Platform Overview

The purpose of the legislative platform is to provide a means for summarizing the City's core legislative principles for the purpose of advocacy efforts at the regional, state and federal level. The Legislative Platform contains broad policy statements pertaining to a variety of issues that impact the City of Beverly Hills.

The legislative platform sets forth the City's legislative objectives for the 2023 legislative session and provides direction for our legislative advocates as they work to secure clear and strategic initiatives in Sacramento and Washington, D.C. Approval of the legislative platform also streamlines the City's process and allows the City's Executive team to effectively respond and take immediate action on pressing legislation under City Council direction.

The policies established within the platform do not preclude City Council consideration of additional legislative matters arising throughout the year that may be brought forward for City Council action as presented to the City Council Legislative/Lobby Liaison Committee.
