="list-style-type: none"> <li>1. Response to emergency calls</li> <li>2. Major collision investigations</li> <li>3. Search for missing persons</li> <li>4. Crime scene investigations</li> <li>5. Natural disaster management</li> <li>6. SWAT, tactical or other public safety and life preservation operations</li> </ol>
<b>Authorized Use</b>	Authorized operators who have completed the required training and have received a FAA Part 107 Certificate shall be permitted to operate the UAV.
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the UAV for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$0 (actual cost = \$10,000). Re-Occurring Costs: Drones are owned by a vender and leased by Beverly Hills PD. Maintenance Costs: \$800 weekly Year Obtained:2021 How acquired: Department funds
<b>Training</b>	Tele- operators must have a FAA Part 107 Certificate
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The UAV provides police personnel with the ability to more quickly respond to emergency calls for service enhancing public safety. The use of UAV allows police personnel to ases potentially dangerous situations from a safe vantage point and can be used to direct police resources on the ground and mitigate the risk of harm to officers and the public. There is no known alternative which could provide the same capabilities.

<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	The use of these UAV's positively impact public welfare as they expedite the arrival of police resources at emergency calls for service and improve they promote de-escalation and appropriate tactics.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	These drones are leased from a third party vendor which is more cost effective than purchasing multiple drones to have continuous, uninterrupted service.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use of the UAV has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Long Range Acoustic Device (LRAD)</b>		
<b>Description</b>	LRAD 100X Mag-HS LRAD is a high intensity directional acoustic array for long range, crystal clear hailing, Notification, and an unmistakable warning tone.	
<b>Quantity</b>	3	
<b>Capability</b>	The LRAD is primary used as a communication device. The LRAD 100X ensures voice messages are clearly heard and understood. It is self-contained, portable and has an extended voice broadcast that ranges out to 600 meters. LRAD's optimized driver, waveguide, and power efficiency technologies enable the LRAD 100X to provide several hours of clear, continuous communication from a single battery charge.	
<b>Life Span</b>	25 years	
<b>Manufacturer's Description</b>	LRAD 100X portable Long Range Acoustic Device hailing tactical communications.	
<b>Purpose</b>	To address the public in the event of emergencies, natural disasters, evacuations, and police incidents (e.g., missing persons, perimeters for wanted suspects/ K-9 deployments, etc.) or to be used to issue dispersal orders during crowd and riot control situations. The LRAD may also be used as a warning tone.	
<b>Authorized Use</b>	The LRAD shall only be used by officers and supervisors trained in its deployment and used in a manner consistent with department policy and procedure.	
<b>Legal and Procedural Rules</b>	The LRAD shall only be used for official law enforcement purposes and pursuant to State and Federal law.	
<b>Fiscal Impact</b>	Initial Cost: \$24,801 Wired Kit: \$2,845 Control Box: \$2,933 Re-Occurring Costs: average annual cost of approximately \$1,000 Year Obtained: 2018 How acquired: Equipment Replacement Fund (Fund 400)	
<b>Training</b>	All operators receive training prior to operating the LRAD in the field.	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	The LRAD is only used when standard sound amplification equipment is not sufficient to provide adequate range or capability needed. There is no reasonable alternative that would suffice in the situations where the LRAD is necessary.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	The LRAD is used in situations necessary to address the public. It can also be used as a safe deterrent against hostile crowds or individuals.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$24, 801 is a reasonable cost for a piece equipment with a 25 year life span.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Each LRAD use is recorded on a “Military Equipment Use” Blue Team Entry and electronically submitted. Use of the LRAD has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Robotics</b>		
<b>Recon Robot</b>		
<b>Description</b>	Tactical "Throwbot" Recon Robotics	
<b>Quantity</b>	2	
<b>Capability</b>	Throwbot 2 robot is an unmanned machine operating on the ground to enhance the safety of officers and the community. It can be thrown into hazardous situations and is designed to be able to crawl over a variety of terrain, clearing obstacles up to 2" tall.	
<b>Life Span</b>	10+ years	
<b>Manufacturer's Description</b>	The Throwbot 2 (TB2) robot is a throwable micro-robot platform that enables operators to obtain instantaneous video and audio reconnaissance within indoor or outdoor environments.	
<b>Purpose</b>	When a legal justification exists to enter a location, the Recon Robot can be used to remotely gain visual/audio data and clear the interior/exterior locations for possible threats or hazards.	
<b>Authorized Use</b>	Trained operators may use the device at the discretion of the Incident Commander.	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize a robot only for official law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.	
<b>Fiscal Impact</b>	Initial Cost: \$15,500 Re-Occurring Costs: N/A Maintenance Costs: Covered by Warranty Year Obtained:2009-2021 How acquired: Equipment Replacement Fund (Fund 400)	
<b>Training</b>	All operators shall attend a formalized in-house instructional program.	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	Unmanned ground robots are used for reconnaissance during critical incidents to assist in providing visibility in areas where it would be unsafe to send officers. They can also be used to defuse or move potentially hazardous items. There is no known alternative to this system.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	Without robots, officers would have to deploy into high-risk situations which would increase the risk for both the officers and the members of the public.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	\$15,500 is the standard cost for this type of equipment with a life span of more than 10 years.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Each robot use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use of the robot has been in compliance with Military Equipment

