The Honorable Mayor and City Council  
City of Beverly Hills, California

**Independent Accountants' Report on Agreed-Upon Procedures  
Applied to Appropriations Limit Worksheets**

We have applied the procedures enumerated below to the appropriations limit worksheets prepared by the City of Beverly Hills, California for the year ended June 30, 2007. These procedures, which were agreed to by the City of Beverly Hills, California and the League of California Cities (as presented in the League publication entitled *Article XIII B Appropriations Limitation Uniform Guidelines*) were performed solely to assist the City of Beverly Hills, California in meeting the requirements of Section 1.5 of *Article XIII B of the California Constitution*. The City of Beverly Hills is responsible for the calculations and adoption of the Appropriations Limit.

This engagement to apply agreed-upon procedures was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and the results of those procedures were as follows:

1. We obtained the worksheets referred to above and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

Results: No exceptions were noted as a result of our procedures.

2. We recalculated the mathematical calculations reflected in the City's worksheets.

Results: No exceptions were noted as a result of our procedures.

3. We compared the current year information used to determine the current year limit and found that it agreed to worksheets prepared by the City and to information provided by the State Department of Finance.

Results: No exceptions were noted as a result of our procedures.

4. We compared the amount of the prior year appropriations limit presented in the worksheets to the amount adopted by the City Council as the limit for the prior year.

Results: No exceptions were noted as a result of our procedures.

We were not engaged to, and did not, perform an audit, the objective of which would be the expression of an opinion on the worksheets referred to above. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by the League publication entitled *Article XIII B Appropriations Limitation Uniform Guidelines*.

This report is intended solely for the use of the City of Beverly Hills, California and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.
