Please note that your application will not be accepted for submittal unless certain public notification requirements are met.

Please contact the Planning Division with any questions regarding these requirements, and the required materials for an application submittal.

- Planning Division: (310) 285-1141; cdplanning@beverlyhills.org
Section 5 – Submittal Requirements & Checklist

- A total of three (3) sets of architectural plans are required for initial submittal: two (2) sets at 11”x 17” size, and one (1) set at either 12”x 18” or 18”x 24” size*.  *Please note that full-size plan sets (24”x 36”) may be requested by the Planner for initial submittal.
  - All plan sets must be stapled, drawn to scale, and legible.
  - All plan sheets must include an architect title block, a graphic scale, the owner’s or authorized agent’s name, address, and telephone number, the project address, and a North Arrow.
  - Please refer to the Submittal Requirements and Checklist Section contained within the entitlement application(s) for which a renewal or time extension is requested. For example, if the request includes a time extension for a Conditional Use Permit, please refer to the checklist contained within the Conditional Use Permit application required submittal information and documents. A list of all City entitlement applications can be found at www.beverlyhills.org/planningapplications.
  - Inconsistency between drawings, renderings, materials, etc., will be considered an incomplete submittal. Only complete applications will be accepted for filing.

- If the project that is subject to the renewal / time extension request has any project-specific conditions, please provide a table that includes the project-specific conditions and information on how such condition has been or is being met. Please also provide any supporting documents available to verify condition compliance. An example table format is provided below.

<table>

</tr>
</tbody>
</table>

- Provide an attestation document, signed by the applicant, that the information provided within the condition compliance table is correct and that the project has been operating in full compliance with all conditions.

- If any modifications to the entitlements are being sought in conjunction with a renewal or a time extension, a standalone entitlement application (e.g., a Conditional Use Permit application) must be submitted in addition to this entitlement renewal / time extension application.
  - In addition to the submittal requirements set forth in the entitlement application, a narrative must also be provided that clearly identifies and describes those portions of the project and its operations or conditions of approval that are proposed to be modified. Such narrative must also include a reasoning and justification for the modification.

**NOTE:** You will be required to submit additional plans (total of 10 sets) once the application is ready for review by the decision-making body. If the proposed project requires multiple applications for separate requests, the submittal requirements of the applications may be combined at staff’s discretion.