<b>Avatar II</b>	
<b>Description</b>	Avatar 2 Tactical Robot
<b>Quantity</b>	1
<b>Capability</b>	The Avatar is an unmanned machine operating on the ground to enhance the safety of officers and the community. It is used to detect, reduce and clear threats in complex terrain and confined spaces. It has the ability to manipulate objects with an articulating arm and has microphone and loudspeaker for communication.
<b>Life Span</b>	10+ years
<b>Manufacturer's Description</b>	The AVATAR <sup>®</sup> enhances the capabilities of SWAT and tactical response teams by allowing them to quickly and safely inspect dangerous situations, there is no longer a need to send personnel in before you've had a chance to assess the situation.
<b>Purpose</b>	When a legal justification exists to enter a location, the Avatar can be used to remotely gain visual/audio data and clear the interior/exterior locations for possible threats or hazards.
<b>Authorized Usage</b>	Trained operators may use the device at the discretion of the Incident Commander.
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize a robot only for official law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost: \$26,266 Re-Occurring Costs: N/A Maintenance Costs: Varies Year Obtained: 2015 How acquired: Equipment Replacement Fund (Fund 400)
<b>Training</b>	Annual 8 hour training course.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Unmanned ground robots are used for reconnaissance during critical incidents to assist in providing visibility in areas where it would be unsafe to send officers. They can also be used to defuse or move potentially hazardous items. There is no known alternative to this system.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Without robots, officers would have to deploy into high-risk situations which would increase the risk for both the officers and the members of the public.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) \$26,266 is the standard cost for this type of equipment with a life span of more than 10 years.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Each robot use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use of the robot has been in compliance with Military Equipment

<b>Item Category: Mobile Tactical Command Vehicle</b>	
<b>Description</b>	Freightliner M2 Business Class Chassis
<b>Quantity</b>	1
<b>Capability</b>	This vehicle is used as a Tactical Operations Command Center and for carrying equipment for the tactical teams.
<b>Life Span</b>	20 Years
<b>Manufacturer's Description</b>	2012 M2 Business Class 19,501-26,000 GVW, straight Trucks, Emergency Services, Tactical
<b>Purpose</b>	This vehicle is used in support of tactical operations based on the specific circumstances of a given critical incident, large event, Tactical Operations Center (TOC), natural disaster or community supporting event.
<b>Authorized Use</b>	Special Weapons and Tactics Team (SWAT)
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize tactical vehicles only for official law enforcement purposes, and pursuant to State and Federal law.
<b>Fiscal Impact</b>	Initial Cost: \$254,711 Re-Occurring Costs: average annual cost of \$2,814 Year Obtained: 2011 How acquired: Asset Forfeiture funds
<b>Training</b>	The driver/operator shall receive training in the safe handling of the vehicle on a closed training course and in and around the city streets. Once the operator has shown competence in the vehicle handling, the driver/ operator will drive the vehicle throughout the city with an experienced driver.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The Tactical Operations Command Center is equipped with specific communication and audio-visual devices to assist in the command and control of a critical incident. It stores SWAT operators equipment, which helps provide for a quicker response to critical incidents. There is no known alternative for the Tactical Operations Command Center which provides the same amount of mobility and support at one location in a quick deployment.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) The Tactical Operations Command Center allows for mobile incident command and use of the Incident Command Systems facilitating for the best possible on scene decision-making by key leaders.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This highly specialized vehicle has a life span of 20 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Each Tactical Command Center use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use

<b>Item Category: Armored Vehicle (Bearcat)</b>		
<b>Description</b>	Ford /Lenco Armored Vehicle	
<b>Quantity</b>	1	
<b>Capability</b>	The Bearcat is an armored vehicle that seats 10-12 personnel and can be utilized as a rescue vehicle. It can stop various projectiles, which provides greater safety to citizens and officers.	
<b>Life Span</b>	20 years	
<b>Manufacturer's Description</b>	2009 Ford F550 10,001-14,000 GVW Armored Emergency Services Vehicle	
<b>Purpose</b>	To be used in response to critical incidents as a rescue vehicle and/ or deliver tactical elements into a high threat area.	
<b>Authorized Use</b>	The use of the armored vehicles shall only be authorized by the watch commander or SWAT commander, based on the specific circumstances of a given critical incident. The armored vehicle shall be used by officers trained and in a manner consistent with policy and training.	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize armored vehicles only for official law enforcement purposes, and pursuant to State and Federal law.	
<b>Fiscal Impact</b>	Initial Cost: \$246,429 Re-Occurring Costs: average annual cost of \$1,098 Year Obtained: 2009 How acquired: Department funds	
<b>Training</b>	All sworn personnel are trained in the basic vehicle operations and practical driving instruction. Officers and supervisors who attend SWAT school are the primary armored vehicle instructors.	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	Armored vehicles allow officers closer access to high-risk situations while substantially reducing the physical risk to the officers and citizens. There are no reasonable alternatives to providing the same level of ballistic protection.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	Armored vehicles are used to provide ballistic protection to officers and citizens during rescue, critical incidents, and hazardous situations.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	This highly specialized vehicle has a life span of 20 years and has the potential to save human lives.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Each Bearcat use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use of the Bearcat has been in compliance with Military

