Additionally, the Mayor and the City Council have agreed to and acknowledged that the procedures performed are appropriate to meet their purposes. We make no representation regarding the appropriateness of the procedures either for the purpose for which this report has been requested or for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. An agreed-upon procedures engagement involves performing specific procedures that the engaging party has agreed to and acknowledged to be appropriate for the intended purpose of the engagement and reporting on findings based on the procedures performed.

The procedures performed and associated findings are as follows:

1. We obtained the completed Worksheet setting forth the calculations necessary to establish the City's appropriations limit and compared the 2021-2022 limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the Honorable Mayor and City Council. We compared the population and inflation options included in the aforementioned Worksheet to those that were selected by a recorded vote of the Honorable Mayor and City Council.

Finding: No exceptions were noted as a result of this procedure.

2. We recomputed the 2021-2022 Appropriations Limit by multiplying the 2020-2021 Appropriations Limit by the adjustment factors.

Finding: No exceptions were noted as a result of this procedure.

3. For the Worksheet, we agreed the Per Capita Income, County and City Population Factors to California State Department of Finance Worksheets.

Finding: No exceptions were noted as a result of this procedure.