<b>Item Category: Specialized Firearms</b>	
<b>Surgeon Rifles-Scalpel 591</b>	
<b>Description</b>	.308 Surgeon Scalpel Bolt Action Rifle
<b>Quantity</b>	3
<b>Capability</b>	Long Range Precision Shooting
<b>Life Span</b>	15 years
<b>Manufacturer's Description</b>	The Surgeon Scalpel 591 Short Action is world renowned for strength and accuracy. The 591SA is specific to .223 Remington, .243 Win, 6XC, .260 Remington, 6.5 Creedmoor, and .308 Win. This action features a built-in 20 MOA MIL-STD 1913 rail and recoil lug. By integrating the recoil lug into the action, Surgeon creates a longer tenon length and strengthens the entire free-floated system.
<b>Purpose</b>	The Surgeon is an accurate rifle for precision shooting. These rifles are equipped with magnified optics and can be utilized to take precision shots at intermediate to long ranges. It shoots a .308 caliber bullet that is bigger and heavier than a typical .223 caliber bullet from an AR-15. This caliber bullet has the ability to penetrate intermediate barriers, such as glass, with less deflection.
<b>Authorized Use</b>	BHPD SWAT – Long Rifle Cadre
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
<b>Fiscal Impact</b>	Initial Cost: \$8,768/ unit Re-Occurring Costs: \$1,000 Maintenance Costs: \$0 Year Obtained: 2016-2018 How acquired: Department Funds
<b>Training</b>	SWAT Precision Rifle School
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Specialized firearms enables officers to address medium to long-distance threats, or those threats who are heavily armed, armored or both. There are no known alternatives to these weapons that will provide the same level of distance or precision.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Specialized firearms allow officers with more precision shot placement which minimizes the risk to officers and innocent citizens.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 15 years and is cost effective.

<b>Item Category: Specialized Firearms</b>	
<b>Colt LE 901 Rifle</b>	
<b>Description</b>	Colt LE 901 7.62X51
<b>Quantity</b>	1
<b>Capability</b>	The 901 can stop threats of great bodily injury or death at close and intermediate ranges. The 901 platform is capable of firing more accurately and quicker than a pistol while holding more rounds in the magazine and having better ballistic qualities.
<b>Life Span</b>	15 years
<b>Manufacturer's Description</b>	Colt LE901 modular semi-automatic carbine is a recent development of the famous American small arms making company Colt. It is built for civilian and law enforcement use, to provide shooters with weapon that has familiar AR-15-style ergonomics and handling but can be easily converted between two most popular rifle calibers – 7,62×51 / .308 Winchester and 5,56×45 / .223 Remington. The 7,62mm caliber option offers longer range and better terminal effectiveness at the cost of greater weight, more pronounced felt recoil and limited magazine capacity (usually 10 or 20 rounds).
<b>Purpose</b>	The 901 platform is equipped with magnified optics and can be utilized to take precision shots at intermediate to long ranges. It shoots a .308 caliber bullet that is bigger and heavier than a typical .223 caliber bullet from an AR-15. This caliber bullet has the ability to penetrate intermediate barriers, such as glass, with less deflection.
<b>Authorized Usage</b>	BHPD SWAT
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
<b>Fiscal Impact</b>	Initial Cost: \$4,900 per firearm Re-Occurring Costs: \$500/ firearm (every 2 years) Maintenance Costs: \$0 Year Obtained: Varies (2010-2019) How acquired: Department Funds
<b>Training</b>	Patrol Rifle School / POST SWAT School
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Specialized firearms enables officers to address medium to long-distance threats, or those threats who are heavily armed, armored or both. There are no known alternatives to these weapons that will provide the same level of distance or precision.

<b>.50 cal Barrett Model 82A1</b>	
<b>Description</b>	Barrett Model 82A1 .50 cal
<b>Quantity</b>	1
<b>Capability</b>	Vehicle Disabling, Extreme Long Range Shooting, Penetrating Armor
<b>Life Span</b>	20 years
<b>Manufacturer's Description</b>	The first semi-automatic .50 caliber rifle available. Its chamber is chrome plated and dimensioned for both civilian and military ammunition. The extractor and ejector are proven to work under any condition, and close tolerances on every part allow it to function in all environments.
<b>Purpose</b>	The .50 caliber cartridge contains much more energy than all other rounds carried by BHPD SWAT. The energy and penetrating power of this round would allow it to penetrate and disable an engine or penetrate through an up-armored vehicle.
<b>Authorized Use</b>	BHPD SWAT
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize rifles only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Team

<b>Item Category: Projectile Launch Platforms</b>	
<b>40mm LMT™ Tactical Single Launcher</b>	
<b>Description</b>	40MM SINGLE SHOT LAUNCHER
<b>Quantity</b>	27
<b>Capability</b>	Less Lethal Munitions Delivery Device
<b>Life Span</b>	5-10 years
<b>Manufacturer's Description</b>	Manufactured exclusively for Defense Technology®, the 40LMTS is a tactical single shot launcher that features an expandable ROGERS Super Stock and an adjustable Integrated Front Grip (IFG) with light rail. The ambidextrous Lateral Sling Mount (LSM) and QD mounting systems allow both a single and two point sling attachment. The 40LMTS will fire standard 40mm less lethal ammunition, up to 4.8 inches in cartridge length. The Picatinny Rail Mounting System will accept a wide array of enhanced optics/sighting systems.
<b>Purpose</b>	The 40MM Single Launcher is a tactical single shot launcher that features an expandable stock, and Eotech holographic electronic optic. 40MM Launchers are utilized by department personnel as a less lethal tool to launch impact rounds.
<b>Authorized Use</b>	Trained sworn personnel
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force.
<b>Fiscal Impact</b>	Initial Cost: \$1,000 per firearm Re-Occurring Costs: \$0 Maintenance Costs: \$200 (annual) Year Obtained: 2019 How acquired: Department Funds
<b>Training</b>	Range training on use of 400mm launcher
<b>Necessity</b>	Government Code § 7071(d)(1)(A) This launcher is a less lethal platform that allows officers to confront potentially armed or dangerous suspects at a longer distance. There is no alternative to these less lethal weapon systems.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) This less lethal platform can potentially prevent a deadly force encounter.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 5-10 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

<b>Item Category: Projectile Launch Platforms</b>		
<b>40mm LMT™ Tactical Multi-Launcher</b>		
<b>Description</b>	40MM MULTI-SHOT LAUNCHER	
<b>Quantity</b>	1	
<b>Capability</b>	Less Lethal Munitions Delivery Device	
<b>Life Span</b>	5-10 years	
<b>Manufacturer's Description</b>	A 40mm pump-action advance magazine drum launcher with a fixed stock and combo rail. It has a six-shot capacity and rifled barrel. Previously labeled the PGL-65, the features include: Double-action trigger, trigger lock push button and hammer lock safeties.	
<b>Purpose</b>	The 40MM Launcher is a multi-shot launcher capable of firing 6 less-lethal rounds. Launchers are utilized by department personnel as a less lethal tool to launch impact rounds.	
<b>Authorized Use</b>	Officers and supervisors who have completed the less lethal course.	
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Team	
<b>Fiscal Impact</b>	Initial Cost: \$1,000 per firearm Re-Occurring Costs: \$0 Maintenance Costs: \$200 / year Year Obtained: 2012 How acquired: BHPD SWAT General Fund	
<b>Train</b>	POST Approved SWAT school, LL operator's course	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	This launcher is a less lethal platform that allows officers to confront potentially armed or dangerous suspects at a longer distance. There is no alternative to these less lethal weapon systems.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	This less lethal platform can potentially prevent a deadly force encounter.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	This piece of equipment has a life span of at least 5-10 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Tear Gas</b>	
<b>Remington 870 Gas Launcher with LC5 Launcher</b>	
<b>Description</b>	12ga Single Shot Gas Launcher
<b>Quantity</b>	3
<b>Capability</b>	Less Lethal Munitions Delivery Device
<b>Life Span</b>	10 years
<b>Manufacturer's Description</b>	The LC5 Launching Cups are designed for the 5200 series grenades. The cups can be attached to virtually any 12ga shotgun and the munition launched with our model 2600 launching cartridge. These can be fired from most 12ga smooth bore shotguns.
<b>Purpose</b>	Using a converted Remington 870 12ga shotgun, the LC5 launcher allows for the extended range delivery of less lethal chemical munitions. This allows for the deployment of such agents from a position of cover for enhanced operator safety.
<b>Authorized Use</b>	BHPD SWAT
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize gas launchers only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
<b>Fiscal Impact</b>	Initial Cost: \$1,000 per firearm/ launcher combo Re-Occurring Costs: \$0 Maintenance Costs: \$50 (annual) Year Obtained: 2020 How acquired: Department Funds
<b>Training</b>	Sworn members utilizing less lethal chemical agents are trained in their use by POST certified less lethal and chemical agent instructors.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Gas launchers are a less lethal method used to address violent or riotous crowds when there is a risk of physical safety. They are also used to safely extract a suspect from a fixed location or safely detain a suspect who poses a risk of violence to officers. Gas launchers allow officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 10 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use

<b>Item Category: Explosive Breaching</b>	
<b>Remington 870 Breaching Shotgun</b>	
Description	ROYAL REMINGTON 870 EXPRESS BREACHING SHOTGUN
Quantity	1
Capability	Ballistic Breaching Device
Life Span	10 years
Manufacturer's Description	Royal Arms Breaching Shotgun uses a Remington 870 Express Synthetic 12 Ga Shotgun as its base. It is modified with custom CNC machined parts to be the ultimate Breaching Shotgun. Royal Arms invented the Breachers and Breaching shotguns.
Purpose	This weapon allows for breachers to safely utilize shotgun breaching rounds in order to destroy deadbolts, locks, and hinges. The stand-off that is attached to the end of the barrel allows for positive placement of the gun into the correct position and vents gases to prevent overpressure. This weapon can also defeat windows and sliding glass doors with a flash bang round.
Authorized Use	BHPD SWAT
Legal and Procedural Rules	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, and pursuant to State and Federal law regarding the use of force. BHPD Policy 404 – Crisis Response Unit
Fiscal Impact	Initial Cost: \$900 per firearm Re-Occurring Costs: \$0 Maintenance Costs: \$50 (annual) Year Obtained: 2010 How acquired: Department Funds
Training	Sworn members utilizing ballistic breaching tools are trained in their use during a POST approved SWAT Breaching course.
<b>Necessity</b>	Government Code § 7071(d)(1)(A) Breaching tools are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there is no other reasonable alternatives to rapidly breach a locations. There is no known reasonable alternative to these items when they are necessary as stated.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) Breaching tools are used when time is of the essence in order to preserve life. Without these items, officers may not be able to gain access to locations in a safe and timely manner to engage in necessary police operations.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 10 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use

<b>Item Category: Specialty (Less Lethal) Munitions</b>		
<b>Description</b>	DIRECT IMPACT 40MM OC	
<b>Quantity</b>	4	Authorized: 200 (previously 100)
<b>Capability</b>	Can be launched via a 40mm launcher.	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The 40mm Direct Impact Round consists of a plastic body and a crushable foam nose that contains a powder payload. The crushable foam nose dissipates energy upon impact while releasing the powder payload. The 40mm is a “point-of-aim, point-of-impact” direct fire round that is most commonly used by tactical teams in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-compliant subject at longer distances. The 40mm Direct Impact Round is intended for direct fire deployment. The 40mm Direct Impact Round will prove most successful for incapacitation when used within their optimal energy range of approximately 5–40 meters.	
<b>Purpose</b>	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
<b>Authorized Use</b>	SWAT personnel, Less Lethal trained personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$18 Re-Occurring Costs: average annual cost of \$720(40/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How was it acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Less Lethal Instructor School / In-house training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. <b>Item Category: Specialty (Less Lethal) Munitions</b>		
<b>Description</b>	FERRET 40MM LIQUID BARRICADE PENETRATOR RND, OC	
<b>Quantity</b>	12	Authorized: 50
<b>Capability</b>	Can be launched via a 40mm launcher.	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The Ferret 40mm Round is non-burning and suitable for indoor use. Used primarily by tactical teams, it is designed to penetrate barriers, such as windows, hollow core doors, wallboard and thin plywood. Upon impacting the barrier, the nose cone ruptures and instantaneously delivers a small chemical payload inside of a structure or vehicle.	
<b>Purpose</b>	To safely resolve critical situations such as high-risk tactical operations. In a tactical deployment situation, the 40mm Ferret is primarily used to dislodge barricaded subjects from confined areas. Its purpose is to minimize the risks to all parties through pain compliance, temporary discomfort and/or incapacitation of potentially violent or dangerous subjects.	
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques

<b>Description</b>	MUZZLE BLAST 40 MM ROUND, CS
<b>Quantity</b>	23 (previously 9) Authorized: 50
<b>Capability</b>	Can be launched via a 40mm launcher.
<b>Life Span</b>	5-year manufacturer warranty
<b>Manufacturer's Description</b>	The 40mm Muzzle Blast Rounds incorporate an aluminum shell and utilize smokeless powder as the propellant. The 40mm Muzzle Blast Rounds are designed to deliver chemical agents in the immediate area (30 feet) of the grenadier. The 40mm Muzzle Blast Rounds are widely used as a crowd management solution for the immediate and close deployment of chemical agent. However, it has proven successful during tactical operations as a pain compliance round for crowd management. The 40mm Muzzle Blast Rounds are an excellent device for deploying chemical laden powder at close ranges for indoor or outdoor operations. The 40mm Muzzle Blast provides instantaneous emission of chemical agent directly at or on riotous, non-compliant subjects close to the police line or within confined spaces.
<b>Purpose</b>	To safely resolve critical situations such as barricaded subjects and crowd control during riotous situations and high-risk tactical operations.
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques
<b>Fiscal Impact</b>	Initial Cost: \$20 Re-Occurring Costs: average annual cost of \$800 (40/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How was it Bought: Department funds
<b>Training</b>	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training
<b>Necessity</b>	Government Code § 7071(d)(1)(A) A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. They are also used to safely extract a suspect from a fixed location or safely detain a suspect who poses a risk of violence to officers. Allows officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.

**BEVERLY HILLS POLICE DEPARTMENT**  
**MILITARY EQUIPMENT INVENTORY**

<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	This is a low cost item.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

<b>Item Category: Specialty (Less Lethal) Munitions</b>		
<b>Description</b>	Ferret 40mm <i>Liquid</i> Barricade Penetrator Round, CS	
<b>Quantity</b>	12	Authorized: 100
<b>Capability</b>	Can be launched via a 40mm launcher.	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The Ferret 40mm Round is non-burning and suitable for indoor use. Used primarily by tactical teams, it is designed to penetrate barriers, such as windows, hollow core doors, wallboard and thin plywood. Upon impacting the barrier, the nose cone ruptures and instantaneously delivers a small chemical payload inside of a structure or vehicle.	
<b>Purpose</b>	To safely resolve critical situations such as high-risk tactical operations. In a tactical deployment situation, the 40mm Ferret is primarily used to dislodge barricaded subjects from confined areas. Its purpose is to minimize the risks to all parties through pain compliance, temporary discomfort and/or incapacitation of potentially violent or dangerous subjects.	
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize 40mm only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$19 Re-Occurring Costs: average annual cost of \$1,900 (100/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds

<b>Item Category: Specialty (Less Lethal) Munitions</b>		
<b>Description</b>	Military-Style Maximum – Smoke HC Grenade	
<b>Quantity</b>	6	Authorized: 75 (previously 50)
<b>Capability</b>	Can be hand thrown, deployed via robot, launched, or placed into a Munitions Pole	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	Hexachloroethane (HC) smoke is discharged through four (4) gas ports located on top of the canister. Due to the high metal content, HC smoke is dark in comparison to Saf-Smoke™ that is utilized in all other Defense Technology® smoke devices (except the Large-Style Maximum Smoke Grenade). It is similar to the military-style grenade and incorporates a steel canister. Designed specifically for outdoor use in crowd management situations, the Maximum Smoke Grenade is a high volume, slow burning device that deploys large quantities of grey-white colored smoke for approximately 1.5 to 2 minutes. The device should be deployed utilizing wind advantage.	
<b>Purpose</b>	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations. It can be utilized as a carrying agent (multiplier) for smaller OC, CN or CS munitions, or for concealing the movement of agency personnel. It may also be used as a distraction to focus attention away from other activities.	
<b>Authorized Use</b>	Special Weapons and Tactics Team (SWAT) Chemical Agent certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$28 Re-Occurring Costs: average annual cost of \$1,350 (50/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. <b>Item Category: Specialty (Less Lethal) Munitions</b>		
<b>Description</b>	7290 – Flash-Bang – Steel body	
<b>Quantity</b>	21	Authorized: 48
<b>Capability</b>	This intermediate less lethal specialty munition allows for light sound diversion during tactical operations which allows for tactical advantage during high-risk situations.	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The 7290 produces a 175db and 6-8 million candelas of light. The patented design of the 7290, incorporates a porting system that eliminates movement of the body at detonation even if the top or bottom of the device should be in contact with a hard surface. In addition, internal adjustments have greatly reduced smoke output.	
<b>Purpose</b>	To safely resolve critical situations during high-risk tactical operations.	
<b>Authorized Use</b>	Special Weapons and Tactics Team (SWAT)	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize diversion devices only for official law enforcement purposes, and pursuant to State and Federal law.	
<b>Fiscal Impact</b>	Initial Cost: \$35.00(must order quantities of 12 per BPA) Re-Occurring Costs: average annual cost of \$1,680 (48/year) Maintenance Costs: Consumable item. Replaced as used or expiration. Maintenance cost is equivalent to new device based on current BPA or industry pricing. Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Diversionary Device Instructor School	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	Flashbangs are used as a distraction device in order to disorient or divert a suspect's attention away from officers. This can allow officers to gain safer access to a high-risk situation, giving extra time to assess and analyze existing threats. There is no known alternative to a flashbang when it is necessary.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	These devices can often lead to a safer resolution and allow officers to take a suspect into custody without force. This can prevent injury to officers and citizens.

<b>Item Category: Chemical Agents</b>		
<b>Description</b>	FLAMELESS TRI-CHAMBER CS GRENADE	
<b>Quantity</b>	27 (previously 48)	Authorized: 100
<b>Capability</b>	Can be hand thrown, launched	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The Tri-Chamber Flameless Grenade is designed for indoor use. This grenade's pyrotechnic contents are burned within an internal can that is one of three in this design. The internal combustion allows the chemical-laden smoke to be released through three (3) ports on the outer canister side while safely containing any of the fire-producing properties within the two internal canisters. The fuze is shrouded to further protect surrounding materials from the possibility of fire. The Tri-Chamber Flameless Grenade can be used in crowd control as well as tactical deployment situations by Law Enforcement and Corrections, but was designed with the barricade situation in mind. Its applications in tactical situations are primarily to detect and/or dislodge barricaded subjects.	
<b>Purpose</b>	The purpose of the Tri-Chamber Flameless Grenade is to minimize the risks to all parties through pain compliance, temporary discomfort, and/or incapacitation of potentially violent or dangerous subjects.	
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$38 Re-Occurring Costs: average annual cost of \$3,800 (100/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How was acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. Allows officers to deploy a less lethal chemical agent into a structure where other weapons would not be capable of doing so. When these items are reasonable and necessary for use, there is no other alternative.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.

**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Chemical Agents</b>	
<b>Description</b>	TRIPLE-CHASER SEPARATING CANISTER, CS
<b>Quantity</b>	48 (previously 76) Authorized: 100
<b>Capability</b>	Can be hand thrown, launched
<b>Life Span</b>	5-year manufacturer warranty
<b>Manufacturer's Description</b>	The Triple-Chaser Grenade is a fast burning, medium volume canister. It is a pyrotechnic grenade consisting of three (3) separate canisters pressed together with separating charges between each section. When deployed, this grenade will separate into three (3) distinct sub-munitions spaced approximately 20 feet apart – allowing increased area coverage in a short period of time, from one deployment. Designed specifically for outdoor use in crowd management situations, the Triple-Chaser utilizes the larger style canister, but is segmented into three (3) distinct sub-munitions. This device should be deployed in an underhand method that keeps the grenade body moving sideward towards the deployment site. This will assist in delivering the sub-canisters along a line, from left to right, well ahead of the grenadier. It's separating function and relatively quick burn time minimizes throwback potential. The device should be deployed utilizing wind advantage.
<b>Purpose</b>	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques

<b>Item Category: Chemical Agents</b>		
<b>Description</b>	Pocket tactical Grenade, CS	
<b>Quantity</b>	15	Authorized: 50
<b>Capability</b>	Can be hand thrown, deployed via robot, launched, placed into a Gas Ram, Burn Safe and Munitions Pole	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The Pocket Tactical CS Grenade is small, and lightweight. The 25.2g of CS chemical agent will burn approximately 20-40 seconds. At 4.75 in. by 1.4 inches in size, it easily fits in most tactical pouches. This a launchable grenade; however, it is normally used a signaling or covering device. Though this device is slightly over four inches in length, it produces a smoke cloud so fast it appears to be an enveloping screen produced by a full-size tactical grenade.	
<b>Purpose</b>	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$19 Re-Occurring Costs: average annual cost of \$950 (50/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. When these items are reasonable and necessary for use, there is no other alternative.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.

<b>Item Category: Chemical Agents</b>		
<b>Description</b>	OC Vapor Aerosol Grenade	
<b>Quantity</b>	5	Authorized: 50
<b>Capability</b>	Can be hand thrown and deployed in a Munitions Pole	
<b>Life Span</b>	5-year manufacturer warranty	
<b>Manufacturer's Description</b>	The Defense Technology OC Vapor Aerosol Grenade is for law enforcement and corrections use to deliver a high concentration of Oleoresin Capsicum (OC) in a powerful mist. The grenade is designed for indoor use in confined areas and once deployed, inflames the mucous membranes and exposed skin resulting in an intense burning sensation. The incapacitating effect of the OC Vapor on the subject is dramatic yet requires minimal decontamination. Removing the subject from the affected area to fresh air will resolve respiratory effects within minutes. The OC Vapor Aerosol Grenade is ideal for cell extractions or barricade situations where the use of pyrotechnic, powder or liquid devices is not practical or desired.	
<b>Purpose</b>	To safely resolve critical situations such as crowd control during riotous situations and high-risk tactical operations.	
<b>Authorized Use</b>	SWAT personnel Chemical Agent certified personnel Less Lethal certified personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize chemical agents only for official law enforcement purposes, and pursuant to State and Federal law, including those regarding use of force. BHPD Policy 303 – Control Devices & Techniques	
<b>Fiscal Impact</b>	Initial Cost: \$34 Re-Occurring Costs: average annual cost of \$1,700 (50/year) Year Obtained: 2021 (Dates vary due to re-occurring purchase) How acquired: Department funds	
<b>Training</b>	POST Approved SWAT School / POST Approved Chemical Agent Instructor School / In-house training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	A less lethal method used to address violent or riotous crowds when there is a risk of physical safety. When these items are reasonable and necessary for use, there is no other alternative.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	These weapons are less lethal and afford officers an added option to avoid lethal force encounters.

<b>Item Category: PepperBall Launcher</b>	
<b>Description</b>	PepperBall Full Tactical Carbine (FTC) launcher
<b>Quantity</b>	2
<b>Capability</b>	Compact and lightweight, the PepperBall FTC is the industry gold standard for crowd-control and other applications where speed and reliability is a factor. The FTC features a modular design with a rapid feeding loader and firing rate of 10-12 RPS. 13 Cubic inch high pressure air system, compact lightweight design with glass nylon construction.
<b>Life Span</b>	5 years
<b>Manufacturer's Description</b>	The FTC is a high-capacity, semi-automatic launcher that is perfect for crowd management and mobile field force operations. Reliable and accurate, it features a hopper that can hold up to 180 rounds, a flexible air source configuration and a compact modular design.
<b>Purpose</b>	The FTC is designed to launch the various projectiles in less than lethal situations. The FTC can deliver in semi-automatic up to 150ft in distance.
<b>Authorized Use</b>	Trained sworn personnel
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the PepperBall Launcher for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.
<b>Fiscal Impact</b>	Initial Cost \$1,300 Re-Occurring Costs: \$1,300 every 5 years Maintenance Costs: \$50/year Year Obtained: 2022 How acquired: Department Funds
<b>Training</b>	SWAT and less than lethal instructors who have attended the PepperBall Instructor Course/ In-house Training
<b>Necessity</b>	Government Code § 7071(d)(1)(A) The PepperBall Launchers are a less lethal method used to address violent or riotous crowds when there is a risk of physical safety. When these items are reasonable and necessary for use, there is no other alternative.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B) These weapons are less lethal and afford officers an added option to avoid lethal force encounters.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C) This piece of equipment has a life span of at least 5 years and is cost effective.
<b>Compliance</b>	Government Code § 7071(d)(1)(D) Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

<b>Item Category: PepperBall Projectiles</b>		
<b>Description</b>	PepperBall Live-x projectiles, inert projectiles and glass shattering projectiles	
<b>Quantity</b>	500 x projectiles, 400 inert projectiles, 100 glass shattering projectiles	Authorized: 2,500
<b>Capability</b>	The live-x projectiles contain a concentration of 5% PAVA pepper powder excellent for direct impact or area saturation. The inert projectiles contain a harmless scented powder suitable for training. The glass breaker is a solid polymer projectile used for breaking out residential windows, and side-glass of vehicles.	
<b>Life Span</b>	3 years	
<b>Manufacturer's Description</b>	Live-x projectile: Ultrasonically welded shell indicates 2.5g payload of 5% PAVA powder, 100% waterproof and non-flammable with a velocity of 280-300FPS. Maximum distance direct impact: 60 ft. Area saturated: 150+ft Inert Projectile: Ultrasonically welded shell indicates 2.5g payload of scented powder, 100% waterproof and non-flammable with a velocity of 280-300FPS. Glass Breaker: Ultrasonically welded shell indicates 2.5g payload, 100% waterproof, non-flammable with a velocity of 280-300FPS. Direct impact: 60ft	
<b>Purpose</b>	The PepperBall Live-x projectile is used for crowd control situations and other applications where less than lethal applications are required. The PepperBall Inert projectile is used for training purposes. The PepperBall Glass breaker is used for breaking out residential windows and side vehicle windows.	
<b>Authorized Use</b>	Trained sworn personnel	
<b>Legal and Procedural Rules</b>	It is the policy of BHPD to utilize the PepperBall Projectiles for law enforcement purposes, and in a manner that respects the privacy of our community, pursuant to State and Federal Law.	
<b>Fiscal Impact</b>	Initial Cost: Live-x projectile: \$3/ round. Inert projectile: \$.70. Glass Breaker projectile: \$2.50/round Re-Occurring Costs: average annual cost of \$1,500 (500/year). Maintenance Costs: Consumable item. Replaced as used or expiration. 2025 Year Obtained: 2022 How acquired: Department Funds	
<b>Training</b>	SWAT and less than lethal instructors who have attended the PepperBall Instructor Course/ In-house Training	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	The PepperBall Projectiles a less lethal method used to address violent or riotous crowds when there is a risk of physical safety. When these items are reasonable and

<b>Item Category: Explosive Breaching</b>		
<b>Description</b>	Explosive Data Sheet	
<b>Quantity</b>	1 20lb roll (20')	
<b>Capability</b>	The flexible explosive sheet is used as a breaching charge. It provides pin point breakage with minimum explosive loading	
<b>Life Span</b>	20 years	
<b>Manufacturer's Description</b>	Explosive Data Sheet is olive drab and comes in 10" by 20' sheets weighing 20lbs. The base explosive contained is PETN	
<b>Purpose</b>	To be used in support of tactical operations as a breaching charge and can be cut into any desired shape depending on the breach point or objective required.	
<b>Authorized Use</b>	Special Weapons and Tactics Team (SWAT)/ officers that have completed the 80 hour DOJ Explosives Breaching course.	
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, pursuant to state and federal law.	
<b>Fiscal Impact</b>	Initial Cost: \$760 Re-Occurring Costs: No annual cost Year Obtained: 2008 How acquired: Department Funds	
<b>Training</b>	Special Weapons and Tactics (SWAT) officers and supervisors who have attended the 80 hour DOJ Explosives Breaching course and quarterly training.	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	Explosive breaching tools are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there are no other reasonable alternatives to rapidly breach a location. There is no known reasonable alternative to these items when they are necessary as stated.
<b>Public Welfare</b>	Government Code § 7071(d)(1)(B)	Without these items, officers may not be able to gain access to a location in a safe and timely manner to engage in necessary police operations. They are only used when time is of the essence in order to preserve life.
<b>Cost Effective</b>	Government Code § 7071(d)(1)(C)	This is a low cost item with a 20 year life span.
<b>Compliance</b>	Government Code § 7071(d)(1)(D)	Use is recorded on a "Military Equipment Use" Blue Team Entry and electronically submitted. Use has been in compliance with Military Equipment Use Policy 706 from May 2023 to present. No complaint or concerned was received.

**MILITARY EQUIPMENT INVENTORY**

<b>Item Category: Explosive Breaching</b>		
<b>Description</b>	Detonating Cord	
<b>Quantity</b>	1roll (2,000 feet)	
<b>Capability</b>	The detonating cord is a thin, flexible plastic tube usually filled with Pentaerythritol Tetranitrate (PETN). With the PETN exploding at a rate of approximately 6400 m/s, any common length of detonation cord appears to explode instantaneously. It is a high speed fuse which explodes, rather than burns, and is suitable for detonating high explosives	
<b>Life Span</b>	20 years	
<b>Manufacturer's Description</b>	Prima cord detonating cords are flexible linear explosives with a core of PETN explosive encased in a textile outer jacket.	
<b>Purpose</b>	To be used in support of Tactical Operations to be used as a detonating agent, a priming agent or alone as an explosive charge. To be used as an explosive breach on fortified openings such as doors or walls.	
<b>Authorized Use</b>	Special Weapons and Tactics Team (SWAT)/ officers that have completed the 80 hour DOJ Explosives Breaching course.	
<b>Legal and Procedural Rules</b>	It is the policy of the BHPD to utilize breaching tools only for official law enforcement purposes, pursuant to state and federal law.	
<b>Fiscal Impact</b>	Initial Cost: \$750 Re-Occurring Costs: no annual cost Year Obtained: 2008 How acquired: Department Funds	
<b>Training</b>	Special Weapons and Tactics (SWAT) officers/ supervisors who have attended the 80 hour DOJ Explosives Breaching course and quarterly training.	
<b>Necessity</b>	Government Code § 7071(d)(1)(A)	Detonating Cords are used in order to enter fortified or hardened structures to allow for rescue or other high-risk police entries. They are used when there are no other reasonable alternatives to rapidly breach a location. There is no known reasonable alternative to these items when they are necessary as stated.
